Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Prudential Insurance Company of America, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. I have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2012, and 2011and for the year December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

I was engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i—Schedule of Assets (Held at End of Year, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and I do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1. PLAN DESCRIPTION

The following brief description of the Harris Moran Seed Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a contributory savings and investment plan covering substantially all employees of Harris Moran Seed Company, Vilmorin Inc., Limagrain Cereal Seeds LLC, and Leafyco LLC (the Sponsors) who have completed at least six months of service. Excluded employees are those individuals who are covered by a collective bargaining agreement, who are leased employees, or who are nonresident aliens with no earned income from sources within the United States.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Prior to July 1, 2012

Participants contribute to the Plan each payroll period through payroll deductions in amounts that range from 1% to 70% of their earnings. Contributions are invested in accordance with the participant's direction and are allocated to funds in 1% increments.

The Sponsors match 50% of the first 3% of each participant's eligible contributions and 25% of the next 3%. The Sponsors' actual contributions are reduced by available forfeitures, if any, during the Plan year.

The Sponsors may also make discretionary contributions. No discretionary contributions were made for the years ended December 31, 2012 or 2011.

Subsequent to June 30, 2012

Participants contribute to the Plan each payroll period through payroll deductions in amounts that range from 1% to 70% of their earnings. Contributions are invested in accordance with the participant's direction and are allocated to funds in 1% increments. If a Participant does not make an investment election, investment splits are defaulted as dictated by the policy of the Plan.

The Sponsor matches 50% of the first 6% of each Participant's eligible contributions, resulting in a maximum potential match of 3% of earnings. The Sponsor's actual contributions are reduced by available forfeitures, if any, during the Plan year.

The Sponsors make discretionary nonelective contributions to a defined group of eligible Participants in the range of 3% to 7% of earnings.

C. Participant Accounts

Each participant's account is credited with the participant's contribution, Sponsor's contribution and an allocation of Plan earnings. Allocations are based on participant account balances as defined. The benefit to which a participant is entitled is that which can be provided from the participant's account.

NOTE 1. PLAN DESCRIPTION (Continued)

D. Vesting

Participants are immediately vested in their voluntary contributions and related earnings thereon.

Vesting in the Sponsors' contributions and related earnings is as follows:

Less than 1 year	0%
1 year but less than 2 years	25%
2 years but less than 3 years	50%
3 years but less than 4 years	75%
4 years and over	100%

E. Payment of Benefits

Upon retirement or death the participant or beneficiary can elect to receive a lump-sum amount equal to the value of the participant's account or periodic cash payments. If the participant terminates employment for any reason other than retirement or death, the participant is entitled to receive the vested value in his/her account.

Benefits are recorded when paid.

F. Participant Loans

Participants may borrow against their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of the vested interest in their participant account. The loans are secured by the balance in the participant's account and must be repaid within five years unless the proceeds are used to acquire a principal residence. The specific terms and conditions of loans used to acquire such a residence are established by the Plan administrator.

G. Forfeitures

Forfeited nonvested accounts were used to reduce Sponsors' contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Date of Management's Review

Subsequent events were evaluated through October 9, 2013, which is the date the financial statements were available to be issued.

B. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

C. Sponsor Paid Expenses

The Sponsor absorbs significant costs of Plan administration.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are valued using quoted market prices. Investments in pooled separate accounts and unallocated insurance company contracts are valued at net asset value as determined by the issuing entity at year end.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

E. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

E. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3. RELATED PARTY TRANSACTIONS

Prudential Retirement managed the Plan's investments, was the trustee of those investments and served as the Plan's record keeper for the period during the year ended December 31, 2012. Therefore, it qualified as a party-in-interest.

NOTE 4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of registered investment companies is based on quoted net asset values of the units held by the Plan at year-end.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Level 2 Fair Value Measurements

The fair value of investments in common/collective trusts and pooled separate accounts are determined by the fair value of the underlying investments less administrative charges.

Level 3 Fair Value Measurements

The unallocated insurance company contract is not actively traded and significant other observable inputs are not available. However, the contract is, in effect, a money-market account so it is valued at the cash balance in the account at year end

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

		Fair Value Measurements at the End of the Reporting Period Using:		
	Fair Value	**Quoted Prices In Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**

	$ 24,048,479	$ 14,547,276	$ 7,285,990	$ 2,215,213

	$ 17,814,126	$ 10,487,709	$ 5,714,144	$ 1,612,273

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following table reconciles the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the investments in common/collective trusts and pooled separate accounts for the years ended December 31, 2012 and 2011:

	December 31, 2012	December 31, 2011
Beginning balance	$ 1,612,273	$ -
Total gains or losses included in change in net assets available for benefits	43,737	9,475
Purchases	646,538	1,497,829
Sales	(87,335)	(123,919)
	$ 2,215,213	$ 1,612,273

Gains and losses (realized and unrealized) included in changes in net assets available for benefits are reported in net appreciation or depreciation in fair value of investments.

NOTE 5. TAX STATUS

The Internal Revenue Service has determined and informed the Sponsor by a letter dated February 1, 2011, that the Plan and related trust are designed in accordance with applicable sections of the internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7. PARTICIPANT DIRECTED INVESTMENTS

All investments are participant-directed. Investments, with the exception of Putnam S & P 500 Index Fund, existing at December 31, 2012 and representing 5% or more on net assets available for benefits as of that date are shown separately in the accompanying financial statements.

During 2012, these investments (including investments bought, sold and held during the year) appreciated (depreciated) in fair value as follows:

Core Plus Bond/Pimco	362,290
SA/Trowe Pr Gr TStk Str II	372,409

D. Vesting

Participants are immediately vested in their voluntary contributions and related earnings thereon.

Vesting in the Sponsors' contributions and related earnings is as follows:

Less than 1 year	0%
1 year but less than 2 years	25%
2 years but less than 3 years	50%
3 years but less than 4 years	75%
4 years and over	100%

E. Payment of Benefits

Upon retirement or death the participant or beneficiary can elect to receive a lump-sum amount equal to the value of the participant's account or periodic cash payments. If the participant terminates employment for any reason other than retirement or death, the participant is entitled to receive the vested value in his/her account.

Benefits are recorded when paid.

F. Participant Loans

Participants may borrow against their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of the vested interest in their participant account. The loans are secured by the balance in the participant's account and must be repaid within five years unless the proceeds are used to acquire a principal residence. The specific terms and conditions of loans used to acquire such a residence are established by the Plan administrator.

G. Forfeitures

Forfeited nonvested accounts were used to reduce Sponsors' contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Date of Management's Review

Subsequent events were evaluated through October 9, 2013, which is the date the financial statements were available to be issued.

B. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

C. Sponsor Paid Expenses

The Sponsor absorbs significant costs of Plan administration.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are valued using quoted market prices. Investments in pooled separate accounts and unallocated insurance company contracts are valued at net asset value as determined by the issuing entity at year end.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

E. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

E. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3. RELATED PARTY TRANSACTIONS

Prudential Retirement managed the Plan's investments, was the trustee of those investments and served as the Plan's record keeper for the period during the year ended December 31, 2012. Therefore, it qualified as a party-in-interest.

NOTE 4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of registered investment companies is based on quoted net asset values of the units held by the Plan at year-end.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Level 2 Fair Value Measurements

The fair value of investments in common/collective trusts and pooled separate accounts are determined by the fair value of the underlying investments less administrative charges.

Level 3 Fair Value Measurements

The unallocated insurance company contract is not actively traded and significant other observable inputs are not available. However, the contract is, in effect, a money-market account so it is valued at the cash balance in the account at year end

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

		Fair Value Measurements at the End of the Reporting Period Using:		
	Fair Value	**Quoted Prices In Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following table reconciles the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the investments in common/collective trusts and pooled separate accounts for the years ended December 31, 2012 and 2011:

	December 31, 2012	December 31, 2011

Sales	(87,335)	(123,919)
	$ 2,215,213	$ 1,612,273

Gains and losses (realized and unrealized) included in changes in net assets available for benefits are reported in net appreciation or depreciation in fair value of investments.

NOTE 5. TAX STATUS

The Internal Revenue Service has determined and informed the Sponsor by a letter dated February 1, 2011, that the Plan and related trust are designed in accordance with applicable sections of the internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7. PARTICIPANT DIRECTED INVESTMENTS

All investments are participant-directed. Investments, with the exception of Putnam S & P 500 Index Fund, existing at December 31, 2012 and representing 5% or more on net assets available for benefits as of that date are shown separately in the accompanying financial statements.

During 2012, these investments (including investments bought, sold and held during the year) appreciated (depreciated) in fair value as follows:

NOTE 1. PLAN DESCRIPTION

The following brief description of the Harris Moran Seed Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a contributory savings and investment plan covering substantially all employees of Harris Moran Seed Company, Vilmorin Inc., Limagrain Cereal Seeds LLC, and Leafyco LLC (the Sponsors) who have completed at least six months of service. Excluded employees are those individuals who are covered by a collective bargaining agreement, who are leased employees, or who are nonresident aliens with no earned income from sources within the United States.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Prior to July 1, 2012

Participants contribute to the Plan each payroll period through payroll deductions in amounts that range from 1% to 70% of their earnings. Contributions are invested in accordance with the participant's direction and are allocated to funds in 1% increments.

The Sponsors match 50% of the first 3% of each participant's eligible contributions and 25% of the next 3%. The Sponsors' actual contributions are reduced by available forfeitures, if any, during the Plan year.

The Sponsors may also make discretionary contributions. No discretionary contributions were made for the years ended December 31, 2012 or 2011.

Subsequent to June 30, 2012

Participants contribute to the Plan each payroll period through payroll deductions in amounts that range from 1% to 70% of their earnings. Contributions are invested in accordance with the participant's direction and are allocated to funds in 1% increments. If a Participant does not make an investment election, investment splits are defaulted as dictated by the policy of the Plan.

The Sponsor matches 50% of the first 6% of each Participant's eligible contributions, resulting in a maximum potential match of 3% of earnings. The Sponsor's actual contributions are reduced by available forfeitures, if any, during the Plan year.

The Sponsors make discretionary nonelective contributions to a defined group of eligible Participants in the range of 3% to 7% of earnings.

C. Participant Accounts

Each participant's account is credited with the participant's contribution, Sponsor's contribution and an allocation of Plan earnings. Allocations are based on participant account balances as defined. The benefit to which a participant is entitled is that which can be provided from the participant's account.

NOTE 1. PLAN DESCRIPTION (Continued)

D. Vesting

Participants are immediately vested in their voluntary contributions and related earnings thereon.

Vesting in the Sponsors' contributions and related earnings is as follows:

Less than 1 year	0%
1 year but less than 2 years	25%
2 years but less than 3 years	50%
3 years but less than 4 years	75%
4 years and over	100%

E. Payment of Benefits

Upon retirement or death the participant or beneficiary can elect to receive a lump-sum amount equal to the value of the participant's account or periodic cash payments. If the participant terminates employment for any reason other than retirement or death, the participant is entitled to receive the vested value in his/her account.

Benefits are recorded when paid.

F. Participant Loans

Participants may borrow against their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of the vested interest in their participant account. The loans are secured by the balance in the participant's account and must be repaid within five years unless the proceeds are used to acquire a principal residence. The specific terms and conditions of loans used to acquire such a residence are established by the Plan administrator.

G. Forfeitures

Forfeited nonvested accounts were used to reduce Sponsors' contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Date of Management's Review

Subsequent events were evaluated through October 9, 2013, which is the date the financial statements were available to be issued.

B. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

C. Sponsor Paid Expenses

The Sponsor absorbs significant costs of Plan administration.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are valued using quoted market prices. Investments in pooled separate accounts and unallocated insurance company contracts are valued at net asset value as determined by the issuing entity at year end.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

E. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

E. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3. RELATED PARTY TRANSACTIONS

Prudential Retirement managed the Plan's investments, was the trustee of those investments and served as the Plan's record keeper for the period during the year ended December 31, 2012. Therefore, it qualified as a party-in-interest.

NOTE 4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of registered investment companies is based on quoted net asset values of the units held by the Plan at year-end.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Level 2 Fair Value Measurements

The fair value of investments in common/collective trusts and pooled separate accounts are determined by the fair value of the underlying investments less administrative charges.

Level 3 Fair Value Measurements

The unallocated insurance company contract is not actively traded and significant other observable inputs are not available. However, the contract is, in effect, a money-market account so it is valued at the cash balance in the account at year end

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following table reconciles the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the investments in common/collective trusts and pooled separate accounts for the years ended December 31, 2012 and 2011:

	December 31, 2012	December 31, 2011

Gains and losses (realized and unrealized) included in changes in net assets available for benefits are reported in net appreciation or depreciation in fair value of investments.

NOTE 5. TAX STATUS

The Internal Revenue Service has determined and informed the Sponsor by a letter dated February 1, 2011, that the Plan and related trust are designed in accordance with applicable sections of the internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 1. PLAN DESCRIPTION

The following brief description of the Harris Moran Seed Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a contributory savings and investment plan covering substantially all employees of Harris Moran Seed Company, Vilmorin Inc., Limagrain Cereal Seeds LLC, and Leafyco LLC (the Sponsors) who have completed at least six months of service. Excluded employees are those individuals who are covered by a collective bargaining agreement, who are leased employees, or who are nonresident aliens with no earned income from sources within the United States.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Prior to July 1, 2012

Participants contribute to the Plan each payroll period through payroll deductions in amounts that range from 1% to 70% of their earnings. Contributions are invested in accordance with the participant's direction and are allocated to funds in 1% increments.

The Sponsors match 50% of the first 3% of each participant's eligible contributions and 25% of the next 3%. The Sponsors' actual contributions are reduced by available forfeitures, if any, during the Plan year.

The Sponsors may also make discretionary contributions. No discretionary contributions were made for the years ended December 31, 2012 or 2011.

Subsequent to June 30, 2012

Participants contribute to the Plan each payroll period through payroll deductions in amounts that range from 1% to 70% of their earnings. Contributions are invested in accordance with the participant's direction and are allocated to funds in 1% increments. If a Participant does not make an investment election, investment splits are defaulted as dictated by the policy of the Plan.

The Sponsor matches 50% of the first 6% of each Participant's eligible contributions, resulting in a maximum potential match of 3% of earnings. The Sponsor's actual contributions are reduced by available forfeitures, if any, during the Plan year.

The Sponsors make discretionary nonelective contributions to a defined group of eligible Participants in the range of 3% to 7% of earnings.

C. Participant Accounts

Each participant's account is credited with the participant's contribution, Sponsor's contribution and an allocation of Plan earnings. Allocations are based on participant account balances as defined. The benefit to which a participant is entitled is that which can be provided from the participant's account.

NOTE 1. PLAN DESCRIPTION (Continued)

D. Vesting

Participants are immediately vested in their voluntary contributions and related earnings thereon.

Vesting in the Sponsors' contributions and related earnings is as follows:

Less than 1 year	0%
1 year but less than 2 years	25%
2 years but less than 3 years	50%
3 years but less than 4 years	75%
4 years and over	100%

E. Payment of Benefits

Upon retirement or death the participant or beneficiary can elect to receive a lump-sum amount equal to the value of the participant's account or periodic cash payments. If the participant terminates employment for any reason other than retirement or death, the participant is entitled to receive the vested value in his/her account.

Benefits are recorded when paid.

F. Participant Loans

Participants may borrow against their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of the vested interest in their participant account. The loans are secured by the balance in the participant's account and must be repaid within five years unless the proceeds are used to acquire a principal residence. The specific terms and conditions of loans used to acquire such a residence are established by the Plan administrator.

G. Forfeitures

Forfeited nonvested accounts were used to reduce Sponsors' contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Date of Management's Review

Subsequent events were evaluated through October 9, 2013, which is the date the financial statements were available to be issued.

B. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

C. Sponsor Paid Expenses

The Sponsor absorbs significant costs of Plan administration.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are valued using quoted market prices. Investments in pooled separate accounts and unallocated insurance company contracts are valued at net asset value as determined by the issuing entity at year end.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

E. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

E. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3. RELATED PARTY TRANSACTIONS

Prudential Retirement managed the Plan's investments, was the trustee of those investments and served as the Plan's record keeper for the period during the year ended December 31, 2012. Therefore, it qualified as a party-in-interest.

NOTE 4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of registered investment companies is based on quoted net asset values of the units held by the Plan at year-end.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Level 2 Fair Value Measurements

The fair value of investments in common/collective trusts and pooled separate accounts are determined by the fair value of the underlying investments less administrative charges.

Level 3 Fair Value Measurements

The unallocated insurance company contract is not actively traded and significant other observable inputs are not available. However, the contract is, in effect, a money-market account so it is valued at the cash balance in the account at year end

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

		Fair Value Measurements at the End of the Reporting Period Using:		
	Fair Value	**Quoted Prices In Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**

	$ 17,814,126	$ 10,487,709	$ 5,714,144	$ 1,612,273

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following table reconciles the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the investments in common/collective trusts and pooled separate accounts for the years ended December 31, 2012 and 2011:

	December 31, 2012	December 31, 2011
Beginning balance	$ 1,612,273	$ -
Total gains or losses included in change in net assets available for benefits	43,737	9,475
Purchases	646,538	1,497,829
Sales	(87,335)	(123,919)
	$ 2,215,213	$ 1,612,273

Gains and losses (realized and unrealized) included in changes in net assets available for benefits are reported in net appreciation or depreciation in fair value of investments.

NOTE 5. TAX STATUS

The Internal Revenue Service has determined and informed the Sponsor by a letter dated February 1, 2011, that the Plan and related trust are designed in accordance with applicable sections of the internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7. PARTICIPANT DIRECTED INVESTMENTS

All investments are participant-directed. Investments, with the exception of Putnam S & P 500 Index Fund, existing at December 31, 2012 and representing 5% or more on net assets available for benefits as of that date are shown separately in the accompanying financial statements.

During 2012, these investments (including investments bought, sold and held during the year) appreciated (depreciated) in fair value as follows:
