Fashion Glass & Mirror, Inc.
401(k) Retirement Savings Plan
Notes to Financial Statements
December 31, 2012 and 2011

(1) Description of Plan

The following description of Fashion Glass & Mirror, Inc. (the Company) 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering all employees of the Company who have completed at least one year of service (including 1,000 hours) and have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 100% of their compensation, as defined in the Plan, subject to certain limitations. The Company may contribute a discretionary matching contribution on behalf of each participant. The Company made no matching contribution for 2012 or 2011. Participants direct the investment of the contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) Company contributions, (b) Plan earnings, and (c) certain forfeitures from terminated participants' nonvested accounts. Allocations are based on earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Employer contributions are 20% vested to the participant after the second full plan year of service, 20% for each additional year of service, and fully vested after six years. Full vesting in employer contributions also occurs upon retirement at or after age 65.

Payment of Benefits

On termination of service, a participant may choose to receive a lump-sum amount equal to the value of his or her account, substantially equal installments, or partial withdrawals.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

(2) Summary of Significant Accounting Policies (continued)

Investments (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Plan Expenses

The expenses of maintaining the Plan are paid by the Company, except for certain investment transaction charges that are paid by the participants involved to the investment custodian.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(3) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements at Reporting Date Using	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 2)	Significant Unobservable Inputs (Level 3)
Interest in pooled separate accounts	$ 557,517	$ 557,517	$ -
Investment contracts with insurance company	703,723	-	703,723
Participant loans	62,530	-	62,530
	$ 1,323,770	$ 557,517	$ 766,253

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs which are directly or

(3) Fair Value Measurements (continued)

indirectly observable. These are prices quoted for similar assets both active as well as inactive markets and Level 3 inputs have the lowest priority, significant unobservable inputs. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan uses the highest level of input available.

Level 2 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The guaranteed investment contracts with an insurance company and participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Investment Contracts	Participant Loans	Total
December 31, 2012			
Beginning balance	$ 671,941	$ 27,332	$ 699,273
Total gains or losses (realized and unrealized) included in net assets available for benefits	44,494	-	44,494
Purchases, sales, issuances, and settlements (net)	(12,712)	35,198	22,486
	$ 703,723	$ 62,530	$ 766,253
December 31, 2011			
Beginning balance	$ 611,491	$ 49,451	$ 660,942
Total gains or losses (realized and unrealized) included in net assets available for benefits	2,579	-	2,579
Purchases, sales, issuances, and settlements (net)	57,871	(22,119)	35,752
	$ 671,941	$ 27,332	$ 699,273

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2012 are reported in net appreciation in fair value of investments.

(4) Tax Status

The Plan is using a prototype standardized profit sharing plan document. In a letter dated August 7, 2001, the Internal Revenue Service (IRS) indicated the standardized form of the Plan is acceptable under Section 401 of the Internal Revenue Code (the Code). The IRS's opinion on the acceptability of the form of the Plan is not a ruling or determination as to whether the Plan qualifies under the Code. The Plan has been subsequently amended. However, the Plan Administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(5) Investments

Each of the following represented 5% or more of net assets available for benefits at December 31, 2012:

Description of Investment	Value
Guaranteed Interest Account	$ 619,479
Select Large Cap Value (SIA-AJ)	81,130

The value of the Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) by $98,731 and $13,822 during 2012 and 2011, respectively.

(6) Forfeitures

If a participant chooses to withdraw from the Plan before full vesting, the unvested balance is forfeited and may be used by the Company to pay matching contributions to other participants. There were no forfeitures during the year ended December 31, 2012 and 2011.

(7) Components of Net Assets Available for Benefits

Included in net assets available for benefits are accounts of persons who have withdrawn from participation in the Plan, which totaled $202,290 and $162,853 at December 31, 2012 and 2011.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

(9) Unaudited Information Certified by the Custodian

The financial information included in the Plan financial statements, except for contributions receivable, contributions, and distributions for withdrawals and terminations, has been derived from information certified as complete and accurate by the custodian, MassMutual, as of December 31, 2012 and 2011, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. 29 CFR 2520.103-8 states that the examination and report of an independent qualified public accountant need not extend to any information prepared and certified by a bank or similar institution or insurance carrier. The Plan's auditor was thus instructed not to perform any auditing procedures regarding information certified by the custodian.

All information in Note 5 is unaudited. Additionally, all information in the supplemental Schedule H, Line 4i–Schedule of Assets (Held at End of Year) is unaudited.

(10) Subsequent Events

The Plan has evaluated subsequent events through September 20, 2013, the date which the financial statements were available to be issued. No events have occurred subsequent to the date of the statement of net assets available for benefits that would require adjustment to, or disclosure in, the financial statements.
