HOLLOWAY-HOUSTON, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

1. Plan Description

The following description of the Holloway-Houston, Inc. 401(k) Plan (the "Plan") as of December 31, 2012 and 2011 provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established in 1998 covering all employees of Holloway-Houston, Inc. (the "Company") who complete one year of service for the Company and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Securities Act of 1974 as amended ("ERISA").

The Plan has been amended over the years. The last amendments were to bring the Plan in compliance with Section 415, required by ERISA and DOL regulations, to change the trustee/custodians of the Plan's investments, to elect that the sponsor of the Plan make safe harbor matching contributions.

Contributions

Participants are allowed to make salary deferral contributions to the Plan pursuant to Section 401(k) of the Internal Revenue Code. On April 1, 2010, the Company elected to make a safe harbor matching contribution to all participants' accounts based on their deferral contribution in an amount equal to 100% of the first 3% of their compensation and 50% of the next 2% of their compensation that is contributed to the Plan. The Company may also, in the discretion of its Board of Directors, make a discretionary matching contribution equal to a uniform percentage of each participant's compensation. All contributions are self directed by the participants among various mutual funds offered by the Plan. Contributions are subject to certain limitations. Through the years ended December 31, 2012 and 2011 the Company has not made any discretionary matching contributions to the Plan.

Three types of accounts are maintained for most participants. The first account is maintained for each participant that elects to have a percentage of their salary contributed to the Plan. The second is for those participants that elect to roll over balances from another plan. The third is the employer's matching account for employer contributions. Each eligible participant's account is credited with investment earnings, loses and expenses, an allocation of forfeitures of terminated participants' nonvested accounts and an allocation of employer's matching and discretionary contributions. Allocations are based on participant compensation or account balances, as defined. Forfeitures can be used at the Company's election to reduce the employer's matching contribution or Plan expenses, if any, for the year.

Vesting

Participants' vesting of discretionary contributions, if any, is based on years of continuous service and are considered 100% vested upon completion of six years of credit service. A participant is always 100% vested in their salary deferral contribution account and the employer matching contribution.

Payment of Benefits

On termination of service, due to death, disability or retirement, a participant receives a lump-sum amount equal to the value of his or her vested accounts.

1. Plan Description - continued

Participant Loans

Loans were made to participants of the Plan pursuant to the loan policy of the Plan. As of December 31, 2012 and 2011, the participant-directed portion of the Plan had outstanding a total of $144,335 and $118,173 in participant loans, respectively. Generally, the duration of the outstanding loans range from two to five years. The interest rates on the promissory notes range from 2% to 4.25%, which are commensurate with the prime interest rates offered by financial institutions. Each participant's loan is secured by the balance of the participant's account. Participants may borrow from their account a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Principal and interest is paid ratably through monthly payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (see Note 4). Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Administrative Expenses

The Company bears the majority of costs administering the Plan and these expenses are not reflected in the financial statements.

3. Information Certified by Trustee (Unaudited)

At December 31, 2012 and 2011, the Plan's investments were held by the trustee/custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

3. Information Certified by Trustee (Unaudited) - continued

The following table presents investments at December 31, 2012 and 2011. Investments that represent 5% or more of the Plan's assets stated at fair value are separately identified.

	2012	2011
Investments at market value as certified by the trustee/custodian:		
Fidelity Contrafund	$ 378,555	$ 243,846
Fidelity Freedom 2020 Fund	513,542	467,242
Fidelity Freedom 2025 Fund	209,970	158,074
Fidelity Freedom 2035 Fund	202,560	136,507
Fidelity Freedom 2040 Fund	265,010	170,417
Fidelity Freedom 2045 Fund	206,243	113,188
Fidelity Money Market Trust Retirement Portfolio	387,872	288,342
Fidelity Select Gold Fund	185,286	153,001
Mutual funds (each less than 5% of Plan's assets stated at fair value)	902,925	610,388
Total investments at fair value as certified by the trustee/custodian	$ 3,251,963	$ 2,341,005

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits as required by the Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification. This Topic establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 have the lowest priority. The Plan uses appropriate valuation techniques based on available inputs to measure fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair value of the registered investment company funds is based on the closing net asset value per share quoted by the mutual fund market.

The following table sets forth by year the Plan's Level 1 assets at fair value as of December 31, 2012 and 2011:

	2012	2011
Interest-bearing cash	$ 387,872	$ 288,342
Interest in registered investment companies	2,864,091	2,052,663
Total	$ 3,251,963	$ 2,341,005

5. Tax Status and Plan Compliance

The Plan was amended by adopting a Fidelity Volume Submitter Defined Contribution Plan with an effective date of April 13, 2009. This Fidelity plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator believes, except for the period of time described below, the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Department of Labor performed a field examination of the Plan in June 2009 and except for the untransferred lost earnings from delinquent contributions, addressed no other deficiencies with respect to the Plan's compliance.

ERISA requires that employee deferrals be transferred from Company assets as soon as the Company's business systems allow, but no later than the 15th day of the following month. If the deferrals are not made within this time period the Company must contribute the participants' lost earnings caused from the delay. In the year ended December 31, 2012, the Company failed to make timely transfers of employee deferrals of $59,546 resulting in estimated lost earnings of $8.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, employees would receive benefits, based on their account balances, accumulated to the date of termination of the Plan.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of Net Assets Available for Benefits per the financial statements for the years ended December 31, 2012 and 2011 to Form 5500:

	2012	2011
