Independent Auditor's Report

To the Board of Trustees
Playhouse Square Foundation Retirement Plan
Cleveland, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Playhouse Square Foundation Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the custodian is complete and accurate.

In addition, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Independent Auditor's Report (Continued)

Further, as described in Note 8, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits. Under accounting principles generally accepted in the United States of America, these accounts and the related income and distributions should have been included in the accompanying financial statements. The effects of these excluded annuity and custodial accounts and the related income and distributions are not determinable.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Playhouse Square Foundation Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Playhouse Square Foundation (the Foundation), generally, except employees who are members of a collective bargaining unit which bargains with the Foundation as to the terms and conditions of employment, including retirement benefits, and certain other employees with specific job titles as outlined in the Plan Agreement. Members of a collective bargaining unit who are considered staff are eligible to become participants in the Plan, but only for purposes of making elective deferrals. To be eligible for the Foundation's contribution, a participant must have completed at least one year of Eligibility service in which they have been credited with 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Participants may contribute up to the maximum amount of annual compensation as defined by the Plan and allowable under the Internal Revenue Code (IRC). Participants may designate all or a portion of his or her elective deferrals as Roth Elective Deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as allowable under the IRC. Also, any participant who has 15 years of service with a qualified organization may make Special Code Section 403(b) Catch-up Contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. In addition, the Plan Sponsor contributes, on behalf of eligible employees, a non-elective contribution equal to 7.5% of their eligible compensation.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Foundation's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant account balances or employee compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Participants hired prior to January 1, 2003 are vested in the Foundation's contribution plus actual earnings thereon based on years of continuous service. These participants earn 50% vesting after 3 years of service, and 100% vesting after 5 years of service. Participants hired on or after January 1, 2003 are not vested in the Foundation's contribution plus actual earnings thereon until 5 years of service.

Forfeited accounts: Forfeitures are used to reduce future Foundation contributions. At December 31, 2012 and 2011, forfeited nonvested accounts totaled \$0 and \$2,247, respectively. In 2012, Foundation contributions were reduced by \$19,840 from forfeited nonvested accounts.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a fixed period of years not to extend beyond the participant's life expectancy. Participants who make an in-service withdrawal upon attainment of age 59½ or terminated participants who have attained age 55 may also elect to receive either a lump-sum amount or installments over a fixed period of years. Participants who request in-service withdrawals due to financial hardship may only receive a lump-sum distribution.

Administrative expenses: Administrative expenses of the Plan are paid by the Foundation or the Plan, at the discretion of the Foundation.

Playhouse Square Foundation Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions: Participant contributions are recognized when the participant contributions are withheld from the participant's earnings. Foundation contributions are recognized and remitted to the Plan on a semi-annual basis.

Payment of benefits: Benefits are recorded when paid.

Recently issued accounting pronouncement: In October 2012, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2012-04, *Technical Corrections and Improvements*. The amendments in this update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The impact of adopting ASU 2012-04 on subsequent periods has not yet been determined.

Risks and uncertainties: The Plan invests, at the direction of the participants, in various investment securities as offered by the Plan. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 9, 2013, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets. The value of individual assets that represent 5% or more of the Plan's net assets are separately identified.

	2012	2011
Registered Investment Companies		
Fidelity Puritan	\$ 1,198,514	\$ 1,020,146
Fidelity Magellan	837,001	747,124
Fidelity Diversified International	695,530	566,847
Fidelity ContraFund	586,305	495,685
Other registered investment companies	7,783,178	6,409,804
	<u>\$ 11,100,528</u>	<u>\$ 9,239,606</u>

The custodian also certified to the completeness and accuracy of the following for the year ended December 31, 2012:

Net appreciation in fair value of investments	<u>\$ 1,139,319</u>
Interest and dividends	<u>\$ 241,649</u>

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Playhouse Square Foundation Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Registered investment companies: Valued at quoted market prices which represent the net asset value of the shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level and major classification, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31:

Note 5. Income Taxes

The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore is exempt from income taxes. No provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 6. Related-Party Transactions

Certain Plan investments are managed by Fidelity Management Trust Company, the custodian, and, therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$4,129 for the year ended December 31, 2012.

Notes to Financial Statements

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Foundation contributions.

Note 8. Excluded Contracts

There may have been certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, these annuity and custodial accounts have been excluded from the Plan's investments. In addition, investment income and distributions, if any, related to such potential accounts have also been excluded from the statements of changes in net assets available for benefits. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements. The Plan Administrator has not determined the amount of these excluded annuity and custodial accounts and the related income and distributions because records relating to these are not available or do not exist.
