Independent Auditor's Report

Audit Committee and Board of Directors
Integrity Savings and Retirement Plan
Appleton, Wisconsin

We were engaged to audit the accompanying financial statements of Integrity Savings and Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Integrity Savings and Retirement Plan

Notes to Financial Statements

Note 1 Description of Plan

The following description of Integrity Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) retirement plan covering substantially all employees of Integrity Mutual Insurance Company (the "Company") who have completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Vice President of Human Resources and Administration is responsible for oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance and is composed of the Vice President of Human Resources and Administration, Director of Finance, and Chief Executive Officer. The Vice President of Human Resources and Administration reports to the Board of Directors.

Contributions

Participating employees may make voluntary contributions, not to exceed 60% of eligible compensation and limits mandated by the Internal Revenue Service (IRS), as defined in the plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Eligible employees are automatically entered into the Plan with a deferral of 6% of their eligible compensation if no election is made. Participants may also contribute amounts representing pretax distributions from other qualified retirement plans. Rollovers are not matched. The Company provides discretionary matching contributions based on a percentage of the participant's salary deferral contribution. The Company also provides a discretionary nonelective contribution to employees hired on or after July 1, 2008, if they were employed as of the last day of the plan year.

Note 1 Description of Plan (Continued)

Contributions (Continued)

The discretionary contributions are determined annually by the Company's Board of Directors. The discretionary matching contribution for 2012 and 2011 for each participant was 50% of the first 6% of eligible compensation contributed to the Plan. During 2012 and 2011, the employer match totaled $157,302 and $146,685, respectively. The discretionary nonelective contribution for 2012 and 2011 was 6% of eligible compensation. During 2012 and 2011, the employer nonelective contribution totaled $136,360 and $89,908, respectively. In 2012 and 2011, the employer contribution receivable included $40,578 and $32,762, respectively, for the correction of an error in application of the vesting schedule in regards to the employer nonelective contribution.

Participants' Accounts

All investments in the participants' accounts are participant-directed. The Plan allows participants to select from a common/collective trust fund and a variety of mutual funds.

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings or losses and is reduced for withdrawals and certain administrative expenses not paid by the Company. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their salary deferral and rollover contributions plus actual earnings/losses thereon. Participants hired prior to July 1, 2005, are 100% vested in all employer discretionary matching and discretionary nonelective contributions. Participants hired after July 1, 2005, vest in the Company's discretionary matching contributions at a rate of 20% each year beginning with the first year, with the participant becoming fully vested after five years of service. Participants eligible for the Company's discretionary nonelective contributions become fully vested after three years of service.

Note 1 Description of Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their accounts up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance with a $1,000 minimum. Participants may not borrow from the portion of their account attributable to the nonelective contributions. Note terms range from one to five years or up to ten years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with similar notes made by the plan administrator. Interest rates on existing notes range from 3.25% to 7.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Plan benefits are available at normal retirement (age 59½), disability retirement, death, and termination of employment with vested interests. A participant may elect to receive a single lump sum payment or installment payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account in one of the forms above. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59½.

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's contributions. At December 31, 2012 and 2011, forfeited nonvested accounts totaled $3,582 and $2,192, respectively. These accounts will be used for payment of plan administrative expenses or to reduce employer contributions. During the years ended December 31, 2012 and 2011, employer contributions were reduced by $15,648 and $17,790, respectively, from forfeited nonvested accounts.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the investment advisor. The statements of net assets available for benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Note 2 Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Delinquent participant notes are reclassified as distributions based on the terms of the plan document when a distributable event occurs.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Investment management fees are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Administrative expenses, investment advisory fees, and substantially all other expenses incurred in conjunction with the Plan are paid by the Company and are excluded from those financial statements.

Subsequent Events

Subsequent events have been evaluated through October 4, 2013, which is the date the financial statements were available to be issued.

Integrity Savings and Retirement Plan

Notes to Financial Statements

Note 4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Common/collective trust fund: Valued at the net asset value (NAV) of units held by the Plan at year-end. The NAV is based on the value of the underlying assets of the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on the underlying investments, which are traded on an active market. The Managed Income Fund is a common/collective trust that holds a guaranteed investment contract. The guaranteed investment contract is valued at NAV, which is determined by the fund manager using a pricing model with inputs (such as yield curves and credit spreads) that are observable or can be corroborated by observable market data for substantially the full term of the assets.

Mutual funds: Valued at the NAV of shares held by the Plan at year-end. The NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 Fair Value Measurements (Continued)

*The portfolio's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve its investment objective, the portfolio invests in assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into "wrap" contracts issued by third parties, and invests in cash equivalents represented by units in money market funds. Fidelity Management Trust Company seeks to minimize the exposure of the portfolio to wrap credit risk through, among other means, diversification of the wrap contracts across an approved group of issuers. The portfolio's ability to receive amounts due pursuant to these contracts is dependent on the issuers' ability to meet their financial obligations.

Note 6 Information Certified by Plan Trustee

The plan administrator has elected the method of annual reporting compliance by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Plan's trustee, Fidelity Management Trust Company, has certified the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

(a) Investments and notes receivable from participants as shown in the statements of net assets available for benefits.

(b) Net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits.

(c) Investment information as disclosed in Note 3 and on Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 7 Party-in-Interest Transactions

Certain plan investments are units of a common/collective trust fund and shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as part-in-interest transactions. Fees paid by the Plan to the trustee for the investment management services totaled $1,324 and $1,232 for 2012 and 2011, respectively.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 8 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions and to terminate or partially terminate the Plan subject to the provisions of ERISA. In event of termination, all amounts credited to participants' accounts would become 100% vested and distributed to participants in accordance with the Plan's provisions.

Note 9 Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 10 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 Excess Contributions

Participant contributions of $531,913 for the plan year ended December 31, 2012, are net of payments of $1,442 made to certain active participants to return to them excess deferred contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

Note 12 Reconciliation of Financial Statements to Form 5500

As described in Note 2, the Plan's investment contract is reported at fair value with an adjustment to contract value to arrive at net assets available for benefits on the financial statements. The Form 5500 presented net assets available for benefits at fair value.

Following is a reconciliation of net assets available for benefits per the financial statements at December 31 to Form 5500:

	2012	2011
Net assets available for benefits per the financial statements	$8,543,948	$7,718,228
Adjustment from contract value to fair value for the fully benefit-responsive investment contract held by Fidelity Managed Income Portfolio	8,150	16,215
Net assets available for benefits per Form 5500	$8,552,098	$7,734,443

Note 12 Reconciliation of Financial Statements to Form 5500 (Continued)

Following is a reconciliation of net investment income (loss) per the financial statements to Form 5500:

	2012	2011
Investment income (loss) per the financial statements	$990,308	($177,292)
Adjustment from contract value to fair value for the fully benefit-responsive investment contract held by Fidelity Managed Income Portfolio	(8,065)	12,317
Investment income (loss) per Form 5500	$982,243	($164,975)
