Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Plan as of December 31, 2012 and 2011, and the changes in its financial status for the years ended December 31, 2012 and 2011 in accordance with accounting principles generally accepted in the United States of America.

Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**WINDSOR DOOR, INC. PENSION PLAN FOR SALARIED EMPLOYEES
NOTES TO FINANCIAL STATEMENTS**

1. DESCRIPTION OF PENSION PLAN

The following description of the Windsor Door, Inc. Pension Plan for Salaried Employees (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan, established January 1, 1998, is a noncontributory defined benefit pension plan covering substantially all salaried employees of Windsor Door, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective as of December 31, 2002 (the “Freeze Date”), the Plan was frozen. Employees hired on or after January 1, 2003 are not eligible to participate in the Plan. No credited service will accrue on or after January 1, 2003. Any employee who is a participant in the Plan as of the Freeze Date, and who has not already ceased accruing benefits under the Plan, will cease accruing benefits under the Plan as of the Freeze Date.

Eligibility and Vesting

As of the Freeze Date, all salaried employees were eligible to participate in the Plan as of January 1 and July 1, coinciding with or next following the date the employee completes one year of eligible service, as defined by the Plan.

Participants become 100% vested upon completion of five years of service, attainment of normal retirement age, or termination of the Plan. If a participant terminates employment before completing five years of service, he/she forfeits the right to receive the benefits accumulated.

Pension Benefits

At normal retirement (age 65), participants are entitled to annual pension benefits equal to 0.8% of average annual earnings, as defined, plus 0.6% of average annual earnings in excess of covered compensation multiplied by the participant’s years of services up to 35 years plus 0.5% of average annual earnings multiplied by the participant’s years of service in excess of 35 years. A participant is entitled to reduced monthly pension benefits upon reaching age 55 and completing 10 years of service.

If the participant is married on the date the benefits are to begin, the participant will automatically receive a joint and 50% survivor annuity, unless otherwise elected. If the participant is single on the date the benefits are to begin, the participant will automatically receive a life annuity, unless otherwise elected.

Funding Policy

The Company contributes such annual amounts as are necessary to maintain the Plan on a sound actuarial basis. The Plan has met the minimum funding requirements of ERISA. The Company’s present intention is to make annual contributions in amounts sufficient to fund the Plan’s initial past service cost plus interest.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of full or partial termination of the Plan, the accrued benefits of the participants become fully vested.

**WINDSOR DOOR, INC. PENSION PLAN FOR SALARIED EMPLOYEES
NOTES TO FINANCIAL STATEMENTS**

1. DESCRIPTION OF PENSION PLAN (CONTINUED)

Plan Termination (Continued)

Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated Plan benefits will be paid depends on the priority of those benefits, the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (the "PBGC"), and the sufficiency at the time of the Plan's net assets to fund those benefits. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, while other benefits may not be provided at all.

Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Administrative Expenses

The Plan paid no administrative expenses for the years ended December 31, 2012 and 2011.

Tax Status

The Plan obtained a determination letter on August 12, 2011, in which the Internal Revenue Service (IRS) stated that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Although the Plan has not received a determination letter since amending the Plan, the Plan Administrator believes the Plan is operating in compliance with the tax-exempt status. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2004.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements. These policies conform to accounting principles generally accepted in the United States of America, and have been applied on a consistent basis.

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Valuation on Investments

The fair value of units owned by the Plan in a common trust fund is based on quoted redemption values on the last business day of the Plan year. Investments in mutual funds are presented at fair value, based on quoted market prices.

**WINDSOR DOOR, INC. PENSION PLAN FOR SALARIED EMPLOYEES
NOTES TO FINANCIAL STATEMENTS**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value of Investments

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10-65, *Fair Value Measurements*, which establishes a framework for measuring fair value under generally accepted accounting principles, clarifies the definition of fair value within that framework, and expands financial statement disclosures about the use of fair value measurements.

The Plan has adopted FASB Accounting Standards Update (ASU) 2010-06, *Improving Disclosures about Fair Value Measurements*. This standard requires new disclosures on the amount and reason for transfers in and out of Level 1 and 2 recurring fair value measurements. The standard also requires disclosure of activities, on a gross basis, including purchases, sales, issuances and settlements, in the reconciliation of Level 3 fair value recurring measurements. The standard clarifies existing disclosure requirements on the levels of disaggregation and disclosures about inputs and valuation techniques.

Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

Contributions to the Plan and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, employee compensation, and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term, and due to uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements.

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Accounting for Uncertainty in Income Taxes

The Plan has adopted FASB ASC 740-10-65, regarding uncertainty in income taxes. The Plan evaluates all tax positions in conformity with FASB ASC 450 for contingencies, and as such would reserve for any tax positions deemed probable of not being sustained by the IRS. The Plan recognizes tax benefits only to the extent that the Plan believes it is “more likely than not” that its tax positions will be sustained upon IRS examination. The Plan does not have a provision for unpaid federal income taxes (liability for unrecognized tax benefits) related to uncertain tax positions in the balance sheet, as it believes all tax positions taken would “more likely than not” be sustained upon IRS examination.

5. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated Plan benefits are those future periodic payments, including lump sum distributions, that are attributable, under the Plan's provisions, to the service employees have rendered through the valuation date. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries or employees who have died, and (c) present employees or their beneficiaries. The accumulated Plan benefits are based on the monthly benefit amount designated by the Plan and in effect at the valuation date. Benefits payable under all circumstances – retirement, death, disability, and termination of employment are included, to the extent they are deemed attributable to employee service rendered through the valuation date.

The actuarial present value of accumulated Plan benefits is that amount which results from applying actuarial assumptions to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment, and was determined by an independent actuary. The significant actuarial assumptions and method underlying the actuarial computations as of December 31, 2012 and 2011 are as follows:

Actuarial cost method – Projected Unit Credit Actuarial Cost Method

Mortality – The RP-2000 Combined Table, Sex Distinct

Assumed rate of return – 7.5% compounded annually for 2012 and 2011

Retirement age – Between ages 55 and 65, according to a set of retirement rates for active members; age 65 for terminated members with vested rights

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

6. ACCUMULATED PLAN BENEFITS

The actuary estimates the actuarial present value of accumulated Plan benefits.

The actuarial present value of accumulated Plan benefits of the Plan is as follows as of January 1:

	2012	2011
Vested benefits:		
Participants currently receiving payments	\$ 1,718,270	\$ 1,603,977
Other participants	1,517,213	1,535,631
Total	<u>\$ 3,235,483</u>	<u>\$ 3,139,608</u>

Changes in the actuarial present value of accumulated Plan benefits are as follows:

Actuarial present value of accumulated Plan benefits at January 1, 2011	\$ 3,139,608
Interest	262,998
Benefits paid	(174,117)
Change in Actuarial Assumptions	6,994
