CHESTNUT RIDGE TRANSPORTATION, INC.
EMPLOYEES 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

Note 1 - Plan Description:

The Chestnut Ridge Transportation, Inc. Employees 401(k) Profit Sharing Plan (the "Plan") is the Retirement Plan for Chestnut Ridge Transportation, Inc. The following description provides only general information. The Plan Document should be consulted for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan with a 401(k) feature covering all employees of the Company. Employees can enter the Plan and commence elective deferrals on the first day of the month following the date of being hired. Participants who are at least twenty-one years old are eligible to receive discretionary matching and profit sharing contributions on the first day of the month following their completion of one year of service (consisting of 850 hours of service within one employment year) if they are still employed by the Company at year end. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Each year, participants may contribute up to 90% of eligible pretax compensation not to exceed the maximum allowed by law. Participants are permitted to make contributions as "Roth" contributions. Participants may also contribute distributions from other qualified plans (rollovers). Each year the Company may elect to make a matching and/or profit sharing contribution to the Plan at the discretion of the Company's Board of Directors and subject to limitation by law. Participants must be employed at year end to participate in Company contributions. For the year ended December 31, 2012, the Company elected not to make a matching contribution. However, the Company did make additional matches related to the 2010 plan year during 2012. All contributions are participant directed.

Participant Accounts - Each participant's account is credited with the participant's contributions and the Company's matching and discretionary contributions, Plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with the participant's withdrawals or distributions and an allocation of administrative expenses. Allocations are made as prescribed in the Plan Document. The benefit to which a participant is entitled is the participant's vested balance.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Participants' vesting of Company contributions plus actual earnings thereon is based on years of service. A participant vests 20% after two years of credited service and each year thereafter, until 100% vested after six years of credited service. Upon death, disability, or retirement, as defined by the Plan Documents, a participant will become fully vested.

Participants' Notes Receivable - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans require repayment within 5 years, or up to 30 years if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest must be paid ratably through payroll deductions or otherwise in at least equal quarterly installments.

Goldstein, Karlewicz & Goldstein, LLP

Note 1 - Plan Description (Continued):

Payment of Benefits - Upon termination of service due to death, disability, retirement or other reasons, a participant, or his or her beneficiary, may elect to receive one of the following forms of payment equal to the value of the participant's vested interest in his or her account: 1) Lump sum; 2) Life annuity; 3) Survivor annuity; or 4) partial distribution. In those cases where the vested balance, excluding rollovers, is less than $5,000, a participant will receive the value of the vested interest as a lump sum distribution.

Forfeited Accounts - The Plan provides for forfeitures to reduce employer matching contributions. As of December 31, 2012, forfeitures available to reduce future employer contributions totaled $7,106. There was $1,192 of forfeitures during the year ended December 31, 2012.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The accompanying financial statements have been prepared on the modified cash basis of accounting. Under that basis, certain revenues and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. That basis differs from generally accepted accounting principles primarily because the Company has not recognized participants' and employers' contribution receivables and their related effects on earnings in the accompanying financial statements.

Accounting Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Accounting for Uncertainty in Income Taxes - FASB ASC Topic 740, Subtopic 10 prescribes a comprehensive model for how a plan should measure, recognize, present, and disclose in its financial statements uncertain tax positions that the plan has taken or expects to take on a tax return. The Plan adopted FASB ASC Topic 740, Subtopic 10 and recognizes tax benefits from uncertain tax positions only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such positions are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. There was no impact to the Plan's financial statements as a result of FASB ASC Topic 740, Subtopic 10.

The Plan's income tax returns for the past three years are subject to examination by tax authorities, and may change upon examination.

Expenses - Professional fees and other administrative expenses are paid by the Plan, unless paid by the Company.

Payment of Benefits - Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued):

Subsequent Events - The Company evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure. The accompanying financial statements consider events through October 3, 2013, the date the financial statements were available to be issued.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Shares/units of the registered investment companies and common collective trust are valued at quoted market prices, which represent the net asset value of shares/units held by the Plan at year-end. Participant notes receivable are valued at cost which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Investments - Investments that represent 5% or more of the Plan's net assets as of December 31, 2012 or 2011 are separately identified as follows:

	2012	2011
Cash and Cash Equivalents:		
SSGA Government Money Money Market Fund	$ *	$ 783,927
SSGA Cash Series US Govt L	799,615	*

Invesco Van Kampen Equity and Income Fund	341,755	285,188

* Investment did not represent 5% or more of the plan assets for the year

Note 3 - Information Prepared and Certified by Trustee:

The following information included in the accompanying financial statements and supplemental schedule as of December 31, 2012 and 2011 was obtained from data that has been prepared and certified to as complete and accurate by the Plan's trustee.

	2012	2011

Note 4 - Fair Value Measurements:

FASB ASC 820, *Fair Value Measurement,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements - The fair value of shares of registered investment companies is valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The fair value of the money market account is based on money market cash balances held by the Plan at year-end.

Level 2 Fair Value Measurements - The fair value of the Common Collective Trust is based on estimated fair values of the underlying investments in the respective trust at year end.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefit:

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices in Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
December 31, 2012			
Cash and Cash Equivalents	$ 799,615	$ 799,615	$ -
Common Collective Trust	429,208	-	429,208
Registered Investment Companies	1,300,320	1,300,320	-
Total	$ 2,529,143	2,099,935	$ 429,208
December 31, 2011			
Cash and Cash Equivalents	$ 783,927	$ 783,927	$ -
Common Collective Trust	357,976	-	357,976
Registered Investment Companies	1,047,841	1,047,841	-
Total	$ 2,189,744	1,831,768	$ 357,976

Note 5 - Party-In-Interest Transactions:

As of December 31, 2012 and 2011, Plan assets include funds held in cash equivalents as well as a common collective trust managed by State Street Bank and Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest.

GKG CERTIFIED PUBLIC ACCOUNTANTS & BUSINESS CONSULTANTS
Goldstein, Karlewicz & Goldstein, LLP

Note 6 - Tax Status:

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter, dated March 31, 2008, that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and the related trust was tax exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements

Note 7 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right, under the Plan Document, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. In the case of a partial termination, only those who separate from service will become fully vested.

Note 8 - Current Vulnerability Due to Concentrations of Credit Risk:

The Plan may invest in various types of investment securities. Investment securities are exposed to various market risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Note 9 - Commitments:

As of December 31, 2012, the Plan owed $469,479 to terminated employees.
