INDEPENDENT AUDITORS' REPORT

Administrative Committee
Swaner Hardwood Co., Inc.
Profit Sharing/401(k) Plan
Burbank, California

We were engaged to audit the statements of net assets available for benefits of Swaner Hardwood Co., Inc. Profit Sharing/401(k) Plan (the Plan) as of December 31, 2012 and 2011, the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the supplemental schedule of assets (held at end of year) as of December 31, 2012.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimated made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Principal Financial Group and Delaware Charter Guarantee & Trust Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Basis for Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial status of Swaner Hardwood Co., Inc. Profit Sharing/401(k) Plan as of December 31, 2012 and 2011, and the changes in its financial status for the year ended December 31, 2012, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as whole.

SWANER HARDWOOD CO., INC.
PROFIT SHARING/401(K) PLAN
Notes to Financial Statements
For the Year Ended December 31, 2012

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Swaner Hardwood Profit Sharing/401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Swaner Hardwood Company, Inc., Mt. Baker Products, Inc., and Goodyear Nelson Hardwood Lumber Co., Inc. (the Company) who have completed twelve months of service with one thousand hours of service within that year and are age twenty-one or older. The Plan provides for quarterly entry dates on January 1st, April 1st, July 1st, and October 1st for those employees having satisfied the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may defer tax free, 1% to 100% of their qualified annual compensation to the Plan, limited to a maximum annual amount as set by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for a discretionary matching contribution. Although this contribution is at the discretion of the Board of Directors, it is company policy to match 25% of the participants' deferral subject to a maximum of 5% of the participant's compensation. The Company's matching contributions to the Plan totaled $44,789 for the year ended December 31, 2012.

In addition, the Plan provides for discretionary profit sharing contributions as determined by the board of directors. Such contributions to the Plan are allocated among eligible participants in the proportion of their compensation to total compensation of all participants. No profit sharing contributions were made for the year ended December 31, 2012.

Participant Account

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, plan earnings or losses and is charged with actual expenses incurred by the participant such as loan fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A – DESCRIPTION OF THE PLAN (continued)

Vesting

Participants immediately vest in their tax deferred contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions plus actual earnings thereon is based on years of service. Participants become 100% vested after six years of credited service except in the case of retirement, death, or disability in which case, participants will immediately vest in their entire account balance.

Notes Receivable from Participants

The Plan allows for participants to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rate ranging from 4% to 9.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants are also allowed to begin receiving distributions from their accounts upon reaching the age of 59 ½.

Forfeited Accounts

At December 31, 2012 and 2011, there were no forfeited non-vested accounts. Forfeited accounts may be used to reduce future employer contributions. In December 31, 2012, employer contributions were reduced by $40 from prior forfeited nonvested accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

The Company has evaluated subsequent events through October 8, 2013, the date in which these financial statements were available to be issued. The Plan changed it's third-party administrator and custodian from Principal Financial Group to ADP on January 1, 2013. There were no other significant subsequent events noted.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. All investment contracts were liquidated and converted into cash at December 31, 2012 as the plan changed it's third-party administrator and custodian from Principal Financial Group to ADP on January 1, 2013. Therefore, there were no investment contracts held by the plan at December 31, 2012.

Notes Receivable from Participants

The trustee of the Plan notifies the Company of past due or delinquent loans. If a note receivable becomes uncollectible, it is Plan policy to deem the defaulted loan a distribution, which according to the Plan document may be taxable to the participant. The Plan's management expects that all outstanding loans will be collected by the Plan. There is no allowance for doubtful accounts as of December 31, 2012.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Benefits Paid to Participants

Benefits paid to participants are recorded when paid.

Operating Expenses

The Company paid all of the Plan's investment fees except for $17,801 for the year ended December 31, 2012, which were paid by the Plan.

Contributions Receivable

Contributions receivable are the amounts due, as of the financial statement date, to the Plan from the employee or the employer.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the report date.

The fair value measurement accounting literature established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2012, there were no significant transfers into or out of Level 3.

The following table presents by level, within the fair value hierarchy, the plans assets measured at fair value on a recurring basis as of December 31, 2012 and 2011.

	Fair Value	Level 1	Level 2
December 31, 2012			
Registered investment companies	$ -	$ -	$ -
Guaranteed investment contract	-	-	-
Pooled separate accounts	-	-	-
Total investments at fair value	$ -	$ -	$ -
December 31, 2011			
Registered investment companies	$ 3,040,710	$ -	$ 3,040,710
Guaranteed investment contract	-	2,404,528	2,404,528
Pooled separate accounts	-	2,150,951	2,150,951
Total investments at fair value	$ 3,040,710	$ 4,555,479	$ 7,596,189

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2012 are reported in net gain on pooled separate accounts, net gain on registered investment companies, and net loss on common/collective trusts. Note that all investments were liquidated and converted to cash on December 31, 2012 as the Plan switched third-party administrators from Principal Financial Group to ADP on January 1, 2013.

NOTE D - INFORMATION CERTIFIED BY THE DELAWARE CHARTER GUARANTEE & TRUST COMPANY AND THE PRINCIPAL LIFE INSURANCE COMPANY

During the year ended December 31, 2012, participants of the Plan directed the investment allocation of their individual accounts. These investments were liquidated and converted to cash on December 31, 2012 as the Plan switched third-party administrators on January 1, 2013. Total investments allocated to participant accounts were $7,596,189 at December 31, 2011. The total non-interest bearing cash balance allocated to participant accounts was $8,246,480 at December 31, 2012. Principal certified the following information included in these financial statements:

Description	Value at 12/31/12	Value at 12/31/11	Net Change In Value
Non-interest bearing cash	$ 8,246,480	$ -	$ 8,246,480
Guaranteed investment contract	-	2,404,528	(2,404,528)
Pooled separate accounts	-	2,150,951	(2,150,951)
Registered investment companies	-	3,040,710	(3,040,710)
Total	$ 8,246,480	$ 7,596,189	$ 650,291

The net increase in asset value of $650,291 was the result of Plan activity. Increases in value include participant and employer contributions, interest earnings, realized and unrealized gains on investments, rollovers of participant account balances into the Plan, and participant directed transfers between investment options. Decreases in value include benefit payments, administrative expenses, realized and unrealized losses on investments, and participant directed transfers between investment options. More information and detail on the above increases and decreases can be obtained from management of the Plan.

NOTE E - INVESTMENT IN FULLY BENEFIT RESPONSIVE CONTRACT

As of December 31, 2011, the Plan held assets of $2,342,884 (contract value) in a fully benefit-responsive guaranteed investment contract with Principal Financial Group. The contracts were maintained in a collective trust and the account was credited with contributions and earnings on the underlying investment and charged or participant withdrawals and administrative expense. The guaranteed investment contract issuer is contractually obligated to repay the principal a specified interest rate that is guaranteed to the plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributed to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Principal Financial Group, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

NOTE E - INVESTMENT IN FULLY BENEFIT RESPONSIVE CONTRACT (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options or deletion of equity, (3) bankruptcy of the Company or the Company events that cause a significant withdrawal from the Plan, or (4) failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exempt from ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields during the years ended December 31, 2011 were as follows:

• Based on actual earnings	1.78%
• Based on interest rate credited to participants	1.78%

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE G – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31,	
	2012	2011
Net assets available for benefits per the financial statements	$ 8,349,742	$ 7,715,314
Adjustment of investment contracts to contract value	-	(61,644)
Employer contributions receivable	(11,877)	-
Net assets available for benefits per Sch. H to the Form 5500	$ 8,337,865	$ 7,653,670

The following is a reconciliation of employer contributions to the Plan per the financial statements for the year ended December 31, 2012 to Schedule H of Form 5500:

NOTE G - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500 (continued)

Employer contributions per the financial statements	$ 44,789
Less: Employer contributions receivable at December 31, 2012	(11,877)
Employer contributions per Schedule H to the Form 5500	$ 32,912

NOTE H - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated July 22, 2003, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that for the year ended December 31, 2012, and for all previous tax years subject to investigation by the relevant taxing authorities, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is no longer subject to investigation by the relevant taxing authorities for tax years before 2009.

NOTE I – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Principal Financial Group. Principal Financial Group is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amount to $17,801 for the year ended December 31, 2012.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
