Report On The Financial Statements

We were engaged to audit the accompanying financial statements of the Weaver And Tidwell L.L.P. Profit Sharing Plan And Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility For The Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis For Disclaimer Of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis For Disclaimer Of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (John Hancock) and Fidelity Management Trust Company, the Custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from November 30, 2012 to December 31, 2012, and that John Hancock held the Plan's investment assets and executed investment transactions for the period from January 1, 2012 to November 30, 2012 and for the year ended December 31, 2011. The Plan Administrator has obtained certifications from the Custodians as of December 31, 2012 and 2011, and for the years then ended, that the information provided to the Plan Administrator by the Custodians is complete and accurate.

Disclaimer Of Opinion

Because of the significance of the matter described in the Basis For Disclaimer Of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis For Disclaimer Of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report On Form And Content In Compliance With DOL Rules And Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description Of The Plan

The following description of the Weaver and Tidwell, L.L.P. Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, which has been adopted by Weaver and Tidwell L.L.P., (the Partnership), is a defined contribution profit sharing and 401(k) plan, covering employees of the Partnership who have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective November 30, 2012, the Plan consists of mutual funds with Fidelity Management Trust Company, the Custodian of the Plan. Prior to November 30, 2012, the Plan consisted of pooled separate accounts with John Hancock Life Insurance Company, the Custodian of the Plan. Contributions to the Plan, including participant salary deferrals, matching contributions, and rollovers from other plans, can be invested in any fund or combination of funds included in the Plan and are participant directed. A participant may change his or her investment options at any time, once enrolled.

The Custodians of the Plan's investments have provided certifications as to the accuracy and completeness of the information provided to the Plan Sponsor. Accordingly, the Plan has elected to instruct the auditors not to perform any auditing procedures with respect to the information prepared and certified by the Custodians, pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The limited scope exemption applies only to the Plan's investment assets, income and related transactions and supplemental schedule of assets, excluding notes receivable from participants.

Contributions

Participants may defer salary up to 90% of compensation, not to exceed the annual permissible dollar limit under the Internal Revenue Code (the IRC). Salary deferral contributions can be made as either pre-tax or Roth (after-tax) contributions.

The Plan provides for discretionary Partnership matching contributions, as well as discretionary profit sharing contributions based upon annual determinations by the Partnership. Participants who complete 1,000 hours of service during the Plan year and who are employed on the last day of the Plan year are eligible to share in contributions made by the Partnership. The Partnership made matching contributions of $498,854 and $485,403 for 2012 and 2011, respectively. The Partnership made discretionary profit sharing contributions of $679,823 and $637,777 for 2012 and 2011, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Partnership's contributions and an allocation of the Plan's earnings. The allocation of earnings is determined by the earnings of the participant's investment selection based on each participant's account balance and the investments selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferrals, rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant becomes 20% vested after two years of credited service, increasing 20% each year until 100% vested after six years of credited service or upon normal retirement age, death or total and permanent disability.

Forfeitures

Forfeitures of nonvested benefits are used to pay administrative expenses related to the operation of the Plan. Remaining forfeitures, if any, are used to reduce any Partnership contributions. Forfeitures which reduced Company contributions for the years ended December 31, 2012 and 2011 were $53,000 and $31,066, respectively. At December 31, 2012 and 2011, available forfeited nonvested accounts totaled $42,769 and $40,624, respectively.

Notes Receivable From Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the total value of the participant's vested account balance. Loans are for a period not exceeding five years unless used to acquire a personal residence and bear interest at a reasonable fixed rate of interest based on prevailing market rates. Loans are repaid through payroll withholdings, including principal and interest. Participants can have two loans outstanding at a time.

Payment Of Benefits

The Plan provides for retirement at age 65, subject to postponement upon the mutual consent of the participant and the Partnership. At retirement or termination, whether by reason of death or total disability or otherwise, a participant may elect to receive a distribution paid as a lump-sum amount.

Hardship Withdrawals

A participant may make withdrawals from his or her participant deferral contributions account in the event of undue financial hardship, which includes payments for education expenses, medical or burial expenses, the purchase of a home or delinquent mortgage payments, and for the repair of damage to the participant's principal residence as defined by the Plan document.

Administrative Expenses

Plan forfeitures are used to offset certain administrative fees. Loan and other transaction fees are paid by the Plan participants. The Partnership pays remaining fees and administrative expenses.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis.

Net appreciation (depreciation) represents the difference between the aggregate fair value of investments at year end and the values at the beginning of the year and includes any realized gains and losses in securities that were bought and sold during the year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through September 30, 2013, the date which the financial statements were available for issue.

3. Certified Financial Information

Financial information related to investments of $26,487,975 and $20,504,846 at December 31, 2012 and 2011, respectively, and net appreciation (depreciation) of $2,988,260 and ($825,552) for the years ended December 31, 2012 and 2011, respectively, is included on the financial statements and is based on information provided by John Hancock Life Insurance Company (John Hancock) and Fidelity Management Trust Company (Fidelity). This information, which has not been audited by the Plan's independent auditors, has been certified that such information is complete and accurate.

The following investments represent 5% or more of the Plan's net assets as of the end of the respective Plan year:

	December 31,

T. Rowe Price Personal Strategy Growth	**9,971,922**	***

*** Investment did not meet the 5% threshold or was not a Plan asset at the end of the respective Plan year.

Prior to November 30, 2012, the Plan held an investment contract with John Hancock. John Hancock maintained contributions in pooled separate accounts that were credited with earnings on the underlying investments and charged for plan withdrawals and administrative expenses. The values of the pooled separate accounts were adjusted daily based on the fair values of the underlying investments. The value of each pooled separate account was expressed in units, with such value determined at the close of each business day by dividing the fair value of the account by the total number of units in the account. Contributions increased the number of units while withdrawals decreased the number of units of the Plan based on daily unit value. Investment income and loss were allocated in the same manner.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts

Valued at the NAV of units held by the Plan at year end. The NAV, as provided by the administrator of the pooled separate account, is used as a practical expedient to estimate fair value. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised, primarily, of shares of registered investment companies held through sub-accounts of a separate account of an insurance company. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted NAV under agreements with the insurance company.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

The investment strategies of the pooled separate accounts were:

Index Funds aim to replicate the movements of an index of a specific financial market, or set rules of ownership that are held constant, regardless of market conditions.

Growth Funds seek long-term growth of capital.

Value Funds seek to achieve long-term capital appreciation and growth of capital by investing in undervalued stocks that have the potential for significant longer-term rewards.

Equity Funds invest primarily in common stocks of companies of any size located throughout the world, and seek long-term growth of capital in a manner consistent with the preservation of capital.

Lifestyle Funds invest in a mix of assets (stocks, bonds, cash equivalents) in order to maximize investment return while staying in-line with the investors' risk tolerance.

Lifecycle Funds invest in a mix of assets (stocks, bonds, cash equivalents) in order to meet the investment horizon appropriate for the particular investor.

Bond Funds seek income or growth of income with less emphasis on capital appreciation.

Opportunity Funds seek to achieve long-term growth of capital by investing in equity securities in an attempt to take advantage of what it believes are opportunistic situations for undervalued securities.

Other Funds include various investments and approaches that focus on return of capital and stable income.

There have been no changes in the methodologies used at December 31, 2012 or 2011.

5. Related Party And Party-In-Interest Transactions

Effective November 30, 2012, the Plan investments include mutual funds managed by Fidelity Investments, the Custodian as defined by the Plan and, therefore, qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Prior to November 30, 2012, the Plan investments were units of pooled separate accounts managed by John Hancock. John Hancock was the Custodian through November 30, 2012, as defined by the Plan and, therefore these transactions qualified as party-in-interest transactions.

Certain employees have outstanding loans with the Plan as of December 31, 2012 and 2011. These loans are considered party-in-interest transactions in accordance with Department of Labor guidelines.

6. Notes Receivable From Participants

Loans are secured by participants' vested account balances. The loans are repaid in semi-monthly payments, through payroll withholdings, including principal and interest at rates ranging from 4.25% to 7.00%. The final installments are due on various dates through April 2038.

7. Risks And Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Income Tax Status

The Plan uses a prototype plan document sponsored by Fidelity Management & Research Company (FMRS). FMRS received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan's federal tax returns for tax years 2009 and later remain subject to examination by taxing authorities.

Report On The Financial Statements

We were engaged to audit the accompanying financial statements of the Weaver And Tidwell L.L.P. Profit Sharing Plan And Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility For The Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis For Disclaimer Of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis For Disclaimer Of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (John Hancock) and Fidelity Management Trust Company, the Custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from November 30, 2012 to December 31, 2012, and that John Hancock held the Plan's investment assets and executed investment transactions for the period from January 1, 2012 to November 30, 2012 and for the year ended December 31, 2011. The Plan Administrator has obtained certifications from the Custodians as of December 31, 2012 and 2011, and for the years then ended, that the information provided to the Plan Administrator by the Custodians is complete and accurate.

Disclaimer Of Opinion

Because of the significance of the matter described in the Basis For Disclaimer Of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis For Disclaimer Of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report On Form And Content In Compliance With DOL Rules And Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description Of The Plan

The following description of the Weaver and Tidwell, L.L.P. Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, which has been adopted by Weaver and Tidwell L.L.P., (the Partnership), is a defined contribution profit sharing and 401(k) plan, covering employees of the Partnership who have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective November 30, 2012, the Plan consists of mutual funds with Fidelity Management Trust Company, the Custodian of the Plan. Prior to November 30, 2012, the Plan consisted of pooled separate accounts with John Hancock Life Insurance Company, the Custodian of the Plan. Contributions to the Plan, including participant salary deferrals, matching contributions, and rollovers from other plans, can be invested in any fund or combination of funds included in the Plan and are participant directed. A participant may change his or her investment options at any time, once enrolled.

The Custodians of the Plan's investments have provided certifications as to the accuracy and completeness of the information provided to the Plan Sponsor. Accordingly, the Plan has elected to instruct the auditors not to perform any auditing procedures with respect to the information prepared and certified by the Custodians, pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The limited scope exemption applies only to the Plan's investment assets, income and related transactions and supplemental schedule of assets, excluding notes receivable from participants.

Contributions

Participants may defer salary up to 90% of compensation, not to exceed the annual permissible dollar limit under the Internal Revenue Code (the IRC). Salary deferral contributions can be made as either pre-tax or Roth (after-tax) contributions.

The Plan provides for discretionary Partnership matching contributions, as well as discretionary profit sharing contributions based upon annual determinations by the Partnership. Participants who complete 1,000 hours of service during the Plan year and who are employed on the last day of the Plan year are eligible to share in contributions made by the Partnership. The Partnership made matching contributions of $498,854 and $485,403 for 2012 and 2011, respectively. The Partnership made discretionary profit sharing contributions of $679,823 and $637,777 for 2012 and 2011, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Partnership's contributions and an allocation of the Plan's earnings. The allocation of earnings is determined by the earnings of the participant's investment selection based on each participant's account balance and the investments selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferrals, rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant becomes 20% vested after two years of credited service, increasing 20% each year until 100% vested after six years of credited service or upon normal retirement age, death or total and permanent disability.

Forfeitures

Forfeitures of nonvested benefits are used to pay administrative expenses related to the operation of the Plan. Remaining forfeitures, if any, are used to reduce any Partnership contributions. Forfeitures which reduced Company contributions for the years ended December 31, 2012 and 2011 were $53,000 and $31,066, respectively. At December 31, 2012 and 2011, available forfeited nonvested accounts totaled $42,769 and $40,624, respectively.

Notes Receivable From Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the total value of the participant's vested account balance. Loans are for a period not exceeding five years unless used to acquire a personal residence and bear interest at a reasonable fixed rate of interest based on prevailing market rates. Loans are repaid through payroll withholdings, including principal and interest. Participants can have two loans outstanding at a time.

Payment Of Benefits

The Plan provides for retirement at age 65, subject to postponement upon the mutual consent of the participant and the Partnership. At retirement or termination, whether by reason of death or total disability or otherwise, a participant may elect to receive a distribution paid as a lump-sum amount.

Hardship Withdrawals

A participant may make withdrawals from his or her participant deferral contributions account in the event of undue financial hardship, which includes payments for education expenses, medical or burial expenses, the purchase of a home or delinquent mortgage payments, and for the repair of damage to the participant's principal residence as defined by the Plan document.

Administrative Expenses

Plan forfeitures are used to offset certain administrative fees. Loan and other transaction fees are paid by the Plan participants. The Partnership pays remaining fees and administrative expenses.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis.

Net appreciation (depreciation) represents the difference between the aggregate fair value of investments at year end and the values at the beginning of the year and includes any realized gains and losses in securities that were bought and sold during the year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through September 30, 2013, the date which the financial statements were available for issue.

3. Certified Financial Information

Financial information related to investments of $26,487,975 and $20,504,846 at December 31, 2012 and 2011, respectively, and net appreciation (depreciation) of $2,988,260 and ($825,552) for the years ended December 31, 2012 and 2011, respectively, is included on the financial statements and is based on information provided by John Hancock Life Insurance Company (John Hancock) and Fidelity Management Trust Company (Fidelity). This information, which has not been audited by the Plan's independent auditors, has been certified that such information is complete and accurate.

The following investments represent 5% or more of the Plan's net assets as of the end of the respective Plan year:

	December 31,

Fidelity Retirement Money Market	**$ 2,470,376**	***

T. Rowe Price Personal Strategy Growth	**9,971,922**	***

*** Investment did not meet the 5% threshold or was not a Plan asset at the end of the respective Plan year.

Prior to November 30, 2012, the Plan held an investment contract with John Hancock. John Hancock maintained contributions in pooled separate accounts that were credited with earnings on the underlying investments and charged for plan withdrawals and administrative expenses. The values of the pooled separate accounts were adjusted daily based on the fair values of the underlying investments. The value of each pooled separate account was expressed in units, with such value determined at the close of each business day by dividing the fair value of the account by the total number of units in the account. Contributions increased the number of units while withdrawals decreased the number of units of the Plan based on daily unit value. Investment income and loss were allocated in the same manner.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts

Valued at the NAV of units held by the Plan at year end. The NAV, as provided by the administrator of the pooled separate account, is used as a practical expedient to estimate fair value. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised, primarily, of shares of registered investment companies held through sub-accounts of a separate account of an insurance company. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted NAV under agreements with the insurance company.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	$ —	$ 20,504,846	$ —	$ 20,504,846

The investment strategies of the pooled separate accounts were:

Index Funds aim to replicate the movements of an index of a specific financial market, or set rules of ownership that are held constant, regardless of market conditions.

Growth Funds seek long-term growth of capital.

Value Funds seek to achieve long-term capital appreciation and growth of capital by investing in undervalued stocks that have the potential for significant longer-term rewards.

Equity Funds invest primarily in common stocks of companies of any size located throughout the world, and seek long-term growth of capital in a manner consistent with the preservation of capital.

Lifestyle Funds invest in a mix of assets (stocks, bonds, cash equivalents) in order to maximize investment return while staying in-line with the investors' risk tolerance.

Lifecycle Funds invest in a mix of assets (stocks, bonds, cash equivalents) in order to meet the investment horizon appropriate for the particular investor.

Bond Funds seek income or growth of income with less emphasis on capital appreciation.

Opportunity Funds seek to achieve long-term growth of capital by investing in equity securities in an attempt to take advantage of what it believes are opportunistic situations for undervalued securities.

Other Funds include various investments and approaches that focus on return of capital and stable income.

There have been no changes in the methodologies used at December 31, 2012 or 2011.

5. Related Party And Party-In-Interest Transactions

Effective November 30, 2012, the Plan investments include mutual funds managed by Fidelity Investments, the Custodian as defined by the Plan and, therefore, qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Prior to November 30, 2012, the Plan investments were units of pooled separate accounts managed by John Hancock. John Hancock was the Custodian through November 30, 2012, as defined by the Plan and, therefore these transactions qualified as party-in-interest transactions.

Certain employees have outstanding loans with the Plan as of December 31, 2012 and 2011. These loans are considered party-in-interest transactions in accordance with Department of Labor guidelines.

6. Notes Receivable From Participants

Loans are secured by participants' vested account balances. The loans are repaid in semi-monthly payments, through payroll withholdings, including principal and interest at rates ranging from 4.25% to 7.00%. The final installments are due on various dates through April 2038.

7. Risks And Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Income Tax Status

The Plan uses a prototype plan document sponsored by Fidelity Management & Research Company (FMRS). FMRS received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan's federal tax returns for tax years 2009 and later remain subject to examination by taxing authorities.
