CPI Packaging, Inc. 401(k) Plan
Notes to the Financial Statements

DESCRIPTION OF PLAN

CPI Packaging, Inc. ("the Company") 401(k) Plan ("the Plan") covers eligible employees of CPI Packaging, Inc. The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering substantially all employees of the Company who have attained age 21 and have completed three months of eligible service. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make a pre-tax contribution of their eligible annual compensation for each Plan year subject to Internal Revenue Code limitations. Participants direct the investment of their contributions and the Company's contribution into various investment options. Effective January 1, 2008, the Plan was amended to a safe harbor plan whereby the Plan Sponsor matches contributions of 100% for the first 4% of employee compensation for all participating employees, not to exceed the employees deferred contribution. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Company safe harbor contributions for the years ended December 31, 2012 and 2011 totaled \$121,096 and \$94,315, respectively. Profit sharing contributions may be made at the discretion of the Company's management. The profit sharing contribution is allocated to all participants who are employed at the last day of the year, based on the percentage of their individual salary compared to the salary of all participants. No profit sharing contributions were made for 2012 or 2011.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, and (b) Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings and losses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee elective deferral contributions and the employer safe harbor matching contributions are fully (100%) vested and non-forfeitable at all times. Vesting on the profit sharing contributions is based on years of continuous service. The participant is 100% vested after six years of credited service.

Forfeitures

In the event a Plan participant's employment with the Company is terminated, the non-vested portion of the participant's account shall be placed in a separate account and will become a forfeiture upon the date of termination. At December 31, 2012 there was \$0 forfeiture nonvested accounts and \$7,493 from the prior year was used to reduce employer matching contributions during 2012. Forfeitures will be used to reduce future employer matching or profit sharing contributions.

Investment Options

Through March 2012 the Plan offered participants twenty-three investments options of varying risk with Reliance Trust Company through its agent ING Institutional Plan Services, LLC. ING Institutional Plan Services, LLC is the custodian/trustee of the plan and allows participants to change their choices or transfer between funds through automated systems. In April 2012 the Plan changed administrators and transferred all assets to John Hancock Retirement Plan Services. John Hancock offers participants over 50 investment options. Significant Plan provisions were not changed.

Employee 401(k) Plan
Notes to the Financial Statements

DESCRIPTION OF PLAN (continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a lump sum equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump sum or roll it over into a qualified plan.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All Plan expenses, including without limitation, expenses and fees, shall be paid from the Plan, if, and to the extent, the Company does not pay such expenses, fees and charges.

Subsequent Events Evaluation Date

In accordance with FASB ASC 855-10-50, "Subsequent Events," the Plan has evaluated subsequent events and transactions and determined there were no significant events to report through, October 11, 2013, which is the date the financial statements were available to be issued.

CPI Packaging, Inc.
Employee 401(k) Plan
Notes to the Financial Statements

TAX STATUS

The volume submitter plan sponsor has obtained an opinion letter dated March 16, 2010, in which the Internal Revenue Service stated that the Volume Submitter Profit Sharing Plan with CODA (Cash or Deferred Arrangement) plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The plan administrator believes that the plan is currently being operated in accordance with the IRC.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that the plan is no longer subject to income tax examinations for years prior to 2009.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 (ASC 820), "Fair Value Measurements and Disclosures," establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1

Level 1 assets and liabilities are those that input to the valuation methodology unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Level 2 asset and liability fair values are based on observable inputs that include: quoted market prices for similar assets or liabilities; quoted market prices that are not in an active market; or other inputs that are observable in the market and can be corroborated by observable market data for substantially the full term of the assets and liabilities.

Level 3

Level 3 assets and liabilities are financial instruments whose value is calculated by the use of pricing models and/or discounted cash methodologies, as well as financial instruments for which the determination of fair value requires significant management judgment or estimation. These methodologies may result in a significant portion of the fair value being derived from unobservable data.

Stable Value Fund

The Plan has an investment in the John Hancock Stable Value Fund. The Fund is one investment option that the participants may choose. The Fund is invested primarily in diversified fixed income funds and separately managed bond accounts run by sub-managers selected by John Hancock. Withdrawals from the Fund may be subject to certain restrictions and may be subject to certain restrictions and may be subject to a market value adjustment. At December 31, 2012 there was no significant difference between the contract value of the Fund and the fair market value.

The Stable Value Fund is included in the statements of net assets available for benefits at fair value as determined using the market approach based on market prices of the underlying investments.
