As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Standard Insurance Company ("The Standard"), the certifying agent of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that The Standard holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from The Standard as of December 31, 2012 and for the year then ended, that the information provided to the plan administrator by The Standard is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule, the Schedule of Assets (Held at End of Year), as of December 31, 2012 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2011 Financial Statements

The financial statements of the Plan as of December 31, 2011 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by The Standard, the certifying agent of the Plan. Their report, dated September 27, 2012, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by The Standard, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by The Standard, have been audited by us in accordance with GAAS and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF PLAN

The following description of Neighborhood Restaurant Partners, LLC (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Company established the Plan effective April 1, 1996. Certain provisions of the Plan were amended and restated effective February 1, 2010. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Eligibility

The Plan is a defined contribution profit sharing plan covering substantially all employees (other than union employees, leased employees and nonresident aliens) of the Company and any affiliated company that adopts the Plan.

Upon attainment of at least 21 years of age and completion of one year of service, employees are eligible to participate in the Plan. Eligible employees may enroll in the Plan on the first day of the quarter following eligibility.

(c) Contributions

Participants may contribute up to 100% of annual pre-tax compensation, as defined in the Plan document. Participants age fifty and older may also make catch-up contributions. Participant contributions are subject to certain limitations of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans.

The Company's matching contribution is discretionary. During 2012, the Company made matching contributions equal to 50% of the first 5% of the participant's salary deferral contributions, as defined by the Plan.

The Company may also make discretionary profit sharing contributions to the Plan. In general, a participant must be employed at the end of the Plan year in order to be eligible for such contributions. These contributions are allocated based on the participant's compensation. During 2012, the Company did not make any discretionary profit sharing contributions to the Plan.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

(d) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings (losses). Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with rates charged by other lenders on similar notes. Interest rates range from 3.25% to 7.75% for notes receivable outstanding at December 31, 2012. Principal and interest repayments are made ratably through payroll deductions over a period not to exceed five years, unless the notes are for the purchase a primary residence.

(f) Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Company contributions vest according to the following schedule:

Years of Service:	Vested Percentage
Less than two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six or more	100%

Participants must be credited with a minimum of 1,000 hours of service during the Plan year to complete a year of service for vesting purposes.

(g) Payment of Benefits

In service withdrawals of all or a portion of a participant's vested account balance may be made by a participant after reaching the pre-retirement age of fifty-nine and one-half.

In the event of a participant's heavy and immediate financial hardship, as defined in the Plan document, a participant may withdraw up to 100% of cumulative pre-tax contributions and rollover contribution account balances, exclusive of certain earnings on pre-tax contributions.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

(g) Payment of Benefits (Continued)

Upon normal retirement, termination of employment, disability, or death, participants may receive the value of their vested account by lump-sum, installments or a combination of both.

(h) Forfeitures

Forfeitures of terminated participants' non-vested accounts can be used to pay administrative expenses or to reduce the future Company contributions. At December 31, 2012 and 2011, forfeited non-vested account balances were $841 and $795, respectively. Forfeited contributions of $8,408 were used to pay administrative fees in 2012.

(i) Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Certain other administrative expenses of the Plan are paid by the Participants. Investment fees are paid by the Plan in the form of reductions of net investment income earned by Plan participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The Plan follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP").

The Plan holds a fully benefit-responsive guaranteed investment contract. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for plan benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(b) Recent Accounting Pronouncements

In May 2011, FASB issued Accounting Standards Update ("ASU") 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards ("IFRS"). ASU 2011-04 amended ASC 820, Fair Value Measurements and Disclosures, to provide a consistent definition of fair value and improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. GAAP and IFRS. Some of the amendments clarify the application of existing fair value measurement and disclosure requirements, while other amendments change a particular principle or requirement for measuring fair value or disclosing information about fair value measurements. The amendments were to be applied prospectively and were effective for annual periods beginning after December 15, 2011. The adoption of this requirement did not have a material impact on the Plan's financial statements.

(c) Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

(d) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchase and sales of investments are recorded on the trade date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(e) Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default the participant loan balance is reduced and a benefit payment is recorded.

(f) Payment of Benefits

Benefit payments to participants are recorded upon distribution.

(g) Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

(h) Subsequent Events

Management has reviewed subsequent events through the date of this report, which is the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (the "DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Standard Insurance Company ("The Standard") has provided certification that the financial information included in the financial statements and supplemental schedule as of December 31, 2012 and 2011 and for the year ended December 31, 2012 provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2012 and 2011 and for the year ended December 31, 2012 is covered by such certifications and has not been audited by independent auditors.

NOTE 3 - INVESTMENTS (Unaudited) (Continued)

Individual investments that represent 5% or more of the Plan's net assets are as follows at December 31:

	2012	2011
Pooled Separate Accounts:		
T. Rowe Price Equity-Income	$ 221,740	$ 204,235
Vanguard 500 Index Signal	432,824	415,997
Federated Mid-Cap	354,992	328,591
T. Rowe Price Mid-Cap Growth	343,683	312,301

Dodge and Cox Intl Stock	378,285	300,928
Guaranteed Investment Contract:		
Stable Asset Fund	937,370	743,671

NOTE 4 - FAIR VALUE MEASUREMENTS

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Basis of Fair Value Measurement (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled Separate Accounts

Units of each pooled separate account are stated at fair value. The value of units held in pooled separate accounts is based on quoted market prices of the underlying investments and is based on the net asset value of the shares held by the Plan at year-end.

Guaranteed Investment Contract

The guaranteed investment contract is valued at fair value by The Standard by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Company evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data.

Total Plan investment assets at fair value classified within Level 3 were 26% and 22% of total investments as of December 31, 2012 and 2011, respectively.

The tables below represent fair value measurement hierarchy of the Plan investment assets at fair value as of December 31, 2012 and 2011:

Instrument	Fair Value	Principal Valuation Technique	Significant Inputs	Weighted Average
Guaranteed Investment Contract	$1,039,169	Liquidation value, which is equal to the fair value of the underlying separate account. The SAGIC contract utilized the underlying separate account as an investment vehicle and provides certain book value guarantees. NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements (Continued)

In estimating fair value of the investments in level 3, the Investment Committee uses a third party pricing source. In substantiating the reasonableness of the pricing data provided by third parties, the Company evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

NOTE 5 - GUARANTEED INVESTMENT CONTRACT WITH STANDARD INSURANCE COMPANY

The Plan holds a fully benefit-responsive guaranteed investment contract with The Standard. The Plan invested in the Stable Asset Fund, a general-account backed contract.

The Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract.

The contract is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 5 - GUARANTEED INVESTMENT CONTRACT WITH STANDARD INSURANCE COMPANY (Continued)

The fair value of the contract at December 31, 2012 and 2011 was $1,039,169 and $743,671, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yields earned by the contract are as follows:

Average Yields:	2012	2011
Based on actual earnings	3.20%	3.19%
Based on interest rate credited to participants	3.17%	3.16%

NOTE 6 - PLAN TERMINATION

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by The Standard and therefore qualify as party-in-interest transactions. Notes receivable from participants are also defined by ERISA as party-in-interest transactions.

NOTE 8 - TAX STATUS

The Plan adopted the Volume Submitter 401(k) Profit Sharing Plan provided by Standard Retirement Services, Inc., which received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, stating that the Prototype Plan was designed in accordance with the provisions of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. The Company believes that the Plan continues to qualify and to operate as designed. Accordingly, the Plan's net investment income is exempt from income taxes.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize tax liability if the Company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2009.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE (H) OF FORM 5500

Payments are made subsequent to year end, to certain active participants, to return to them excess deferral contributions as required to satisfy the relevant non-discrimination provisions of the plan. These amounts are also included in the Plan's statement of net assets available for plan benefits as excess contributions payable at December 31, 2012 and 2011.
