NOTE 1 - DESCRIPTION OF THE PLAN

Description of Plan

The following description of The Argen Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) retirement plan previously established as of January 1, 1993 and restated on January 1, 2002 to provide retirement benefits for substantially all employees of The Argen Corporation (the "Company" or "Employer"). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the "Code") and similar state tax laws.

The Plan's trustee is DWS Trust Company (the "Trustee") and the third party administrator is Automatic Data Processing.

Eligibility

The Plan covers all employees of the Company who have attained age twenty-one and those that are eligible for Company benefits after three months of service. The enrollment date following eligibility is the first day of each month as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions

Each year, participants may contribute from 1% to 100% of their compensation on a pretax basis, as defined in the Plan, up to $17,000 for the year ended December 31, 2012. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions of $5,500. Total contributions that participants may contribute for 2012 are $22,500. For the year ended December 31, 2012, there are no contributions that exceeded the maximum allowable amounts as described in the Plan. Participant contributions are 100% vested and non-forfeitable.

Employer Contributions

The Employer may make an annual discretionary matching and nonelective contribution in an amount determined at the end of the prior Plan year end. Participants are eligible for Employer contributions upon eligible enrollment into the Plan. For the year ended December 31, 2012, the Employer made discretionary matching contributions of 33% up to a maximum of $950 per participant. There were no nonelective contributions for the year ended December 31, 2012. Employer contributions are made on a pay period by pay period basis.

Rollover Contributions

The Plan provides for rollover contributions, which represents contributions by participants from other tax-qualified retirement plans. The maximum amount of a participant's rollover contribution is not affected by the limits otherwise applicable to participant contributions.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's salary reduction, rollover contributions, the Employer's matching contribution, the participant's share in the Plan's earnings and losses, and charged with an allocation of administrative expenses which are allocated proportionately among all participants based on their investment in each fund. Plan earnings and losses are allocated proportionately based on each participant's investment in each fund. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their contributions to the Plan plus actual earnings thereon. Participants become fully vested in the Company's contributions and earnings thereon at a rate of 20% vesting after 2 years of credited service, 40% vesting after 3 years of credited service, 60% vesting after 4 years of credited service, 80% vesting after 5 years of credited service and 100% vesting after 6 years of credited service. A participant automatically becomes fully vested in the entire balance of his or her account upon retirement, death, disability or termination of the Plan.

Forfeited Accounts

Upon termination of employment, the unvested portion of a participant's Employer contribution account is forfeited. Amounts representing forfeitures of Employer matching contributions shall be used to pay administrative expenses or reduce Employer contributions to the Plan. At December 31, 2012 and 2011, forfeited nonvested accounts totaled $3,221 and $2,584, respectively. In 2012, there were no Employer discretionary contributions that were reduced from forfeited nonvested accounts.

Notes Receivable from Participants

Participants may request to borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans have a term of up to 5 years for general loans. Since July 1, 2009, loans have a term of up to 15 years for the purchase of a primary residence. The loans are secured by the balance of the participant's account and bear interest at rates set forth by the Plan administrator which approximate the prevailing market rates of interest. As of both December 31, 2012 and 2011, the interest rates on outstanding participant loans ranged from 4.25% to 9.25%. Principal and interest is paid ratably through monthly payroll deductions.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

Upon disability, retirement, termination, death, or hardship, participants may elect to receive a distribution of their account (as defined) in lump sum, or defer distribution if the account exceeds $5,000. However, if such a participant's vested account balance is less than $5,000, but greater than $1,000, the Plan Sponsor may roll the balance into an individual retirement account. Also, at its discretion, the Plan may elect to distribute vested account balances of less than $1,000. Generally, initial distributions must begin the later of the April 1 of the calendar year following the year in which the participant attains the age of 70 ½ or retires.

Hardship Withdrawals

Participants may withdraw their vested contributions in the event of hardship as defined in the Plan agreement. If a hardship withdrawal is made, all voluntary employee contributions to the Plan must be suspended for six months.

Administrative Expenses

The Company pays expenses incurred for the administration and operation of the Plan. Other administrative fees associated with distributions and loans are paid by the participants. For the year ended December 31, 2012, administrative expenses paid by the Plan was $1,955.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contribution accounts. In the event of Plan termination, all amounts credited to accounts of participants shall be paid to each participant in accordance with the Plan agreement.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation

Investments in the Plan are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability between market participants at the measurement date in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosure*. FASB ASC 820 provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access for assets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement inputs, which contain assumptions by the party valuing those assets. For level 3 inputs, there is no market data or correlations with market assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used needed to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Money market fund and mutual funds – Valued at the net asset value ("NAV") of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation (continued)

The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments bought and sold during the year.

Earnings Recognition

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefits Due to Terminated Participants

Funds due to employees that have terminated employment, but have not yet been distributed are not presented as liabilities in the net assets available for plan benefits. They are reflected in the statements of changes in net assets available for plan benefits when paid. As of December 31, 2012 and 2011, there were no amounts payable to the Plan participants.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA, certain information prepared and certified by a trustee need not be audited or reported on by an independent public accountant. Pursuant to that regulation, the Plan administrator has instructed the independent auditors not to perform any auditing procedures with respect to information certified by the Trustee, DWS Trust Company, as of December 31, 2012 and 2011 and for the year ended December 31, 2012. All Plan assets are held by the Plan's Trustee, who is responsible for the maintenance of all accounting records and the preparation of reports of activity related to those assets. The Trustee has certified to the Plan administrator that this information is accurate and complete.

NOTE 4 - INVESTMENTS

The following table presents investments that represent 5 percent or more of the Plan's net assets as of December 31:

NOTE 5 - PARTY-IN-INTEREST

NOTE 7 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - TAX STATUS

The Plan has received its determination letter from the Internal Revenue Service dated October 5, 2005 indicating that the Plan, as then designed, was in compliance with the applicable requirements of the Code and therefore exempt from federal income taxes under Section 501(a) of the Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and the Plan was qualified and the related trust was tax exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 - TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2012	2011
Net assets available for benefits per the financial statements	$ 10,482,346	$ 9,071,853
Receivables	-	(47,372)
Net assets available for benefits per the Form 5500	$ 10,482,346	$ 9,024,481

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2012:

Change in net assets available for benefits per the financial statements	$ 1,410,493
Change in receivables	47,372
Change in net assets available for benefits per the Form 5500	$ 1,457,865

NOTE 10 - SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events, as defined by FASB ASC 855, *Subsequent Events,* through the date that the financial statements were available to be issued on September 20, 2013. No subsequent events were identified that required adjustment to or disclosure within the financial statements.
