ALLIANCE HEALTHCARE INFORMATION LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2012 AND 2011
AND FOR THE YEAR ENDED DECEMBER 31, 2012

NOTE A - Description of Plan

The following description of the Alliance Healthcare Information LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan covering all eligible employees who are employed by Alliance Healthcare Information LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may elect to contribute a percentage of their compensation to the Plan up to the maximum dollar amount permissible under the Internal Revenue Code. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their accounts into various investment options offered by the Plan. The Company, at its discretion and determined on a yearly basis, may choose to make a matching contribution or profit sharing contribution to the Plan. The Company may also, at its discretion, elect to make a safe harbor 401(k) non-elective contribution or a safe harbor matching contribution, as defined by the Plan. The employer's discretionary contribution for the year ended December 31, 2012 was \$63,662.

Participant Accounts - Each participant's account is credited with the participant's contribution and earnings thereon and an allocation of the Company's contribution. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and earnings thereon. Participants are vested in employer contributions and earnings thereon on a graded schedule over five years of service, as defined by the Plan document.

Investment Options - Upon enrollment in the Plan, participants may direct employee and related employer contributions into a range of mutual funds and common collective trust funds. All investments are participant directed and investment options can be changed daily.

Forfeitures - Under the Plan, forfeited nonvested contributions may be used to reduce future employer contributions or pay plan administrative expenses. For the year ended December 31, 2012, employer contributions were reduced by \$10,616 forfeited nonvested contributions. At December 31, 2012 and 2011, the forfeited nonvested contributions available to offset future employer contributions or pay plan administrative expenses was \$10 and zero, respectively.

Participant Loans - Participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance. Loans are to be paid through payroll deductions over a period of one to five years. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.00%. Interest payments are deposited directly to the participant's account.

Payment of Benefits - Benefit payments are permitted in the event of death, disability, termination of employment, a proven hardship, or attainment of age 59-1/2 while still employed. A participant (or participant's beneficiary in the event of death) receives an amount equal to the value of the participant's vested interest in his or her account in a lump-sum payment or partial withdrawals.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2012 AND 2011
AND FOR THE YEAR ENDED DECEMBER 31, 2012

NOTE A - Description of Plan - continued

Plan Expenses - All loan administrative expenses, which consist of loan processing fees at the time of application, are paid by the applicable participants who request a loan. The Company absorbs most of the Plan's administrative expenses.

NOTE B - Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of Accounting and Use of Estimates - The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value.

Net realized and unrealized investment gains and losses, which exclude distributions from the underlying mutual funds, is recognized as net appreciation or depreciation in fair value of investments.

Purchases and sales of securities are recorded on a trade basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits - Benefits are recorded when paid.

Notes Receivable from Participants - Loans to participants are reported at their unpaid principal balance plus accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Fair Value Measurements - Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting standards set a framework for measuring fair value using a three-tier hierarchy based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or inputs (interest rates, currency exchange rates, commodity rates and yield curves) that are observable or corroborated by observable market data for substantially the full term of the assets or liabilities.

AND FOR THE YEAR ENDED DECEMBER 31, 2012

NOTE B - Summary of Significant Accounting Policies - continued

Level 3: Inputs that are not observable in the market and reflect management's judgment about the assumptions that market participants would use in pricing the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common Collective Trust Funds - Valued at the unit value of the number of units held by the Plan at year end.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2012 AND 2011
AND FOR THE YEAR ENDED DECEMBER 31, 2012

NOTE E - Information Certified by the Plan's Custodian

The Plan's investments were held by State Street Global Services (January 1, 2012 to December 31, 2012) (the "Custodian") and MG Trust Company (January 1, 2011 to December 31, 2011) (the "Custodian"). The following investment information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodians.

Investment balances included in the statements of net assets available for benefits as of December 31, 2012 and 2011.

Dividends, interest and net appreciation/depreciation in fair value of investment balances included in the statement of changes in net assets available for benefits for the year ended December 31, 2012.

Information included in the accompanying schedule of assets held at December 31, 2012.

NOTE F - Plan Termination

Although management has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their share of employer contributions and earnings thereon.

NOTE G - Tax Status

On March 31, 2008, the IRS stated that the prototype plan adopted by the Plan, as then designed, is acceptable under the Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE H - Risks and Uncertainties

The Plan invests in various investment securities as directed by participants. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - Subsequent Events

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 1, 2013, the date the financial statements were available to be issued.

In 2007 Ashfield, LLC acquired Alliance Healthcare LLC and, as a result, in 2013 the assets from the Ashfield Retirement Plan were transferred into the Alliance Healthcare Information, LLC 401(k) Plan. In 2013, the name of the surviving Plan was changed to the Ashfield Retirement Plan.
