INDEPENDENT AUDITORS' REPORT

Participants and Plan Administrator
Meyco Products, Inc.
Employees 401(k) Plan
Melville, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Meyco Products, Inc. Employees 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012 , and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian, as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of inadequate records for the prior periods, we were not able to perform sufficient auditing procedures with respect to the participants' individual account balances accumulated from inception of the Plan, and therefore, were unable to form an opinion regarding the balances at January 1, 2008, or the propriety of the distributions to terminated participants during the year then ended.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As of December 31, 2012 and 2011 and for the Year Ended December 31, 2012

1. Plan Description

The following description of the Meyco Products, Inc. Employees 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Meyco Products, Inc. and its subsidiary, TopTec Products, LLC (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility - Employees become eligible to participate and contribute to the Plan upon completing one year of service. A participant is considered to have completed one year of service on the anniversary of the participant's first day of employment, provided that such participant has worked at least 1,000 hours during that 12 month period.

Plan administration - Bank of America acts as the Plan's trustee. Bank of America has a sub-custody agreement with Reliance Trust Company to hold the Plan assets. The Company has contracted with The Hartford to act as the Plan's third-party administrator to process and maintain the records of participant data. The Hartford has a sub-custody agreement with DST Systems, Inc. who provides computer processing services. Administrative expenses not paid by the Plan are paid by the Company.

Contributions - Participants may defer annual compensation up to 25% of their eligible compensation, not to exceed the contribution limits established by the Internal Revenue Service ("IRS"). Participants who have attained the age of 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified, employer-sponsored retirement plans. The Company may make matching and/or discretionary contributions at amounts to be determined annually by the Company.

Employee contributions are recorded in the period during which the Company makes payroll deductions from the participants' earnings. Employer contributions, if any, are recorded for the year to which the contribution applies. During the year ended December 31, 2012, the Company provided matching contributions equal to 50% of the first 6% of eligible compensation that a participant contributed to the Plan. Employer matching contributions totaled approximately $67,000 for the year ended December 31, 2012. There were no discretionary contributions during the year ended December 31, 2012.

Vesting - Participants are immediately vested in their voluntary contributions and rollovers, plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions is based on years of service. A participant becomes 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, 80% vested after five years of service, and 100% vested after six years of service. However, if an active participant dies or becomes permanently disabled prior to attaining the normal retirement age, the participant's account becomes 100% vested.

Participant accounts - Each participant's account is credited with the participant's contributions, allocation of the Company's contribution, if any, and an allocation of net Plan earnings. Employee elective deferrals, rollover contributions, and Company contributions are invested in funds in accordance with the participant's direction and the Plan provisions.

Notes receivable from participants - Participants may borrow a minimum of $1,000 up to the lesser of $50,000 or 50% of the vested portion of their account balance. The notes receivable from participants are secured by the participant's vested balance and are payable through payroll withholdings. Such loans bear a fixed rate of interest at the prime rate plus 1% at the time the loan is issued. Generally, the term of the loan may not exceed five years. A participant may have only one loan outstanding at any one time. Notes receivable from participants totaled approximately $70,000 and $86,000 at December 31, 2012 and 2011, respectively, and bear interest at rates ranging from 4.25% to 9.25%.

Hardship withdrawal - In cases of serious financial hardship, as defined by the Plan, participants may be eligible to receive an emergency withdrawal from a certain portion of their vested account balance.

Payment of benefits - Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive the value of the participant's vested account balance either in a lump-sum amount or in substantially equal installments.

Forfeitures - The Plan allows for forfeitures of nonvested terminated participant account balances to be used to reduce employer contributions. There were no forfeitures used to reduce employer contributions for the year ended December 31, 2012. At December 31, 2012, forfeited non-vested accounts totaling approximately $9,500 are included in Plan assets and are available for future allocation to the participants' accounts.

2. Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment valuation and income recognition - The Plan's investments are stated at fair value based upon quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized in the period earned. Gains and losses on the sales of investments are recognized when realized, while unrealized gains and losses are recognized daily based on fluctuations in market value. Realized and unrealized gains and losses are presented in accordance with the Department of Labor's reporting rules and, as such, are netted in the financial statements. The income or loss of each investment option, including the change in market value of investments, is allocated to participant accounts based on their proportionate interest in the total assets of the Plan.

Benefit payments - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events - Plan management has evaluated all subsequent events through October 11, 2013, the date the financial statements were available to be issued.

3. Certified Financial Information

The Plan assets at December 31, 2012 and 2011 are invested in registered investment companies. Investments at December 31, 2012 and 2011 totaling $4,525,343 and $3,900,071, respectively, were certified by Reliance Trust Company as complete and accurate, to the best of their knowledge, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investment income of $476,567 for the year ended December 31, 2012 was also certified by Reliance Trust Company.

4. Investments

The following presents investments that represent 5% or more of the Plan's net assets:

December 31,	**2012**	2011
Columbia Life Goal Balanced Growth Z	**$ 1,553,012**	$ 1,344,361
Columbia Bond Z	**704,115**	662,852
Retirement Reserves Money Fund	**581,844**	368,490
Columbia Large-Cap Index Z	**319,059**	290,877
Templeton Foreign Fund A	**249,429**	219,844
Columbia Contrarian Core	**251,541**	217,904

5. Fair Value Measurements

Accounting Standards Codification ("ASC") Topic 820, *"Fair Value Measurements"* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in the active market for identical assets or liabilities (Level 1 measurements) and the lowest priority to the unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012:

Mutual funds - Valued at the net asset value ("NAV") of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	
December 31,	**2012**	2011
Assets:		
Registered investment companies:		
Stock funds	**$ 3,166,044**	$ 2,809,851
Bond funds	**704,115**	662,852
Money market funds	**655,184**	427,368
Total	**$ 4,525,343**	$ 3,900,071

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"), which has been amended since receiving the determination letter. Further, the Plan has not completed the ADP/ACP Nondiscrimination Test for the Plan year end December 31, 2012. Based on the positive results from discrimination tests in previous years and the nature of the amendments to the Plan, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

7. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Bank of America, trustee of the Plan. As such, these transactions qualify as party-in-interest transactions. Purchases and sales of these funds are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Meyco Products, Inc. Employees 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012 , and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian, as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of inadequate records for the prior periods, we were not able to perform sufficient auditing procedures with respect to the participants' individual account balances accumulated from inception of the Plan, and therefore, were unable to form an opinion regarding the balances at January 1, 2008, or the propriety of the distributions to terminated participants during the year then ended.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

As of December 31, 2012 and 2011 and for the Year Ended December 31, 2012

1. Plan Description

The following description of the Meyco Products, Inc. Employees 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Meyco Products, Inc. and its subsidiary, TopTec Products, LLC (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility - Employees become eligible to participate and contribute to the Plan upon completing one year of service. A participant is considered to have completed one year of service on the anniversary of the participant's first day of employment, provided that such participant has worked at least 1,000 hours during that 12 month period.

Plan administration - Bank of America acts as the Plan's trustee. Bank of America has a sub-custody agreement with Reliance Trust Company to hold the Plan assets. The Company has contracted with The Hartford to act as the Plan's third-party administrator to process and maintain the records of participant data. The Hartford has a sub-custody agreement with DST Systems, Inc. who provides computer processing services. Administrative expenses not paid by the Plan are paid by the Company.

Contributions - Participants may defer annual compensation up to 25% of their eligible compensation, not to exceed the contribution limits established by the Internal Revenue Service ("IRS"). Participants who have attained the age of 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified, employer-sponsored retirement plans. The Company may make matching and/or discretionary contributions at amounts to be determined annually by the Company.

Employee contributions are recorded in the period during which the Company makes payroll deductions from the participants' earnings. Employer contributions, if any, are recorded for the year to which the contribution applies. During the year ended December 31, 2012, the Company provided matching contributions equal to 50% of the first 6% of eligible compensation that a participant contributed to the Plan. Employer matching contributions totaled approximately $67,000 for the year ended December 31, 2012. There were no discretionary contributions during the year ended December 31, 2012.

Vesting - Participants are immediately vested in their voluntary contributions and rollovers, plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions is based on years of service. A participant becomes 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, 80% vested after five years of service, and 100% vested after six years of service. However, if an active participant dies or becomes permanently disabled prior to attaining the normal retirement age, the participant's account becomes 100% vested.

Participant accounts - Each participant's account is credited with the participant's contributions, allocation of the Company's contribution, if any, and an allocation of net Plan earnings. Employee elective deferrals, rollover contributions, and Company contributions are invested in funds in accordance with the participant's direction and the Plan provisions.

Notes receivable from participants - Participants may borrow a minimum of $1,000 up to the lesser of $50,000 or 50% of the vested portion of their account balance. The notes receivable from participants are secured by the participant's vested balance and are payable through payroll withholdings. Such loans bear a fixed rate of interest at the prime rate plus 1% at the time the loan is issued. Generally, the term of the loan may not exceed five years. A participant may have only one loan outstanding at any one time. Notes receivable from participants totaled approximately $70,000 and $86,000 at December 31, 2012 and 2011, respectively, and bear interest at rates ranging from 4.25% to 9.25%.

Hardship withdrawal - In cases of serious financial hardship, as defined by the Plan, participants may be eligible to receive an emergency withdrawal from a certain portion of their vested account balance.

Payment of benefits - Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive the value of the participant's vested account balance either in a lump-sum amount or in substantially equal installments.

Forfeitures - The Plan allows for forfeitures of nonvested terminated participant account balances to be used to reduce employer contributions. There were no forfeitures used to reduce employer contributions for the year ended December 31, 2012. At December 31, 2012, forfeited non-vested accounts totaling approximately $9,500 are included in Plan assets and are available for future allocation to the participants' accounts.

2. Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment valuation and income recognition - The Plan's investments are stated at fair value based upon quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized in the period earned. Gains and losses on the sales of investments are recognized when realized, while unrealized gains and losses are recognized daily based on fluctuations in market value. Realized and unrealized gains and losses are presented in accordance with the Department of Labor's reporting rules and, as such, are netted in the financial statements. The income or loss of each investment option, including the change in market value of investments, is allocated to participant accounts based on their proportionate interest in the total assets of the Plan.

Benefit payments - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events - Plan management has evaluated all subsequent events through October 11, 2013, the date the financial statements were available to be issued.

3. Certified Financial Information

The Plan assets at December 31, 2012 and 2011 are invested in registered investment companies. Investments at December 31, 2012 and 2011 totaling $4,525,343 and $3,900,071, respectively, were certified by Reliance Trust Company as complete and accurate, to the best of their knowledge, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investment income of $476,567 for the year ended December 31, 2012 was also certified by Reliance Trust Company.

4. Investments

The following presents investments that represent 5% or more of the Plan's net assets:

December 31,	**2012**	2011
Columbia Life Goal Balanced Growth Z	**$ 1,553,012**	$ 1,344,361
Columbia Bond Z	**704,115**	662,852
Retirement Reserves Money Fund	**581,844**	368,490
Columbia Large-Cap Index Z	**319,059**	290,877
Templeton Foreign Fund A	**249,429**	219,844
Columbia Contrarian Core	**251,541**	217,904

5. Fair Value Measurements

Accounting Standards Codification ("ASC") Topic 820, *"Fair Value Measurements"* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in the active market for identical assets or liabilities (Level 1 measurements) and the lowest priority to the unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012:

Mutual funds - Valued at the net asset value ("NAV") of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	
December 31,	**2012**	2011
Assets:		
Registered investment companies:		
Stock funds	**$ 3,166,044**	$ 2,809,851
Bond funds	**704,115**	662,852
Money market funds	**655,184**	427,368
Total	**$ 4,525,343**	$ 3,900,071

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"), which has been amended since receiving the determination letter. Further, the Plan has not completed the ADP/ACP Nondiscrimination Test for the Plan year end December 31, 2012. Based on the positive results from discrimination tests in previous years and the nature of the amendments to the Plan, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

7. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Bank of America, trustee of the Plan. As such, these transactions qualify as party-in-interest transactions. Purchases and sales of these funds are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian, as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of inadequate records for the prior periods, we were not able to perform sufficient auditing procedures with respect to the participants' individual account balances accumulated from inception of the Plan, and therefore, were unable to form an opinion regarding the balances at January 1, 2008, or the propriety of the distributions to terminated participants during the year then ended.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

General - The Plan is a defined contribution plan covering all eligible employees of Meyco Products, Inc. and its subsidiary, TopTec Products, LLC (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility - Employees become eligible to participate and contribute to the Plan upon completing one year of service. A participant is considered to have completed one year of service on the anniversary of the participant's first day of employment, provided that such participant has worked at least 1,000 hours during that 12 month period.

Plan administration - Bank of America acts as the Plan's trustee. Bank of America has a sub-custody agreement with Reliance Trust Company to hold the Plan assets. The Company has contracted with The Hartford to act as the Plan's third-party administrator to process and maintain the records of participant data. The Hartford has a sub-custody agreement with DST Systems, Inc. who provides computer processing services. Administrative expenses not paid by the Plan are paid by the Company.

Contributions - Participants may defer annual compensation up to 25% of their eligible compensation, not to exceed the contribution limits established by the Internal Revenue Service ("IRS"). Participants who have attained the age of 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified, employer-sponsored retirement plans. The Company may make matching and/or discretionary contributions at amounts to be determined annually by the Company.

Employee contributions are recorded in the period during which the Company makes payroll deductions from the participants' earnings. Employer contributions, if any, are recorded for the year to which the contribution applies. During the year ended December 31, 2012, the Company provided matching contributions equal to 50% of the first 6% of eligible compensation that a participant contributed to the Plan. Employer matching contributions totaled approximately $67,000 for the year ended December 31, 2012. There were no discretionary contributions during the year ended December 31, 2012.

Vesting - Participants are immediately vested in their voluntary contributions and rollovers, plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions is based on years of service. A participant becomes 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, 80% vested after five years of service, and 100% vested after six years of service. However, if an active participant dies or becomes permanently disabled prior to attaining the normal retirement age, the participant's account becomes 100% vested.

Participant accounts - Each participant's account is credited with the participant's contributions, allocation of the Company's contribution, if any, and an allocation of net Plan earnings. Employee elective deferrals, rollover contributions, and Company contributions are invested in funds in accordance with the participant's direction and the Plan provisions.

Notes receivable from participants - Participants may borrow a minimum of $1,000 up to the lesser of $50,000 or 50% of the vested portion of their account balance. The notes receivable from participants are secured by the participant's vested balance and are payable through payroll withholdings. Such loans bear a fixed rate of interest at the prime rate plus 1% at the time the loan is issued. Generally, the term of the loan may not exceed five years. A participant may have only one loan outstanding at any one time. Notes receivable from participants totaled approximately $70,000 and $86,000 at December 31, 2012 and 2011, respectively, and bear interest at rates ranging from 4.25% to 9.25%.

Hardship withdrawal - In cases of serious financial hardship, as defined by the Plan, participants may be eligible to receive an emergency withdrawal from a certain portion of their vested account balance.

Payment of benefits - Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive the value of the participant's vested account balance either in a lump-sum amount or in substantially equal installments.

Forfeitures - The Plan allows for forfeitures of nonvested terminated participant account balances to be used to reduce employer contributions. There were no forfeitures used to reduce employer contributions for the year ended December 31, 2012. At December 31, 2012, forfeited non-vested accounts totaling approximately $9,500 are included in Plan assets and are available for future allocation to the participants' accounts.

2. Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment valuation and income recognition - The Plan's investments are stated at fair value based upon quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized in the period earned. Gains and losses on the sales of investments are recognized when realized, while unrealized gains and losses are recognized daily based on fluctuations in market value. Realized and unrealized gains and losses are presented in accordance with the Department of Labor's reporting rules and, as such, are netted in the financial statements. The income or loss of each investment option, including the change in market value of investments, is allocated to participant accounts based on their proportionate interest in the total assets of the Plan.

Benefit payments - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events - Plan management has evaluated all subsequent events through October 11, 2013, the date the financial statements were available to be issued.

3. Certified Financial Information

The Plan assets at December 31, 2012 and 2011 are invested in registered investment companies. Investments at December 31, 2012 and 2011 totaling $4,525,343 and $3,900,071, respectively, were certified by Reliance Trust Company as complete and accurate, to the best of their knowledge, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investment income of $476,567 for the year ended December 31, 2012 was also certified by Reliance Trust Company.

4. Investments

The following presents investments that represent 5% or more of the Plan's net assets:

December 31,	**2012**	2011
Columbia Life Goal Balanced Growth Z	**$ 1,553,012**	$ 1,344,361
Columbia Bond Z	**704,115**	662,852
Retirement Reserves Money Fund	**581,844**	368,490
Columbia Large-Cap Index Z	**319,059**	290,877
Templeton Foreign Fund A	**249,429**	219,844
Columbia Contrarian Core	**251,541**	217,904

5. Fair Value Measurements

Accounting Standards Codification ("ASC") Topic 820, *"Fair Value Measurements"* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in the active market for identical assets or liabilities (Level 1 measurements) and the lowest priority to the unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012:

Mutual funds - Valued at the net asset value ("NAV") of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	
December 31,	**2012**	2011
Assets:		
Registered investment companies:		
Stock funds	**$ 3,166,044**	$ 2,809,851
Bond funds	**704,115**	662,852
Money market funds	**655,184**	427,368
Total	**$ 4,525,343**	$ 3,900,071

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"), which has been amended since receiving the determination letter. Further, the Plan has not completed the ADP/ACP Nondiscrimination Test for the Plan year end December 31, 2012. Based on the positive results from discrimination tests in previous years and the nature of the amendments to the Plan, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

7. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Bank of America, trustee of the Plan. As such, these transactions qualify as party-in-interest transactions. Purchases and sales of these funds are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Effective January 1, 2013 - Role of MassMutual

Massachusetts Mutual Life Insurance Company (together, with its affiliates, "MassMutual") acquired The Hartford's Retirement Plans business effective January 1, 2013. In connection with the acquisition, MassMutual has been appointed to provide all administrative services necessary to support the Administrative Services Agreement for your plan. In this role, MassMutual receives all charges, fees and compensation payable to The Hartford for the services provided to your plan under the packaged retirement services programs. Additionally, MassMutual and its affiliates are responsible for marketing and selling the retirement plan services programs and paying compensation to Financial Intermediaries for sales and marketing activities related to the retirement plan services programs.

For Form 5500 Schedule C reporting purposes, all Direct Compensation items (e.g., fees distributed from participant accounts) plus certain Indirect Compensation items (e.g., sales commissions) are reported on a Plan Year basis, and all remaining Indirect Compensation items (e.g., revenue sharing) are reported on a Calendar Year basis. As a result, if your 2012 Plan Year is an off-calendar year Plan Year (e.g., July 1, 2012 - June 30, 2013) certain of your Plan's Schedule C information may list multiple entities as payors or payees of Direct and Indirect Compensation.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the Hartford product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2012 - 12/31/2012 and indirect compensation is presented on a calendar year basis ending 12/31/2012.

This report includes compensation actually paid to or by the Hartford within the indicated plan year as part of your Hartford product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your Hartford customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your Hartford Service Team should you require additional information regarding the compensation paid to or by Hartford with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

Total Direct Compensation Paid **$1,156.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Hartford Retirement Services, LLC EIN: 26-1589907

Service Codes: 15, 37, 38, 49, 64, 65, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **$1,156.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2012 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Hartford Retirement Services, LLC are the net result of aggregating direct compensation after the effects of adjustments processed in 2012, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Recordkeeping Service Fees Payor: Bank of America Corporation EIN: 94-1687665 **$11,078.00**

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. Hartford's Code of Ethics and Business Conduct generally restricts Hartford employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including Hartford, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-Hartford parties may not be available to The Hartford.

Please consult with your legal or tax advisors if you have any questions.

Recipient: Bank of America Corporation EIN: 94-1687665
