NantWorks, LLC Retirement Plan

Notes to Financial Statements

NOTE 1 - Description of the Plan:

The following description of the NantWorks, LLC (the "Company") Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all full-time employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions
Participants may contribute any combination of Pre-Tax Elective Deferrals and Roth Elective Deferrals up to 90 % of eligible earnings, up to the maximum allowed under the guidance established by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company may decide to make a Nonelective Contribution to the Plan, although the Company is not required to do so. The Nonelective Contribution will be allocated to all employees eligible to participate in the Plan. The Nonelective Contribution, if made, will be allocated as of the end of each payroll period ending within the Plan Year based on eligible earnings within the computation period. The Company will make a Safe Harbor Nonelective Contribution to the Plan equal to 3.0 % of a participant's eligible earnings, even if the participant does not make any Elective Deferrals. The Safe Harbor Nonelective Contribution will be allocated as of the end of each payroll period ending within the Plan Year based on eligible earnings within the computation period. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their contribution into various investment options offered by the Plan. The Plan currently offers twenty-seven mutual funds and four common/collective trusts as investment options for participants.

Participant Accounts
Each participant's account is credited by a) contributions that are made to the account; (b) increases or decreases in the market value of investments; (c) cost of investment management expenses, transactional costs and service charges and (d) loans and loan repayments. Earnings or losses are allocated to the participant's accounts based on the proportion each account bears to the total of all account balances within each investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contribution and in the Company's Safe Harbor Nonelective Contribution, plus actual earnings thereon.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $500 up to 50% of the participant's vested Account Balance to a maximum of $50,000. However, the $50,000 amount in the preceding sentence is reduced by the highest outstanding loan balance the participant had under the Plan during the previous one-year period. The interest rate for a loan will be the rate in effect in the month the loan is effective. The interest rate is the prime rate as published in The Wall Street Journal on the 14th of each month, plus two percentage points. This interest rate is effective for any loan processed as of the 16th day of the month.

NOTE 1 - Description of the Plan: (continued)

Payment of Benefits
On termination of service, a participant may receive the value of the vested interest in his or her account as a single lump sum payment or to have such amount distributed directly to an eligible retirement plan. If the participant's total vested account balance (minus any rollover contribution account but including any outstanding loan balance) is greater than $1,000 but does not exceed $5,000 and the participant does not elect to receive his or her benefit in a single lump-sum cash payment or to have such amount distributed directly to an eligible retirement plan, the amount will be distributed in a direct rollover to an individual retirement plan. If the participant's total vested account balance is more than $5,000, it can remain in the Plan or participants can request a lump-sum distribution to be paid either directly to the participant or rolled over into another qualified plan or IRA. If the participant elects to postpone receiving benefits, the Plan provides for distributions to be made after the participant attains age 70 ½. Upon death, the beneficiary will be entitled to receive 100% of the participant's accounts.

NOTE 2 - Summary of Significant Accounting Policies:

Date of Management's Review
Subsequent events were evaluated through October 9, 2013, which is the date the financial statements were available to be issued.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
Substantially all of the operating expenses of maintaining the Plan are paid by the Company.

NOTE 3 – Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all the significant inputs are observable, either directly, or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31, 2012 and 2011:

	Level 1	Level 2	Level 3	Total
December 31, 2012				
Mutual funds:				
Blend	$2,295,877	-------	-------	$2,295,877
Growth	1,053,671	-------	-------	1,053,671
Intermediate-term bond	143,388	-------	-------	143,388

Value	305,676	-------	-------	305,676
Common collective trust	-------	$500,635	-------	500,635
Total investments	$3,865,513	$500,635	------	$4,366,148

	Level 1	Level 2	Level 3	Total
December 31, 2011				
Mutual funds:				
Blend	$1,172,424	-------	-------	$1,172,424
Growth	503,877	-------	-------	503,877
Intermediate-term bond	74,630	-------	-------	74,630
Short government	46,632	-------	-------	46,632
Value	168,538	-------	-------	168,538
Common collective trust	-------	$236,389	------	236,389
Total investments	$1,966,101	$236,389	------	$2,202,490

The fair values of mutual funds are based on quoted market prices in active markets are classified within Level 1 of the fair value hierarchy. The Plan also invests in common collective trusts for which the valuation is based on the values of the underlying investments. Based on the nature of the underlying investments in the common collective trusts, these investments have been classified as Level 2.

NOTE 4 - Investments (Unaudited):

The following table presents the Plan's investments. Investments that represent 5% or more of the Plan's net assets available for benefits are separately identified.

NOTE 5 - Unaudited Information Certified by the Trustee:

Certain information included in the financial statements and supplemental schedule is based on information supplied by the Plan's trustee and was not audited. This unaudited information is as follows:

- Investments at fair value at December 31, 2012 and 2011
- Interest and dividend income for the year ended December 31, 2012
- Net appreciation in fair value of investments for the year ended December 31, 2012
- All amounts enumerated in the supplemental schedule of assets held at end of year

The trustee has certified that this and other information provided by it to the Plan administrator is complete and accurate.

The following is a summary of the Plan's financial information and data certified by the trustee as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

	December 31, 2012	December 31, 2011
Investments (at fair value)	$4,366,148	$2,202,490

Dividends	85,938	29,778
Total investment income (loss)	$396,557	$(23,980)

NOTE 6 - Related Party Transaction:

The Plan invests in various funds offered by State Street Bank. State Street Bank and Trust was the trustee as of December 31, 2012, as defined by the Plan and, therefore, these transactions qualify as related party transactions.

NOTE 7 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 - Tax Status:

The Plan is based on a prototype plan sponsored by ADP, Inc. for which the Internal Revenue Service certified as being in accordance with applicable regulations on March 31, 2008. The Company believes that the Plan was qualified and the related trust was tax-exempt for the Plan year ended December 31, 2012.

NOTE 9 – Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – Reconciliation to Form 5500:

The following is a reconciliation of investments at fair value per the financial statements at December 31, 2012 and 2011 to Form 5500:
