Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Marquette General Hospital Employee Deferred Compensation Plan (Plan), which comprise the statement of net assets available for benefits as of December 31, 2012, the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements. We have audited the accompanying financial statements of the Plan, which comprise the statement of net assets available for benefits and the statement of accumulated Plan benefits as of December 31, 2011, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the 2012 Financial Statements

Our responsibility is to express an opinion on the 2012 financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion on the 2012 Financial Statements paragraph, however, we were not able to obtain significant, appropriate audit evidence to provide a basis for an audit opinion on the 2012 financial statements.

Auditor's Responsibility for the 2011 Financial Statements

Our responsibility is to express an opinion these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.
We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2011 financial statements.

Basis for Disclaimer of Opinion on the 2012 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), investment assets held by Diversified, the Trustee of the Plan, and transactions in those assets were excluded from the scope of our audit of the Plan's 2012 financial statements, except for comparing the information provided by the Trustee, which is summarized in Note D, with the related information included in the financial statements.

Disclaimer of Opinion on the 2012 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2012 Financial Statements paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the financial statements as of December 31, 2012, and accordingly, we do not express an opinion.

Opinion on the 2011 Financial Statements

In our opinion, the 2011 financial statements of the Plan, referred to in the first paragraph, as of December 31, 2011, and for the year then ended present fairly, in all material respects, the net assets available for benefits as of December 31, 2011, and changes in net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Report on the 2012 Supplemental Information

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2012 Financial Statements paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental Schedule H.

Report on Form and Content of 2012 Financial Statements in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2012 financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A--PLAN DESCRIPTION

The following description of the Marquette General Hospital Employee Deferred Compensation Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The following description was applicable up to September 1, 2012. See Note H for further detail.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Marquette General Hospital, Inc., d/b/a Marquette General Health System (the System) who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Individual participants may elect to contribute to the Plan on a salary reduction basis. The amount a participant may defer into the Plan each year varies based upon percent of pay limit--in general, a participant may defer up to 100 percent of their annual compensation; flat dollar limit--the amount a participant defers is limited to $17,000 for 2012, additional contributions can be made by participants age fifty or over; coordination limit--the amount a participant defers is limited by elective deposits made to a tax-sheltered annuity, to a deferred compensation plan under Section 457 of the Internal Revenue Code, or to a different 401(k) plan; and, discrimination limit--the amount a participant defers is limited by the amount deferred by other participants of the Plan.

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options and transfer between funds as desired.

Certain participants of the Plan are entitled to receive a matching employer contribution. The participants who are eligible to receive matching contributions include:

1) Non-bargaining eligible employees hired after December 31, 2005, and bargaining eligible employees hired after May 31, 2007

2) Eligible employees who have waived future benefit accruals under the Marquette General Hospital, Inc., Retirement Plan

The System’s matching contribution will be $1.00 for every $1.00 contributed by the participant, up to four percent of the participant’s eligible compensation.

NOTE A--PLAN DESCRIPTION--Continued

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and actual earnings thereon.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan terms may be up to five years, or for a longer period of time, if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan is written. Principal and interest will be repaid at the same intervals as the participant's regular payroll checks by means of a payroll deduction.

Benefit Payments

On termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive either a lump sum amount equal to the value of the participant's account; installment payments over a specified number of years not to exceed the life expectancy of the participant or their spouse or designated beneficiary; or, a direct transfer to another qualified retirement plan or IRA.

NOTE B--SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

NOTE B--SUMMARY OF ACCOUNTING POLICIES--Continued

Benefit Payments

Benefits are recorded when paid.

Administration

Certain administrative functions are performed by officers or employees of the System. No such officer or employee receives compensation from the Plan for these services. The System pays for various expenses incurred in administering the Plan. For the years ended December 31, 2012 and 2011, these administrative expenses approximated $30,000 and $73,000, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through October 10, 2013, which is the date the financial statements were available to be issued.

MARQUETTE GENERAL HOSPITAL
EMPLOYEE DEFERRED COMPENSATION PLAN

NOTE C--INVESTMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The FASB ASC 820 Fair Value Measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Level 1 Fair Value Measurements:

Mutual Funds: The fair value of investments in mutual funds is determined using the Net Asset Value (NAV). The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is quoted in an active market.

Level 2 Fair Value Measurements:

Common/Collective Funds: The fair value of the common/collective funds is determined by each fund's trustee based on the fair value of the underlying securities within the fund, which represent the NAV of shares held by the Plan at year end as disclosed in the common/collective funds annual report.

		Fair Value Measurements at Reporting Date Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE F--INCOME TAX STATUS

The Plan obtained its latest opinion letter dated May 18, 2012, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code; therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

NOTE G--RECONCILIATION TO SCHEDULE H OF FORM 5500

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2012:

Benefits paid to participants per the Plan's audited financial statements	$ 28,841,621
Less certain deemed distributions of participant loans	(1,231)
Total benefit payments per Schedule H to Form 5500	$ 28,840,390

NOTE H--SYSTEM ACQUISITION

On September 1, 2012, the System was acquired by an unrelated, for profit healthcare entity. As of the acquisition date, all employees of the System were deemed to be terminated. Therefore, subsequent to that date, there were no additional employee or employer contributions made to the Plan. Participants had the option of remaining in the Plan or receiving benefit payments as described in Note A. Remaining participants are still able to change their investment options.

As of September 1, 2012, MGH Wind Down, Inc., is name of the Plan sponsor.

As of October 10, 2013, the Plan sponsor has taken no action to terminate the Plan.
