Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditor's Report

To the Plan Administrator
Dunlap Community Hospital
Employees' Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Dunlap Community Hospital Employees' Pension Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2012 and 2011 and the related statement of changes in net assets available for benefits for the years then ended.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes related transactions. The plan administrator has obtained certifications from the Trustee as of and for the years ended December 31, 2012 and 2011 that the information provided to the plan administrator by the Trustee is complete and accurate.

To the Plan Administrator

Employees' Pension Plan

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets held at end of year as of December 31, 2012 and reportable transactions for the year ended December 31, 2012 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Dunlap Community Hospital Employees' Pension Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 1 - Plan Description

The following brief description of Dunlap Community Hospital Employees' Pension Plan (the "Plan"), formerly known as Dunlap Memorial Hospital Employees' Pension Plan, is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General - The Plan is a defined benefit pension plan covering substantially all employees of Dunlap Community Hospital (the "Hospital"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On October 28, 2008, the board of directors, as permitted by the plan document, approved to amend the Plan effective December 31, 2008. Under the amended plan, participants had their accrued benefits frozen as of December 31, 2008 (Freeze Date). Effective January 1, 2009, no new participants were permitted into the Plan.

Eligibility and Vesting - Employees who are at least 21 years old became participants in the Plan following completion of one year of service in which they worked at least 1,000 hours. Participants are fully vested for normal retirement benefits after seven years of service.

Funding - Contributions are made by the Hospital in actuarially determined amounts. Annual contributions meet the minimum funding requirements of ERISA.

Contributions - The Hospital maintains a funding standard account with annual contributions to the Plan determined on an actuarial basis, but in no instance below the minimum required by Section 412 of the Internal Revenue Code. All contributions to the Plan are made by the Hospital. No voluntary employee contributions are allowed.

Normal Retirement Benefit - The normal retirement benefit is a benefit for life, equal to the product of (a) the sum of 0.45 percent of average annual earnings up to covered compensation and 0.90 percent of average annual earnings in excess of covered compensation and (b) completed years and months of credited service, not to exceed 35 years. The yearly benefit shall not be less than \$240.

Early Retirement Benefit - Early retirement is provided upon attainment of age 55 and completion of 20 years of credited service. The early retirement benefit is calculated as a percentage of the accrued benefit as of the early retirement date based on the age of the nearest birthday.

Late Retirement Benefit - The Plan provides for late retirement benefits which are based on the greater of the actuarial equivalent of the benefit determined as of normal retirement date and the benefit based on service and earnings to the late retirement date.

Death Benefit - The Plan provides for death benefits upon completion of three years of qualified service.

Note 2 - Summary of Significant Accounting Policies

Benefit Payments - Distributions to beneficiaries are recorded when distributed by the Plan.

Administrative Fees - Certain administrative fees incurred were paid by the Hospital.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - Contributions to the Plan and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, employee compensation, and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the statement of net assets available for benefits.

Investment Valuation - The Plan's investments are stated at fair value. Investments in common collective trust funds are stated at fair value, based on the fair market values of the underlying assets.

All other investments are valued based on quoted market prices. See Note 7 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 30, 2013, which is the date the financial statements were available to be issued.

Notes to Financial Statements December 31, 2012 and 2011

Note 3 - Unaudited Information

Reliance Trust Company (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedules of assets held at end of year and reportable transactions are based solely on information provided by the Trustee. Additionally, the Plan invests in certain assets managed by the Trustee, which qualifies as a party-in-interest transaction under ERISA guidelines.

Note 4 - Benefits

The actuarial present value of accumulated plan benefits was determined by Standard Retirement Services, Inc., consulting actuaries. The most recent calculations of the estimated present value of accumulated plan benefits attributable to participants in the Plan, which were made as of December 31, 2011 and 2010, are as follows:

	<u>2011</u>	<u>2010</u>
Actuarial Present Value of Accumulated Plan Benefits		
Vested benefits:		
Participants currently receiving benefit payments	\$ 584,838	\$ 569,871
Other participants	1,120,941	1,210,604
Participants entitled to deferred benefits	<u>286,258</u>	<u>185,517</u>
Total vested benefits	1,992,037	1,965,992
Nonvested benefits	<u>6,233</u>	<u>7,204</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 1,998,270</u>	<u>\$ 1,973,196</u>

Dunlap Community Hospital Employees' Pension Plan

Notes to Financial Statements December 31, 2011 and 2010

Note 4 - Benefits (Continued)

The changes in the actuarial present value of the accumulated plan benefits for the years ended December 31, 2011 and 2010 are as follows:

	<u>2011</u>	<u>2010</u>
Actuarial Present Value of Accumulated Plan		
Benefits - Beginning of year	\$ 1,973,196	\$ 2,098,269
Increase (decrease) during the year		
attributable to:		
Benefits accumulated	37,931	67,394
Interest due to the decrease in the discount		
period	142,277	144,946
Benefits paid to participants	<u>(155,134)</u>	<u>(337,413)</u>
Net increase (decrease)	<u>25,074</u>	<u>(125,073)</u>
Actuarial Present Value of Accumulated Plan		
Benefits - End of year	<u>\$ 1,998,270</u>	<u>\$ 1,973,196</u>

Certain of the assumptions underlying the actuarial computations for the plan years ended December 31, 2011 and 2010 are summarized as follows:

Actuarial valuation method	-	PPA Smoothed Market Value with 24 month phase-in
Assumed rate of return on investments	-	7.50 percent
Mortality basis	-	2011 - IRS 2012 optional combined valuation 2010 - IRS 2011 optional combined valuation
Retirement age	-	65 years of age in 2011 and 2010

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Dunlap Community Hospital Employees' Pension Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 5 - Plan Termination

Should the Plan terminate at some future time, its net assets generally will not be available on a pro-rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty while other benefits may not be provided for at all.

Note 6 - Tax Status

The Plan obtained its latest determination letter on December 25, 1998, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Hospital has applied for a new determination letter and the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2009.

Note 7 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2012 and 2011.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Dunlap Community Hospital Employees' Pension Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 7 - Fair Value Measurements (Continued)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2012

Total	\$ 58,162	\$ 1,804,137	\$ -	\$ 1,862,299

- (a) This class represents investments in actively managed common collective trust funds that invest in a variety of equity mutual funds. Investments are valued at the fair value per share multiplied by the number of shares held as of the measurement date.
- (b) This class represents investments in actively managed common collective trust funds with investments in fixed-income mutual funds. Investments are valued at the fair value per share multiplied by the number of shares held as of the measurement date.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period. There were no significant transfers between levels of the fair value hierarchy during 2012.
