UNITED GRINDING TECHNOLOGIES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the **United Grinding Technologies, Inc. 401(k) Plan** (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - On January 1, 1995, United Grinding Technologies, Inc. (the "Company") adopted a money purchase pension plan, which permitted only employer contributions. On January 1, 1996, the Company adopted a 401(k) profit sharing plan (the "Plan"). Effective June 30, 2002, the Company ceased all benefit accruals under the money purchase plan. All assets of the money purchase plan were merged into the 401(k) profit sharing effective June 30, 2002. The Plan allowed all employees of the Company to participate. Effective May 1, 2012, the Plan was amended to exclude non-resident aliens, leased employees, and part-time, seasonal, or temporary employees whose regularly scheduled service is less than 500 hours. Eligible employees may enter the Plan on the first day of the month coinciding with or following completion of six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary deferrals up to 90% of compensation up to the Internal Revenue Code Section 402(g) limit. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Company will make a matching contribution equal to 25% of a participant's elective deferrals up to 5% of a participant's compensation. The Company may make a discretionary profit sharing contribution to the Plan. All participants will share in the profit sharing contribution regardless of service completed during the Plan year or employment status at the end of the Plan year. The discretionary profit sharing contribution will be allocated to the participants in the same ratio as each participant's compensation to the total of such compensation of all participants. For the years ended December 31, 2012 and 2011, the Company did not make a discretionary profit sharing contribution to the Plan.

Forfeitures - Forfeited balances of terminated participants' non-vested accounts are used to pay administrative expenses of the Plan, then the remaining forfeitures are used to reduce future employer contributions. There were no forfeitures used to pay administrative expenses or to reduce the employer matching contribution for the years ended December 31, 2012 and 2011. Unallocated forfeitures at both December 31, 2012 and 2011 were \$10.

Participant Accounts - State Street Bank and Trust Company ("Trust") is trustee and custodian of Plan investments. The Trust maintains the self-directed investment accounts for each participant containing the participant's contributions, Company contributions, net earnings or losses, forfeitures, and distributions and withdrawals. Company contributions are allocated based on participants' compensation as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs both separately, and distinctly, into which investment the participant contribution, employer match, and discretionary contribution is to be invested.

Vesting - Participants are immediately vested in all contributions to the Plan and corresponding earnings.

Distributions - Upon termination of service by reason of retirement, death, permanent disability, or otherwise, participants or designated beneficiaries may elect to receive their vested balance either in a lump-sum amount or payments over a period of time in cash installments or in a form agreeable to the Plan Administrator. The Plan Administrator may elect to automatically distribute to terminated participants balances of \$5,000 or less. Balances in rollover accounts are not considered in determining whether a terminated participant's vested balance is \$5,000 or less. In addition, participants may receive distributions from all vested amounts for qualified financial hardships.

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN - continued

Participant Loans - Participants may borrow from the Plan in any amount between \$500 and \$50,000, but not more than 50% of their vested account balance. Loans bear interest at an agreed-upon percentage based on prevailing market rates, as determined by the Plan Administrator. Loan terms are for a period not exceeding five years. A longer term may be approved by the Plan Administrator if proceeds are to be used for the purchase of a primary residence. A participant may have a maximum of two loans outstanding at any one time. Loans are secured by the balance in the participant's accounts. Principal and interest is paid ratably through payroll deductions.

Investment Options - Upon enrollment in the Plan, a participant may currently direct contributions in any of 16 investment options in increments of one percent. Participants may change their investment options at any time via phone or Internet. Deferral percentages can be adjusted at the beginning of any payroll period only via phone or Internet.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Financial Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of net assets, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments, with the exception of the common / collective trust fund, are stated at fair value, determined by quoted market prices in an active market, of the underlying funds, which represent the net asset value of shares held by the Plan. The common / collective trust fund is valued at contract value, which approximates fair value. See Note E for discussion of fair value measurements. Unrealized appreciation and depreciation are calculated by comparing fair value to cost. Security transactions are recorded on a trade date basis. Gains and losses are computed using the specific identification method. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Benefit-Responsive Investment Contract - Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits is to present the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. Management has determined that the common / collective trust fund (Federated Capital Preservation Fund), is a fully benefit-responsive investment contract; however, because the difference between the fair value and the contract value of the fund was immaterial at December 31, 2012, the investment has been shown in the financial statements at contract value.

UNITED GRINDING TECHNOLOGIES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Participant Loans Receivable - Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document. No reserve is considered necessary for participant loans at December 31, 2012 and 2011.

Payment of Benefits - Benefits are recorded when paid.

Administrative Fees - Certain administrative fees of the Plan are paid by the Company. Fees for specific transactions, such as a loan withdrawal or distribution, are paid by the individual participant. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Subsequent Events - In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 9, 2013, the date the financial statements were available to be issued.

NOTE C - INVESTMENTS

The Plan's investments are held by a financial services administrated trust fund. The following table presents the fair values of the investments at December 31, 2012 and 2011, with the exception of the Federated Capital Preservation Fund that is valued at contract value, which approximates fair value.

NOTES TO FINANCIAL STATEMENTS

NOTE C - INVESTMENTS - continued

The Plan's investments (including bought, sold, and held during the year) appreciated (depreciated) in value in 2012 and 2011 as follows:

	<u>2012</u>	<u>2011</u>
Common / collective trust fund	\$ 4,139	\$ -
Equity securities funds	565,125	(316,960)
Government and corporate bond funds	<u>39,202</u>	<u>(29,679)</u>
	<u>\$ 608,466</u>	<u>\$ (346,639)</u>

NOTE D - SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE

The total value of the investments held by the trustee at December 31, 2012 and 2011, was \$6,909,538 and \$5,537,048, respectively. The cost of the investments at December 31, 2012 and 2011, was not readily determinable.

The trustee of the Plan, State Street Bank and Trust Company, has supplied the Plan Administrator with certifications as to the completeness and accuracy of the following information:

- Investments
- Interest and dividend income
- Net appreciation (depreciation) in fair value of investments

NOTE E - FAIR VALUE MEASUREMENTS

Accounting standards define fair value and establish a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the accounting standards are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

UNITED GRINDING TECHNOLOGIES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE E - FAIR VALUE MEASUREMENTS - continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012.

Money market fund: Valued based on the contractual terms of the underlying fund; provides a daily mil-rate for income accretion.

Common / collective trust fund: Valued at the contract value of investments held by the Plan, which approximates fair value at year end.

Equity securities and government and corporate bond funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

NOTE F - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

During 2012, the Plan invested in a fully benefit-responsive investment contract. The Federated Capital Preservation Fund (the "Fund") is a collective investment fund. Federated Investors Trust Company, a wholly owned subsidiary of Federated Investors, Inc, serves as trustee, custodian, and administrator of the fund. The Fund holds guaranteed investment contracts, separate account guaranteed investment contracts, and synthetic guaranteed investment contracts. The investment objective of the fund is stability of principal and high current income. For the plan year ended December 31, 2012, the crediting interest rate was 1.95%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) mergers, 2) mass layoffs, 3) plan terminations, 4) implementation of early retirement incentive programs, or 5) other events within the control of the Fund of the plan sponsor resulting in a material and adverse financial impact on the issuer's obligations under the guaranteed investment contract. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

NOTE G - BENEFITS ALLOCABLE TO WITHDRAWN PARTICIPANTS

There were no benefits payable to participants terminated prior to year end for the years ended December 31, 2012 and 2011.

NOTE H - RELATED PARTY TRANSACTIONS

Certain Plan assets are invested with State Street Bank and Trust Company. Thus, State Street Bank and Trust Company, as trustee defined by the Plan, qualifies as a party-in-interest.

UNITED GRINDING TECHNOLOGIES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE I - TAX STATUS

The Company adopted a Prototype Non-Standardized Profit Sharing and 401(k) Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in the employer portion of contributions.

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There were no differences between the financial statements and the Form 5500 for the years ended December 31, 2012 and 2011.

NOTE L - NON-EXEMPT TRANSACTION

During 2012, the Plan discovered that a loan made in 2004 was not paid off within the allowable five year loan period. As a result of this failure, a non-exempt transaction was reported. The balance outstanding on this loan at December 31, 2012 was \$662 and was paid in full by the participant in 2013. The Plan sponsor was liable for excise tax, which will be paid during 2013.

NOTE M - SUBSEQUENT EVENT

Subsequent to year end, the Plan's name was changed to the United Grinding North America, Inc. 401(k) Plan.
