NOTES TO FINANCIAL STATEMENTS
Years ended December 31, 2012 and 2011

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Smith-Cooper International ("Company" or "Employer") Employees' 401(k) Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age 18 or older. Participants may enter the Plan as of the first day of January and July of each year after satisfying eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan and subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may elect to make matching contributions, determined annually. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. No employer matching contributions or profit sharing contribution was authorized for the current Plan year. Contributions are subject to certain limitations. Plan participants direct the investment of their contributions and the employer matching contributions and profit sharing contributions into the various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions, Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Death and Disability: A participant is entitled to 100% of his or her account balance upon death or disability.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of continuous service at the rate of 20% per year after reaching two years of eligibility.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments or annuity payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid through payroll deductions.

Forfeitures: Forfeitures of employer matching contributions are used to offset administrative expenses of the plan and any remaining forfeitures will reduce future employer matching contributions.

NOTES TO FINANCIAL STATEMENTS
Years ended December 31, 2012 and 2011

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and custodian fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other expenses of the Plan are paid by the Company.

Reclassifications: Certain reclassifications have been made to prior year balances to conform to classifications used in the current year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments, other than the life insurance contracts, are reported at fair value. The life insurance contracts held by the Plan are valued at contract value, based on the cash surrender value of the contracts. The Plan has adopted the same measurement basis for these investments that used in the Plan's regulatory reporting on Form 5500. Cash surrender value is determined by the life insurance companies as the cash value of insurance policies after adjustments for cost of insurance and dividends. The policies have a combined face value of \$2,250,000.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds a direct interest in a fully benefit-responsive contract. The Plan holds an indirect interest in such contracts through its investment in a stable value fund. No adjustments from fair value to contract value are presented in the statements of net assets available for benefits, as the amounts of the adjustments have been determined to be immaterial.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Excess Contributions: Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and reduction in contributions in the Plan year in which the excess deferrals were made to the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 4 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

With the exception of Life Insurance accounts with fair values as described in Note 6 of the financial statements, information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by, John Hancock Life Insurance Company (U.S.A.) the custodian of the Plan. This certified information has not been audited by independent accountants.

NOTE 5 – INVESTMENTS

The following table presents the fair value of the Plan's investment in John Hancock Separate Account B and C, as well as underlying sub-accounts of Separate Account B and C that represent 5% or more of the Plan's net assets available for benefits at December 31, 2012 and 2011:

NOTE 6 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2 - Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)

Separate Account Other than Stable Value Fund: The fair values of participation units held in separate account other than the stable value fund are based on the net asset values reported by John Hancock Life Insurance Company (U.S.A) (level 2 inputs). John Hancock Separate Account B and C are comprised of numerous sub-accounts which invest solely in shares of a mutual fund which are segregated from other assets of insurance company. The name of the underlying mutual fund is identified in the name of the separate account when the underlying mutual fund is managed by an entity other than an affiliate of insurance company. The sub-accounts that invest in mutual funds sponsored by an affiliate of insurance company generally reference the investment strategy of the underlying mutual fund in their names. Participants direct their investments to certain of the underlying sub-accounts of John Hancock Separate Account available to them under the Plan. Each sub-account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit.

Stable Value Fund: The fair values of participation units in the stable value separate account are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (Level 2 inputs). John Hancock Stable Value Fund invests solely in shares of the John Hancock Stable Value Trust (the "Trust"), a trust managed by John Hancock Life Insurance Company (USA). The Trust seeks to preserve principal and provide book value liquidity on a daily basis for plan-permitted, participant-directed withdrawals while maintaining a competitive rate of interest. The fund invests primarily in diversified fixed income mutual funds and separately managed bond accounts run by investment subsidiaries of John Hancock Life Insurance Company. The fund generally provides for daily redemptions by the Plan at reported net asset value per share, with no advance notification requirements. The trustee of the underlying trust has the right to delay any participant-initiated withdrawal for up to 30 days if it determines that immediate withdrawal may have an adverse impact on the trust. In addition, the trust also has the right to delay for up to 1 month, any other withdrawal, including the withdrawal of all, or portion of the assets of an investor in the Trust.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds units of separate accounts managed by John Hancock Life Insurance Company (U.S.A.) ("John Hancock"). John Hancock is the Plan's custodian and record keeper and, therefore, these transactions and the Plan's payment of custodian fees, record keeping fees, and investment management fees to John Hancock qualify as party-in-interest transactions. The plan also paid service fees to the third party administrator of the plan and participants were charged for redemption fees. The Plan also holds two life insurance policies on the life of the Plan trustee which qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 8 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2008 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.
