Independent Auditor's Report

To the Participants and Plan Administrator of the
Savvis, Inc. 401(k) Plan
St. Louis, Missouri

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Savvis, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SAVVIS, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2012

(See Independent Auditor's Report)

Note A - Plan Description

The following description of the Savvis, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan as defined by Section 401 of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On December 31, 2012, the Plan merged into the CenturyLink Dollars & Sense 401(k) Plan and Trust. See Note I for a discussion of the merger and related transfer of assets. All participants under the Plan shall have a benefit immediately after the merger, which is at least as great as the benefit determined under the Plan immediately before the merger.

Eligibility

Employees may enroll in the Plan on the first day of each month.

Contributions

Participants may contribute up to 60% of their compensation to the Plan, not to exceed certain dollar limits established by the IRC. Savvis, Inc. (the "Company" or "Employer") matches such contributions on a 50% basis up to a maximum of 8% of annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Eligible employees are enrolled in the Plan automatically. Unless an employee affirmatively elects otherwise, a 3% pre-tax contribution will be deducted from each payroll and the participant will receive the Company matching contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings and charged with an allocation of certain administrative expenses. Allocations are based on a participant earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements - Continued

December 31, 2012

(See Independent Auditor's Report)

Note A - Plan Description (Continued)

Vesting

Plan participants vest in the amount credited to the Company contribution account in accordance with the following schedule:

▪ after one year of service	25%
▪ after two years of service	50%
▪ after 3 years of service	100%

The entire amount credited to a participant's account becomes fully vested and nonforfeitable, if any of the following occur:

- The participant reaches normal retirement age
- Termination of participant's employment because of total disability
- The participant's death while employed

Participants' voluntary contributions are fully vested and nonforfeitable at all times. Forfeitures of the non-vested account balances of terminated participants are used to reduce future Company contributions to the Plan. During the years ended December 31, 2012 and 2011, forfeitures of \$572,689 and \$274,804 were used to offset the Employer's contributions. As of December 31, 2012 and 2011, forfeited non-vested accounts totaled \$0 and \$12,771, respectively.

Payment of Benefits

Upon attainment of normal retirement age or total disability, the amount credited to a participant's account shall be payable in a lump sum payment or as an annuity, based on each participant's election in accordance with the Plan agreement. The amount credited to the account of the participant at the date of death shall be distributed to the named beneficiary as a lump sum cash payment.

Upon termination of employment for reasons other than death, total disability or retirement, the participant may also elect to receive his or her vested balance in the form of a lump sum payment or annuity.

Investment Programs

Contributions are remitted to the Trustee and credited to a participant's account based upon the Plan's provisions and employee elections. Each participant elects the amount of their account balance to be invested in each of the investment funds.

Note A - Plan Description (Continued)

Notes Receivable from Participants

Participants may borrow from the Plan the lesser of \$50,000 or 50% of their vested account balance with a minimum loan amount of \$1,000. Loans are repayable in installments through payroll deductions over various repayment periods as defined by the Plan. Participant receivables bear interest at a fixed rate as determined by the Plan Administrator which is to be based on interest rates charged for similar types of loans by other lenders.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts or stable value investments, held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to a fully benefit-responsive investment because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the contracts, as well as an adjustment for the fully benefit-responsive investments from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates in Financial Statement Presentation

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may vary from reported amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Note B - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated all subsequent events through October 9, 2013, the date the financial statements were available to be issued.

Note C - Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from Fidelity Management Trust Company ("Fidelity") that all of the information provided by Fidelity included in the accompanying financial statements is complete and accurate. Information as to the investments in the accounts of Fidelity, investment income, and all information appearing in the accompanying statements are presented in reliance solely upon these certifications.

Note C - Investments (Continued)

The following investments represent five percent or more of the Plan's net assets at December 31, 2011. At December 31, 2012 the Plan's investments were liquidated as part of the Plan merger described in Note I.

2011

Fidelity Balanced Fund	\$ 9,288,719
Fidelity Contrafund K	29,253,585
Fidelity Managed Income Portfolio II	20,850,042*
Spartan U.S. Equity Index Fund	9,285,344
Fidelity Diversified International	11,090,816
Spartan Extend Market Index	7,843,154

*This amount represents contract value for this investment

The Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$14,961,081 and \$(6,201,994) during the years ended 2012 and 2011, respectively.

Note D - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

SAVVIS, INC. 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2012

(See Independent Auditor's Report)

Note D - Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds – Valued at the quoted market price representing the net asset value (“NAV”) of shares held by the Plan at year end.

Collective Trusts – Valued at NAV as a practical expedient of fair value. The NAV is based on the underlying investments which are traded on an active market.

The preceding methods used to arrive at a fair value calculation may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note D - Fair Value Measurements (Continued)

- (a) This category includes collective trust funds that have a goal to preserve capital as well as to provide a competitive level of income over time. The funds pursue this objective by investing in a diversified portfolio of high-quality short-term bonds consisting of several fixed-income asset classes, including U.S. Treasuries, government agency securities, corporate debt, asset-backed securities and mortgage-backed securities, as well as units of a money market portfolio. The Portfolio is wrapped by a syndicate of five banks and insurance companies, facilitating book value withdrawals. The investments in this category can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets. The fair value of the investments in this category has been estimated using the net asset value per share of the underlying investments.

Note E - Tax Status of Plan

The Company adopted a prototype plan provided by the Plan's trustee and recordkeeper. The prototype plan received a favorable opinion letter from the Internal Revenue Service on October 9, 2003, stating that the prototype plan is designed in accordance with the applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. The Plan Administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan, as amended, and the related trust are tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note F - Party-in-Interest

At December 31, 2012 and 2011, the Plan's investments include shares of mutual funds and units of participation in a collective trust investment managed by Fidelity Investments. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. During 2012 and 2011, the Company paid certain administrative expenses of the Plan.

Note G - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note H - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2012 per the financial statements to Form 5500:

Increase in net assets available for benefits per the financial statements	\$ 16,556,787

As described in Note A, the Plan was merged into another plan during the year ended December 31, 2012:

<u>Effective Date</u>	<u>Plan Name</u>	<u>Transfer Amount</u>
December 31, 2012	CenturyLink Dollars & Sense 401(k) Plan and Trust	\$165,330,312

Of this amount \$1,517,381 is shown as a plan transfer payable on the statements of net assets available for benefits.

Note J - Company Receivable to the Plan

Management has determined certain errors occurred during the period ending December 31, 2012, related to payroll deductions of elective deferrals. The Plan sponsor is correcting the noted 2012 errors as well as any that may have occurred after that period through a self correction program as set forth in Revenue Procedure 2013-12. The amount due to the Plan for these items and recorded as part of the employer receivable in the 2012 financial statements is \$276,315.

Independent Auditor's Report

To the Participants and Plan Administrator of the
Savvis, Inc. 401(k) Plan
St. Louis, Missouri

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Savvis, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2012

(See Independent Auditor's Report)

Note A - Plan Description

The following description of the Savvis, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan as defined by Section 401 of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On December 31, 2012, the Plan merged into the CenturyLink Dollars & Sense 401(k) Plan and Trust. See Note I for a discussion of the merger and related transfer of assets. All participants under the Plan shall have a benefit immediately after the merger, which is at least as great as the benefit determined under the Plan immediately before the merger.

Eligibility

Employees may enroll in the Plan on the first day of each month.

Contributions

Participants may contribute up to 60% of their compensation to the Plan, not to exceed certain dollar limits established by the IRC. Savvis, Inc. (the "Company" or "Employer") matches such contributions on a 50% basis up to a maximum of 8% of annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Eligible employees are enrolled in the Plan automatically. Unless an employee affirmatively elects otherwise, a 3% pre-tax contribution will be deducted from each payroll and the participant will receive the Company matching contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings and charged with an allocation of certain administrative expenses. Allocations are based on a participant earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note A - Plan Description (Continued)

Vesting

Plan participants vest in the amount credited to the Company contribution account in accordance with the following schedule:

▪ after one year of service	25%
▪ after two years of service	50%
▪ after 3 years of service	100%

The entire amount credited to a participant's account becomes fully vested and nonforfeitable, if any of the following occur:

- The participant reaches normal retirement age
- Termination of participant's employment because of total disability
- The participant's death while employed

Participants' voluntary contributions are fully vested and nonforfeitable at all times. Forfeitures of the non-vested account balances of terminated participants are used to reduce future Company contributions to the Plan. During the years ended December 31, 2012 and 2011, forfeitures of \$572,689 and \$274,804 were used to offset the Employer's contributions. As of December 31, 2012 and 2011, forfeited non-vested accounts totaled \$0 and \$12,771, respectively.

Payment of Benefits

Upon attainment of normal retirement age or total disability, the amount credited to a participant's account shall be payable in a lump sum payment or as an annuity, based on each participant's election in accordance with the Plan agreement. The amount credited to the account of the participant at the date of death shall be distributed to the named beneficiary as a lump sum cash payment.

Upon termination of employment for reasons other than death, total disability or retirement, the participant may also elect to receive his or her vested balance in the form of a lump sum payment or annuity.

Investment Programs

Contributions are remitted to the Trustee and credited to a participant's account based upon the Plan's provisions and employee elections. Each participant elects the amount of their account balance to be invested in each of the investment funds.

Note A - Plan Description (Continued)

Notes Receivable from Participants

Participants may borrow from the Plan the lesser of \$50,000 or 50% of their vested account balance with a minimum loan amount of \$1,000. Loans are repayable in installments through payroll deductions over various repayment periods as defined by the Plan. Participant receivables bear interest at a fixed rate as determined by the Plan Administrator which is to be based on interest rates charged for similar types of loans by other lenders.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts or stable value investments, held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to a fully benefit-responsive investment because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the contracts, as well as an adjustment for the fully benefit-responsive investments from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates in Financial Statement Presentation

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may vary from reported amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Notes to Financial Statements - Continued

December 31, 2012

(See Independent Auditor's Report)

Note B - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated all subsequent events through October 9, 2013, the date the financial statements were available to be issued.

Note C - Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from Fidelity Management Trust Company ("Fidelity") that all of the information provided by Fidelity included in the accompanying financial statements is complete and accurate. Information as to the investments in the accounts of Fidelity, investment income, and all information appearing in the accompanying statements are presented in reliance solely upon these certifications.

*This amount represents contract value for this investment

The Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$14,961,081 and \$(6,201,994) during the years ended 2012 and 2011, respectively.

Note D - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Note D - Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds – Valued at the quoted market price representing the net asset value (“NAV”) of shares held by the Plan at year end.

Collective Trusts – Valued at NAV as a practical expedient of fair value. The NAV is based on the underlying investments which are traded on an active market.

The preceding methods used to arrive at a fair value calculation may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note D - Fair Value Measurements (Continued)

- (a) This category includes collective trust funds that have a goal to preserve capital as well as to provide a competitive level of income over time. The funds pursue this objective by investing in a diversified portfolio of high-quality short-term bonds consisting of several fixed-income asset classes, including U.S. Treasuries, government agency securities, corporate debt, asset-backed securities and mortgage-backed securities, as well as units of a money market portfolio. The Portfolio is wrapped by a syndicate of five banks and insurance companies, facilitating book value withdrawals. The investments in this category can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets. The fair value of the investments in this category has been estimated using the net asset value per share of the underlying investments.

Note E - Tax Status of Plan

The Company adopted a prototype plan provided by the Plan's trustee and recordkeeper. The prototype plan received a favorable opinion letter from the Internal Revenue Service on October 9, 2003, stating that the prototype plan is designed in accordance with the applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. The Plan Administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan, as amended, and the related trust are tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note F - Party-in-Interest

At December 31, 2012 and 2011, the Plan's investments include shares of mutual funds and units of participation in a collective trust investment managed by Fidelity Investments. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. During 2012 and 2011, the Company paid certain administrative expenses of the Plan.

Note G - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note H - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2012 per the financial statements to Form 5500:

Increase in net assets available for benefits per the financial statements	\$ 16,556,787
Reversal of prior year contract to fair value adjustment	(519,201)
Add: Participant and employer contributions receivable 2011	1,083,833
Less: Participant and employer contributions receivable 2012	<u>(1,517,381)</u>
Increase in net assets available for benefits per the Form 5500	\$ <u><u>15,604,038</u></u>

Note I - Plan Merger

As described in Note A, the Plan was merged into another plan during the year ended December 31, 2012:

<u>Effective Date</u>	<u>Plan Name</u>	<u>Transfer Amount</u>
December 31, 2012	CenturyLink Dollars & Sense 401(k) Plan and Trust	\$165,330,312

Of this amount \$1,517,381 is shown as a plan transfer payable on the statements of net assets available for benefits.

Note J - Company Receivable to the Plan

Management has determined certain errors occurred during the period ending December 31, 2012, related to payroll deductions of elective deferrals. The Plan sponsor is correcting the noted 2012 errors as well as any that may have occurred after that period through a self correction program as set forth in Revenue Procedure 2013-12. The amount due to the Plan for these items and recorded as part of the employer receivable in the 2012 financial statements is \$276,315.
