INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Devon Bank Profit Sharing/401(k) Plan

We were engaged to audit the accompanying financial statements of DEVON BANK PROFIT SHARING/401(K) PLAN which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by First Midwest Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2012, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DEVON BANK PROFIT SHARING/401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of Devon Bank Profit Sharing/401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of Devon Bank (the Company) who meet the Plan's service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation.

First Midwest Bank is the trustee of the Plan under a contractual agreement with the Company. First Midwest Bank holds and manages the assets, maintains all records of the Plan, and assumes responsibility for proper allocation of income among all participants' accounts in the Plan.

Contributions – Participants may contribute up to 80% of their compensation, subject to Internal Revenue Code limits. Contributions can be made on a before-tax basis only and cannot exceed $17,000 in 2012. Age 50 and over participants can contribute an additional $5,500 in 2012. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. No matching contributions or profit sharing contributions were granted for the plan year ended December 31, 2012.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, and the Plan's earnings, and is charged with administrative expenses and participant withdrawals. With the exception of the Plan's earnings, allocations are based on a participant's compensation for the plan year for the Company's profit sharing contribution and forfeiture allocations and a participant's compensation and elective deferrals for the plan year for the Company's matching contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts – Forfeited accounts of nonvested balances of terminated participants are used to reduce plan expenses. Any remaining amounts are reallocated to active participants based on the provisions of the Plan. During 2012, the Plan used $11,791 of forfeited nonvested funds to reduce plan expenses. At December 31, 2012, there was $2,378 available to reduce future employer contributions.

Vesting – Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service as follows:

Years	Vested Percent
1	20%
2	40%
3	60%
4	80%
5	100%

Investment Options – Participants direct the investment of their account balances into various investment options offered by the Plan.

1. Description of the Plan (Cont.)

Payment of Benefits – On termination of service due to death, disability or retirement, a participant is entitled to 100% of his or her account balance. In the case of financial hardship as described in the plan document, a participant may withdraw in a single sum any part of their vested account resulting from their contributions. Upon termination of service due to other reasons, a participant's account balance less than $5,000 will be paid out in a lump-sum distribution. If the account balance is $5,000 or more, the participant may elect to receive either a lump-sum amount equal to the value of their vested account or annual installments.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to the maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years unless the loan is for the purchase of a principal residence, in which case the loan term shall not exceed thirty years. Participants are allowed two active loans outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest payments are generally made through payroll withholding. Interest rates range from 3.25% to 6.00% at December 31, 2012.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. The Charles Schwab Stable Value Fund, a common/collective trust fund, is valued based on information reported by Charles Schwab Bank.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. As required, the statement of net assets available for benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on the contract value basis.

At December 31, 2011, the Plan's interest in the Charles Schwab Stable Value Fund invests primarily in investment contracts with benefit-responsive features that are carried at contract value (cost plus accrued interest, less withdrawals and administrative expense) and synthetic investment contracts stated at the contract book value, which approximates cost. During 2011, the average yield earned by the fund was approximately 1.53%. The crediting interest rate to participants during 2011 was approximately 4.59%.

2. Summary of Significant Accounting Policies (Cont.)

Investment Valuation and Income Recognition (cont.) –

At December 31, 2012, the Plan's interest in the Federated Capital Preservation Fund invests primarily in stable value products with guaranteed investment contracts that are carried at contract value (cost plus accrued interest, less withdrawals and administrative expense) and synthetic guaranteed investment contracts stated at the contract book value, which approximates cost. During 2012, the average yield earned by the fund was approximately 1.64%.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Fair Value Measurements – In May 2011, the Financial Accounting Standards Board issued guidance in Accounting Standards Update No. 2011-04, *Fair Value Measurements (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU No. 2011-04). ASU No. 2011-04 was issued to improve comparability of fair value application, measurements and disclosures between U.S. GAAP reporting and IFRS reporting. ASU No. 2011-04 clarifies fair value definitions and enhances fair value measurement guidance with respect to highest and best use measurements, equity instrument measurements, and measurement of financial instruments that are managed within a portfolio. Additionally, ASU No. 2011-04 expands disclosures for unobservable inputs used in Level 3 fair value measurements. ASU No. 2011-04 is effective for annual periods beginning after December 15, 2011. The Plan has adopted this guidance in 2012.

Payment of Benefits – Benefits are recorded when paid.

Administrative Costs – The Plan absorbs certain of the administrative costs of the Plan. Administrative costs paid by the Plan are expensed as incurred. Certain investment management fees are netted against the net appreciation in fair value of investments.

3. Information Prepared and Certified by Trustee

The plan administrator has elected the method of annual reporting compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information was provided and certified by First Midwest Bank as complete and accurate:

- Investments, at fair value, participant notes receivable, and the adjustment from fair value to contract value for interest in common/collective trust fund relating to fully benefit-responsive investment contracts, as shown in the statements of net assets available for benefits as of December 31, 2012 and 2011.

- Interest and dividend income, net appreciation in fair value of investments, and interest income from participant notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2012.

- The information included in the supplemental schedule of assets (held at end of year) as of December 31, 2012.

4. Investments

The following presents investments, at fair value, that represent 5% or more of the Plan's net assets as of December 31:

	2012	2011
Federated Capital Preservation Fund	$ 2,503,701	$ *
Charles Schwab Stable Value Fund	*	2,940,699
MFS Value Fund	705,914	643,529
PIMCO Real Return Fund	797,195	727,940
T. Rowe Price Growth Stock Fund	700,650	588,567
Vanguard Total Bond Market Index Fund	772,647	810,669
Vanguard Life Conservation Growth Fund	*	415,653

*Investment is less than 5%.

The Plan's investments during 2012, (including gains and losses on investments bought and sold as well as held during the year) appreciated in value as follows:

Common/collective trust	$ 219,120
Registered investment companies	325,943
	$ 545,063

5. Fair Value Measurement

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

Level 1: Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

The net asset value of the common/collective trust fund (Stable Value Fund) is based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (Level 2 inputs).

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair Value Measurement (Cont.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

		Fair Value Measurements at Report Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

(a) The fund invests in conventional and synthetic investment contracts issued by life insurance companies, banks, and other financial institutions, with the objective of providing a high level of return that is consistent with also providing stability of investment return, preservation of capital and liquidity to pay plan benefits of its retirement plan investors. The fund generally provides for daily redemptions by the Plan at reported net asset value per share.

6. Tax Status

The Plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the plan administrator and trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

7. Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan under the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

8. Related-Party Transactions

Certain professional and administrative fees related to the operation of the Plan were paid by the Company. Administrative fees paid by the Plan to First Midwest Bank were $34,352, and the fees were based on customary and reasonable rates for such services.

The Plan holds an investment in a stable value fund issued by the Federated. First Midwest Bank has designated Federated as an agent to hold account assets. Therefore, these transactions qualify as party-in-interest transactions.

9. Subsequent Events

Management has evaluated subsequent events through October 10, 2013, the date which the financial statements were available to be issued.
