NOTE A - DESCRIPTION OF THE PLAN

The following description of the Synchronous Aerospace 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan was established effective February 1, 2007, for the benefit of substantially all full-time employees of the Synchronous Aerospace Group and its wholly owned subsidiaries: Fortner Aerospace Manufacturing, Inc., Stratoflight Corporation, Brittain Machine, Inc., Compass Aerospace Northwest, Inc., Western Methods Machinery Corporation, and Helicomb International, Inc., (collectively, the "Employer"). The Plan is a contributory plan under Section 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On December 12, 2012, the Employer was acquired by Precision Castparts Corp, see Note H.

2. Eligibility

Employees are eligible to participate in the Plan on the first day of each month following the completion of 90 days of service and attainment of age 21. Leased employees, employees covered by collective bargaining agreements, and non-resident aliens, as defined in the Plan, are not eligible to participate in the Plan.

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, up to 100% of their compensation up to the maximum annual deferral limit per Section 402(g)(1) of the IRC of $17,000 for the year ended December 31, 2012. In addition, the Employer may make discretionary matching contributions. For the year ended December 31, 2012, the Employer made matching contributions equal to 50% of the first 6% of a participant's deferred compensation (not to exceed 3% of compensation) for all divisions. Employer matching contributions for the year ended December 31, 2012 were $382,954. The Employer may elect to make discretionary contributions, qualified non-elective contributions, and qualified matching contributions to the Plan. No other Employer contributions were made during the year ended December 31, 2012.

4. Investment Options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions as desired, in any of a variety of investment options held by Transamerica Life Insurance Company ("Transamerica") and State Street Bank and Trust Company ("State Street"), as chosen by the Employer. Participants may change their investment options daily.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Participant Accounts

Each participant's account is credited with the participant's contributions, Employer contributions, as well as an allocation of Plan earnings. Allocations of Employer qualified non-elective contributions are based on the same ratio each participant's compensation bears to the compensation for all participants. Allocations of Plan earnings are made according to the ratio that a participant's account in the fund bears to the total of all participant account balances in the fund. Participants may be charged with an allocation of administrative expenses if the Employer does not elect to reimburse the Plan for such expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

6. Vesting

Participant contributions, rollovers, qualified employer matching contributions, qualified non-elective contributions, and actual earnings thereon are fully vested at all times. Vesting in the Employer matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service, including years of continuous service at certain predecessor employers, as defined in the Plan agreement as follows:

Years of Service	Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

7. Benefit Payments

A participant may receive an in-service distribution upon attainment of age 59 ½ or upon meeting certain hardship requirements. Upon termination of service, a participant may receive a lump-sum amount equal to the vested value of his or her account. In the event of death, disability or retirement, a participant or a participant's beneficiary is entitled to the total value of the participant's account.

8. Forfeitures

Forfeitures of terminated participants' non-vested accounts shall be used first to pay reasonable Plan expenses and then applied against future Employer contributions. Outstanding forfeitures available as of December 31, 2012 and 2011 totaled $58,857 and $51,108, respectively, and are included in net assets available for benefits.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

9. Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum of 50% of their vested balance (not to exceed $50,000 less any outstanding loan balance). Loans must be paid back within five years of the date of issuance and shall bear interest equal to the Prime rate plus 1% per annum. Loans for the purchase of a principal residence may be paid back over a reasonable period of time that may exceed five years, as determined at the time of the loan. A participant is allowed to have no more than two outstanding loans at any given time.

10. Plan Termination

While the Employer has not expressed any intent to terminate the Plan, the Employer reserves the right to terminate the Plan at any time. Upon termination, all interests of participants become fully vested, and the assets are distributed among the participants of the Plan in accordance with the provisions of the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment, of the fully benefit-responsive investment contracts from fair value to contract value, if necessary. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. The Transamerica Stable Value Account is a group annuity contract and meets the five conditions to be considered fully-benefit responsive. The contract value of the Transamerica Stable Value Account is considered fair value, and consequently no adjustment for contract value to fair value is required.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards* (IFRS). ASU 2011-04 amended Accounting Standards Codification (ASC) 820, to converge the fair value measurement guidance in GAAP and IFRS. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures, although certain of these new disclosures will not be required for nonpublic entities. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management adopted the provisions of ASU 2011-04 effective January 1, 2012, see Note D.

3. Plan Administration

The Employer is the plan sponsor and plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

4. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. Administrative Expenses

Investment related expenses are included in net appreciation of fair value of investments. Administrative expenses incurred by the trustee and custodians in performance of their duties are paid from the assets of the Plan. Substantially all other out-of-pocket administrative expenses of the Plan are paid by the Employer.

7. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and custodian. See Note D for discussion of fair value measurements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

8. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE C - INVESTMENTS AND CERTIFICATION BY TRUSTEE AND CUSTODIANS

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Transamerica, a custodian, and State Street, the trustee and a custodian of the Plan, as complete and accurate, except for comparing such information certified by the trustee and custodians to information included in the Plan's financial statements and supplemental schedules.

Total investments and notes receivable from participants held and certified by the trustee and custodian in the accompanying Statements of Net Assets Available for Benefits was $16,860,678 and $16,511,522 as of December 31, 2012 and 2011, respectively. The net of investment income of $1,683,725 and interest income on notes receivable from participants of $28,180 were certified by the trustee and custodians in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012.

For the year ended December 31, 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,365,439. These investments consist of mutual funds offered by the trustee and custodians.

NOTE C - INVESTMENTS AND CERTIFICATION BY TRUSTEE AND CUSTODIANS (Continued)

Investments that represent 5% or more of total net assets as of December 31, 2012 and 2011 are as follows:

Investments at Fair Value:	2012	2011
Transamerica Diversified Equity	$ 2,767,095	$ 2,457,707
Transamerica Stable Value Account	$ 3,424,500	$ 3,375,805
Vanguard Target Retirement 2025 Fund	$ 1,069,593	$ 1,000,380
Transamerica Multi-Managed Balanced	$ 1,530,347	$ 1,195,438
Loomis Sayles Investment Grade Bond	$ 876,020	$ 863,597

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Interest bearing cash: Valued at cost plus interest.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Stable value account: Contract value is the beginning balance plus any deposit and credited interest, less any withdrawals, charges or expenses, a measurement which approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value without restrictions. This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate is set on a semi-annual basis and announced at least 45 days in advance of the date the new rate becomes effective. The guaranteed rate of interest does not change during the six month period for which it is effective. The Transamerica Stable Value Account is not a separate account investment choice; it is an investment in Transamerica's general account. The minimum, average, and closing interest rates for the Stable Value Account for 2012 were 1.65%, 1.75%, and 1.65%, respectively. The minimum, average, and closing interest rates for the Stable Value Account for 2011 were 2.20%, 2.45%, and 2.20%, respectively.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

NOTE E - PARTY IN INTEREST TRANSACTIONS

State Street is the Plan's trustee. All investments are held either with the trustee or Transamerica. Transamerica Retirement Solutions Corporation provides recordkeeping services for the Plan. These transactions qualify as party-in-interest transactions. Notes receivable from participants of the Plan and the related interest income are also considered party in interest transactions.

During the years ended December 31, 2012 and 2011, the Employer failed to remit employee contributions and loan repayments totaling $128,344 to the Plan on a timely basis, in accordance with Department of Labor Regulations. As a result, the Employer has reimbursed the Plan for lost earnings for 2011 late remittances and will reimburse the Plan for 2012 lost earnings as soon as reasonably possible.

NOTE F - TAX STATUS

The Employer adopted a volume submitter plan that received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC; and therefore, the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Administration errors, if any, which are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies.

NOTE F - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2009.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE H - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 12, 2013, the date the financial statements were available to be issued.

As a result of the acquisition of the Employer (see Note A.1.), effective December 31, 2013, the Plan will be merged into the Precision Castparts Corp. 401(k) Retirement Savings Plan and all Plan assets will be transferred on the effective date.
