Note 1 - Description of the Plan

The following description of the M.G. Building Materials, Ltd. 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering substantially all employees of M.G. Building Materials, Ltd., a wholly owned subsidiary of Grothues Brothers Holdings, Ltd., (the Companies). Grothues Brothers Holdings, Ltd. is the Plan Sponsor. The Plan is designed to comply with the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC). The Trustee of the Plan's assets is Reliance Trust Company (the Trustee). ADP Retirement Services serves as the Plan's recordkeeper.

Eligibility

All employees of the Companies who have completed at least one-half year of service and who are of age 21 or older are eligible to participate in the Plan.

Participant contributions

Participating employees may elect to contribute a portion of their compensation to the Plan, subject to calendar year contribution limits set forth by the Internal Revenue Service (IRS). Participants may contribute any percentage of their annual wages before bonuses. Contributions are subject to certain statutory limitations. Additionally, participants are allowed to make rollover contributions from certain tax-qualified retirement plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Employer contributions

The Companies may, but are not required to, make a matching contribution of 100% of the first 3% of the participant's compensation which is contributed to the Plan. The Companies may also contribute a discretionary amount to the Plan annually as determined by the board of directors. There was no discretionary contribution made by the Companies in 2012.

Participant accounts

Each participant's account is credited with the participant's contribution, an allocation of the Companies' contribution, and Plan earnings. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of the Plan – (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. Vesting in the Companies' matching and discretionary contributions plus actual earnings or losses thereon is based on continuous years of service as follows:

Years of Service	Percent Vested
Less than 2	0%
2	33%
3	66%
4 or more	100%

Forfeitures

Forfeitures of terminated participants' nonvested account balances may be used to reduce Employer contributions or to pay Plan administration expenses. Forfeitures used to reduce Employer contributions were $1,324 and $2,105 in 2012 and 2011, respectively.

Administrative expenses

Administrative expenses are generally paid by the Employer. However, the Plan may pay transaction fees which are allocated to the specific participants initiating the transactions.

Investment options

Participants direct the investment of their contribution into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds as investment options for participants.

Notes receivable from participants

Notes receivable from participants are stated at their unpaid principal balances plus any accrued and unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance. Loan terms range from one to five years. If the purpose of the loan is to acquire or construct the primary residence of the participant, the repayment period may exceed five years. The loans are secured by the balance in the participant's account and bear interest at rates determined by the plan administrator.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of estimates
The preparation of financial statements in conformity with US GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Accordingly, actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risk and uncertainties
The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the custodians. See note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses for investments bought and sold as well as held during the year.

Payment of benefits
Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Subsequent events
The plan administrator has evaluated events subsequent to December 31, 2012 and through October 11, 2013, the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

US GAAP establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following is a description of the valuation method and assumption used by the Plan to estimate the fair value of its investments:

Mutual funds: The fair value of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Note 3 – Fair Value Measurements – (Continued)

The following tables present the Plan's fair value hierarchy by asset class for those assets measured at fair value:

Note 5 - Information Certified by Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting permitted by Regulation 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the Trustee, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

Note 6 - Party-In-Interest Transactions

Parties-in-interest are defined under the Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by ADP Retirement Services (Recordkeeper) and Reliance Trust Company (the Trustee) qualify as party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become fully vested in their accounts.

Note 8 – Income Tax Status

The Employer adopted a prototype plan document sponsored ADP Retirement Services (ADP). ADP received an opinion letter from the IRS dated March 31, 2008, which states that the prototype document satisfies the applicable requirements of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirement of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 9 - Excess Contributions Payable

The excess contributions payable of $28,651 and $31,908 at December 31, 2012 and 2011, respectively, relate to amounts payable to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.
