Note 1 - Description of Plan

The DCA Profit Sharing 401(k) Plan (the "Plan") is organized as a defined contribution plan under Section 401(k) of the Internal Revenue Code and covers substantially all eligible employees of The Falcon Corporation and Dave Carter & Associates, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by a trustee appointed by the Board of Directors of the Company. The Plan was established effective September 1, 1993. The Plan was amended and restated effective January 1, 2002 and again on December 1, 2003. The Plan was amended on January 1, 2008 and on December 31, 2010 to comply with regulations required by law. The Plan was also restated effective December 1, 2011 to provide a Roth investment option and again on January 1, 2012. The following is provided only for general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

Eligibility

Employees who have attained age 21 and completed at least sixty days of employment are eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to the maximum amount allowable not to exceed the limits of Code Sections 401(k), 402(g), 404 and 415. Additional profit sharing or matching amounts may be contributed at the option of the Company's Board of Directors. Participants direct the investment of contributions into various investment options offered by the Plan. For 2012 and 2011, the Company did not elect to make any matching contributions or a profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's discretionary contribution and Plan earnings and may be charged with an allocation of administration expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is determined under the following schedule:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Note 1 - Description of Plan, (Continued)

Vesting, (Continued)

A participant will also be 100% vested under any of the following circumstances:

- Death before retirement date.
- Disability before retirement date.
- Attainment of normal retirement age.

In addition, a participant is immediately 100% vested in any amount which has been transferred or rolled over into the Plan from another qualified employee benefit plan.

Forfeitures

The nonvested portion of a participant's account is forfeited upon termination of their employment with the Company. Forfeitures attributable to matching contributions will be used to reduce the employer's matching contribution. All other forfeitures are allocated to all participants eligible to share in the same proportion that participant's compensation for the Plan year bears to the compensation of all participants for such year.

Payment of Benefits

On termination due to death, disability, or regular retirement, a participant is entitled to receive a lump-sum amount equal to the value of the participant's account. Upon termination for any reason other than death, disability or retirement a participant shall receive the value of the vested interest in his or her account. Annuities are allowed but are not the normal form of distribution. Benefits are recorded when paid.

Participant Loans

Participant loans are not allowed under the Plan.

Plan Expenses

All expenses of administration may be paid out of the Plan unless paid by the Company. Most of the general expenses of the administration of the Plan are paid by the Company.

Note 2 - Summary of Significant Accounting Policies

The financial statements of the Plan are prepared under the accrual method of accounting. The following is a summary of the more significant accounting principles and practices used in the preparation of the accompanying financial statements.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies, (Continued)

Investment Valuation and Income Recognition

Some of the Plan's investments are managed internally by Great West Life and Annuity Insurance Company (Great West) and Hartford Life Insurance Company (Hartford), and others are managed by external money managers, with well-known mutual funds serving as investment media that underlie such investments options. Regardless of the type of investment option, Great West and Hartford serve as the intermediary for all asset purchases and redemptions and determines the fair market value of the investments. Separate accounts' unit values are updated daily based upon the change in net asset values of the underlying mutual fund investments, dividends, capital gains or loss distributions and expense charges.

Risks and Uncertainties

The Plan invests in a variety of investment funds and guaranteed funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 3 - Information Prepared and Certified by Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified by the custodians of the Plan as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $2,415,493 and $2,110,914 at December 31, 2012 and 2011 respectively, and related gains of $200,537 for the year ending December 31, 2012. The related gains of $200,537 consist of the appreciation in fair value of the investments of $191,254 and interest income of $9,283.

The following presents investments at December 31, 2012 and 2011 that represent 5% or more of the Plan's net assets:

Note 3 - Information Prepared and Certified by Custodian (Unaudited), (Continued)

*Amount of investment not listed, as it does not exceed 5% or more of the Plan's net assets at December 31, 2012 or 2011.

Note 4 - Investment Contract with Insurance Company

The Plan has an investment contract with Great West for the year 2012 and also with Hartford beginning June 1, 2012. Great West and Hartford maintain the contributions in pooled separate accounts with one investment held in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investments are included in the financial statements at fair value as determined by Great West and Hartford. This value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the investment, withdrawal or transfer of all or a portion of their investment.

Note 5 - Fair Value Measurements

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Note 5 - Fair Value Measurements, (Continued)

Variable annuities: Valued at the net asset value ("NAV") of the underlying mutual fund, which is then adjusted for expenses, held by the plan at year end.

Fixed income account: Valued at fair value with a minimum guaranteed rate of return.

Fixed annuities: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$1,722,332	$ 0	$ 0	$1,722,332
Fixed income account	0	686,030	0	686,030
Fixed annuities	0	0	7,131	7,131
Total assets at fair value	$1,722,332	$ 686,030	$ 7,131	$2,415,493

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Variable annuities	$ 0	$1,656,370	$ 0	$1,656,370
Fixed annuities	0	0	454,544	454,544
Total assets at fair value	$ 0	$1,656,370	$ 454,544	$2,110,914

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2012:

	Level 3 Assets Year Ended December 31, 2012 Fixed Annuities
Balance, beginning of year	$ 454,544
Realized gains (losses)	3,153
Unrealized gains (losses) relating to instruments still held at the reporting date	0
Purchases, issuances, sales, and settlements:	
Purchases	60,981
Issues	0
Sales	(511,547)
Settlements	0
Balance, end of year	$ 7,131

Note 5 - Fair Value Measurements, (Continued)

Level 3 Gains and Losses, (Continued)

The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	$ 0

Gains and losses (realized and unrealized) included in net assets available for benefits for the year ended December 31, 2012, are reported in interest income and net appreciation in the fair value of investments.

The Plan's policy is to recognize transfers in and transfers out as of the actual date of the event or change in circumstances that caused the transfer. For the year ending December 31, 2012, there were no significant transfers into or out of levels 1, 2, or 3.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

Note 7 - Tax Status

The Plan obtained its latest determination letter on March 16, 2010, in which the Internal Revenue Service stated that the Plan is in compliance with the applicable requirements of the Internal Revenue code. The Plan has been amended since receiving the determination letter to comply with regulations required by law. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 8 - Parties-In-Interest Transactions

Parties-in-interest include fiduciaries of the Plan, any person who provides services to the Plan, the employer, and certain other parties. Transactions during the year with parties-in-interest included the following:

The employer, Dave Carter & Associates, Inc., provided certain accounting, administrative, and investment management services to the Plan for which no fees are charged. Furthermore, Great West and Hartford, the custodians of the Plan, charged administrative fees in the amount of $25. The custodians hold the Plan investments and provide investment advisory and recordkeeping services to the Plan.

Note 9 - Custodians

During the year ended December 31, 2012, the Plan changed recordkeepers and custodians from Great West to Hartford for all of the investments except for the Guaranteed Portfolio Fund, which totaled $7,131 at December 31, 2012. On June 14, 2012, all of the Plan assets were transferred to Hartford except for the Guaranteed Portfolio Fund, which was not transferred to the new custodian until subsequent to the plan year ending December 31, 2012.

Note 10 - Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through the date the financial statements were issued, or October 11, 2013.

On January 1, 2013, the third party administrator, Hartford Retirement Services, LLC, was acquired by Massachusetts Mutual Life Insurance Company, who became the new third party administrator. No other subsequent events have been recognized or disclosed.
