Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Truitt Oilfield Maintenance Inc. 401(k) Plan and Trust (the Plan), which comprise the statement of net assets available for plan benefits as of December 31, 2012, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2012, the related notes to the financial statements, and the Supplemental Schedule of Assets Held at End of Year as of December 31, 2012.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 Code of Federal Regulations (CFR) 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company, the trustee (or custodian) of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee (or custodian) holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee (or custodian) as of and for the year ended December 31, 2012, that the information provided to the Plan administrator by the trustee (or custodian) is complete and accurate.

REGISTERED with the Public Company
Accounting Oversight Board and
MEMBER of the American Institute of
Certified Public Accountants

ERISA requires the financial statements to present comparative statements of net assets available for plan benefits to be in compliance with the DOL's Rules and Regulations for Reporting and Disclosure. The financial statements do not present comparative statements of net assets available for plan benefits as this is the Plan's initial year, and no comparative audited data is available. Therefore, no information is presented to provide an opinion or any other form of assurance.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at End of Year, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

In addition, the Supplemental Schedule of Assets Held at End of Year as of December 31, 2012 does not disclose the Plan's cost basis of investments. Disclosure of this information is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee (or custodian), have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2012**

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Truitt Oilfield Maintenance Inc. (the Company) 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all non-excluded employees who are at least eighteen years or older and have completed six months of service with the Company. Excluded employees are defined as union employees who are part of a collective bargaining unit recognized as such by the Company, and for whom retirement benefits have been the subject of good faith bargaining, leased employees or certain nonresident aliens who have not earned income from sources within the United States. The Plan accepts rollover contributions and permits participant direction of investments. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective Date

The Plan became effective June 1, 2006. It was subsequently amended on June 1, 2011. All non-excluded employees of eighteen years or older employed on that date who had completed six months of service were eligible to participate immediately.

Plan Year

The Plan year is the twelve consecutive month period beginning January 1 and ending December 31. Plan records are maintained on this basis.

Contributions

Participants may contribute at their discretion amounts to the Plan on a tax-deferred basis up to the maximum allowable by Federal and State laws. In 2012, participants could contribute maximum contribution of \$17,000 and a maximum catch-up additional deferral of \$5,500 if age 50 or older, not to exceed 100% of their eligible compensation. The Company can elect on an annual basis to make a discretionary matching contribution. If applicable, the contribution will be equal to 50% of the participants' elective salary deferrals, limited for amounts in excess of the first 5% of compensation as elective contributions. In 2006, the Company adopted a safe harbor matching contribution of up to 3% of each eligible employee's contribution, plus 50% of the employee's contribution that exceeds 3%, but not 5% of the participant's compensation. In order to share in the employer profit sharing contribution, participants must be employed on the last day of the Plan year and have completed at least 1,000 hours of service during the year. In 2012, the Company's matching contribution totaled \$220,505.

Participant Accounts

Each participant's account is credited with the participant's contribution. Allocation of the Plan earnings, forfeitures, and administrative expenses are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon and in the Company safe harbor matching contributions when made. Vesting in their discretionary matching non-elective accounts is based on years of continuous service. A participant is vested in their discretionary contributions as follows:

Discretionary Contributions	
<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

If an employee is terminated and rehired, the employee is subject to the Plan's break in service rules, in which the employee can lose credit for prior service if they terminate employment and had five one year breaks in service.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant will receive a cash distribution in the form of a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

At December 31, 2012, forfeited nonvested accounts totaled \$16,744. These accounts will be used to reduce future Company contributions. Company contributions were reduced by forfeited nonvested accounts by \$16,744 at December 31, 2012.

Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. After payment of any expenses properly chargeable against the Plan, the value of the accounts credited to each participant as of the date of such termination will be distributed to such participants in cash.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to various investment options which include both pooled-separate funds and guaranteed funds.

Pooled-separate accounts are investments in stocks, bonds, and other types of investments. They are similar to mutual funds but are only available to group annuity contract holders. John Hancock Life Insurance Company reports the change in fair value from year to year.

Guaranteed funds provide a guaranteed interest rate for a specified period of time as determined, or allowed, by the Plan. The rate credited is the rate in effect on the day when each deposit is directed to the account. To comply with the American Institute of Certified Public Accountants Statement of Position (SOP) 94-4, John Hancock Life Insurance Company provides the financial information for Guaranteed Interest Accounts at fair value. The Plan currently does not have any investments in guaranteed funds as of December 31, 2012.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results may differ from those estimates.

Valuation of Investments

The Plan's investments are recorded at fair value as determined by quoted market prices of the securities held in the funds. In accordance with the policy of stating investments at fair value, the net unrealized appreciation or depreciation is recorded in the Statement of Changes in Net Assets Available for Plan Benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Invested Income

Invested income is retained and reinvested in the Plan for the benefit of the participants.

NOTE 3 – CASH

On July 21, 2010, the Dodd-Frank financial regulatory reform legislation was signed into law making all noninterest-bearing accounts fully insured without limit effective December 31, 2010, until January 1, 2013. Cash balances at December 31, 2012, of \$16,744 were fully insured.

NOTE 4 – INVESTMENTS

Plan investments are held by John Hancock Life Insurance Company. The following is a summary of information regarding the Plan, included in the Plan's financial statements, that was prepared by the trustee (or custodian) of the Plan and furnished to the Plan administrator. There were no 5% transactions to be reported in 2012. The Plan administrator has also obtained a certification from the trustee (or custodian) that such information is complete and accurate.

During the year ended December 31, 2012, the Plan's investments (including gains and losses) on investments bought and sold as well as held during the reporting period appreciated in value by \$263,457.

NOTE 5 – CERTIFIED INFORMATION

The financial statements and the financial information presented in Note 4 are prepared from information supplied by the trustee (or custodian). Specifically, investments and contributions received as of and for the year ended December 31, 2012, were supplied by the trustee (or custodian). Such information has been certified by the trustee (or custodian) as being correct.

NOTE 6 – ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held by John Hancock Life Insurance Company. As a trustee (or custodian) of the Plan, John Hancock Life Insurance Company also provides record keeping and investment services to the Plan.

The Company contributions are managed by the trustee (or custodian), which invests cash received, interest, and dividend income and makes distributions to participants.

Administrative functions are jointly performed by Strategic Benefits, LLC, and by officers or employees of the Company. The Plan also contracts with Tower Rock Advisors, Inc., for investment advisory services. No officer or employee receives compensation from the Plan. John Hancock Life Insurance Company investment fees, Strategic Benefits, LLC, administrative expenses, and Tower Rock Advisors, Inc., advisory fees are absorbed by the Plan and allocated among the participants' accounts. The independent auditor's fees are paid directly by the Company.

NOTE 7 – TAX STATUS

Management believes the Plan is qualified under Section 401(a) of the Internal Revenue Service Code and, therefore, the Plan is exempt from taxation under Section 501(a). The trustee has provided the Company with a prototype document dated March 31, 2008, from the Internal Revenue Service wherein the Plan was deemed acceptable under Section 401(a). Generally contributions to a qualified plan are deductible by the Company when made, earnings of the trust are tax-exempt, and participants are not taxed on their benefit until withdrawn from the Plan.

The Plan has been amended since receiving this determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management is unaware of any variations in the operation of the Plan from the terms of the Plan documents, as amended. Management believes the Plan is qualified under the applicable sections of the Internal Revenue Code and ERISA.

Uncertain Tax Positions

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 8 – DISCLOSURES ABOUT FAIR VALUE MEASUREMENTS

The Company follows Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, which provides a framework for measuring fair value, and further defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Company determines the fair values of its financial instruments based on the fair value hierarchy established in ASC Topic 820 which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

NOTE 8 – DISCLOSURES ABOUT FAIR VALUE MEASUREMENTS (Continued)

This framework describes three levels of inputs that may be used to measure fair value:

- Level 1 Quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for assets or liabilities, either directly or indirectly through corroboration with observable market data. Level 2 inputs include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in markets that are not active, (c) inputs other than quoted prices that are observable for the asset or liability (for example, interest rates and yield curves observable at commonly quoted intervals, volatilities, prepayment speeds, loss severities, credit risks, and default rates), and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Unobservable inputs used to measure fair value to the extent that observable market based inputs are not available and that are supported by little or no market activity for the asset or liability. These unobservable inputs reflect the Company's own estimates about the assumptions that market participants would use in pricing the asset or liability.

The following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis and recognized in the accompanying Statement of Net Assets Available for Benefits, as well as the general classification of such instruments pursuant to the valuation hierarchy.

Trading Securities – Mutual Funds

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include primarily highly liquid pooled funds and government bonds such as U.S. Treasury securities. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. All mutual funds for the reporting period are categorized in Level 1.

Guaranteed Investment Contract (GIC)

The Plan's GIC is a single deposit held for a defined period, such as 3 or 5 years, and receives a specific interest rate guaranteed for that period of time. Similar to a certificate of deposit (CD), if a withdrawal is made from the GIC prior to the end of the contract period, a penalty equal to six months interest is subtracted from the withdrawal. Unlike a CD, the early withdrawal penalty is not applied if the withdrawal is due to a loan, retirement, termination of employment, death, or disability. A GIC's features are similar to a Stable Value Account, but provide an extended interest rate guarantee. The Plan currently does not have any investments in guaranteed funds as of December 31, 2012.

NOTE 9 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits.

NOTE 10 – SUBSEQUENT EVENTS

Subsequent events were evaluated through October 11, 2013, which is the date the financial statements were available to be issued.

On September 4, 2013, the Plan began a transition to switch custodians and engaged Great-West Life Insurance Company.
