Note 1. Plan Description

The following description of DS Containers, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan, as most recently amended and restated January 1, 2010, is a contributory, defined contribution plan maintained for the benefit of all eligible employees of DS Containers, Inc. (the Sponsor). The Sponsor is the Plan Administrator.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

John Hancock Life Insurance Company (John Hancock) is the custodian and recordkeeper of the Plan.

Eligibility: Employees become eligible to participate in pre-tax (participant-directed) contributions to the Plan upon reaching 21 years of age and after completing 1 month of service. For purposes of being eligible to make pre-tax contributions, the Plan provides for quarterly entry dates on January 1st, April 1st, July 1st and October 1st. Employees become eligible to share in discretionary employer matching and employer non-elective contributions upon reaching 21 years of age, and completing 1 month of service, but must also work more than 1,000 hours during the plan year and be employed on the last day of the year.

The Plan's investments are 100 percent participant-directed.

Contributions: The Plan provides for the following contributions which are to be maintained in separate accounts:

Participant-directed contributions: Deductions from compensation at the direction of the employee are deducted from the employee's direct compensation and are excluded from the employee's reportable wages for the year. The aggregate amount of the participant-directed contributions cannot exceed $17,000 in 2012, the statutory limit as adjusted from time to time pursuant to Section 401(g)(5) of the Internal Revenue Code (IRC). Participants who were age 50 and older were able to make maximum catch-up contributions of $5,500 in 2012.

Discretionary employer matching contributions: The Sponsor may, at its discretion, contribute an amount equal to a percentage of each participant's eligible salary deferral contributions. The discretionary employer matching contributions for 2012 were allocated on the basis of 50 percent of each participant's eligible elective deferrals which do not exceed 2 percent eligible compensation (as defined).

Non-elective employer contributions: The amount to be contributed by the Sponsor is at the discretion of the Sponsor. No non-elective employer contributions were made for 2012.

Rollover contributions: The Plan provides for rollover contributions to be made by the employee from amounts distributed or transferred from another qualified deferred compensation plan.

Vesting: Participants are immediately vested in their participant-directed and rollover contribution accounts and earnings thereon. Vesting of the discretionary employer matching and non-elective employer contribution accounts and earnings thereon is based on years of service, as outlined in the Plan’s literature, and employees are fully vested after 4 years.

Note 1. Plan Description (Continued)

Forfeitures: Participants are automatically fully vested upon normal retirement, death or permanent disability. In the event of termination of employment before full vesting, the nonvested portion is determined as of the earlier of the last day of the plan year in which the Plan Administrator distributes the participant's entire vested interest, or the last day of the plan year of the fifth consecutive break in service. The amount of the participant's accounts forfeited will be reinstated providing the participant resumes employment prior to incurring a "break in service" (as defined). Amounts forfeited during the year are first used to restore any prior forfeiture in the event of a former participant's return to employment, and any amounts remaining are used to pay administrative expenses of the Plan or used to reduce future contributions by the Sponsor. At December 31, 2012 and 2011, forfeited nonvested amounts totaled approximately $728 and $0, respectively. In 2012, no forfeitures were used to pay plan expenses or reduce employer contributions.

Participants' accounts: Each participant's account is credited with participant-directed, discretionary employer matching, discretionary non-elective employer, and rollover contributions, and plan earnings. Allocations are based on the participant's earnings or account balances, as defined. Allocation of administrative expenses of the Plan is based upon participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Participants' contributions are credited to their respective accounts, as directed, as soon as practicable, after receipt. Investment income is allocated daily.

Participant investment options: Upon enrollment in the Plan, a participant directs their account balance to be invested in selected funds as made available and determined by the Trustee. Participants are allowed to change their investment options on a daily basis.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of one-half of the vested account balance or $50,000 reduced by the highest outstanding loan balance during the prior 12-month period. A participant may have no more than two loans outstanding at any given time. All loans are secured by the balance in the participant's accounts and bear interest at a reasonable fixed rate of interest as determined by the Plan Administrator, based on the prevailing interest rates at the time the loan was funded. Principal and interest are paid periodically through weekly payroll deductions.

Payment of benefits: Benefits under the Plan are payable to participants or their beneficiaries upon death, retirement, disability or termination of employment. Benefits are payable in a lump sum or by other methods as described in the Plan's literature. Participants may make withdrawals from their account balances upon reaching age 59-1/2 or by determination that a financial hardship, as defined, has been incurred.

At December 31, 2012, there were no amounts owed to former participants whose employment had been terminated and who requested payouts of their account balances.

Administrative costs: The majority of administrative costs of the Plan are paid for by the Plan with the remainder paid by the Plan's sponsor.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Valuation of investments: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by custodian and insurance company. See Note 3 for discussion of fair value measurements.

Income recognition: Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Valuation of notes receivable from participants: Notes receivable from participants are measured at their unpaid principal plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefit payments to participants are recorded when paid.

Use of estimates: In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Excess contributions refundable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2012 excess contributions to the applicable participants prior to March 15, 2013.

Recent accounting pronouncements: In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurements*. This update changes certain fair value measurement principles and enhances the disclosure requirements, particularly for Level 3 fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The impact of this adoption did not have a material impact on these financial statements.

In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements*. The amendments in this update cover a wide range of Topics in the ASC, including plan accounting. These amendments include technical corrections and improvements to the ASC and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The impact of adopting ASU 2012-04 on subsequent periods has not yet been determined.

Subsequent events: The Sponsor has evaluated subsequent events for potential recognition and/or disclosure through October 14, 2013, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Shares of pooled separate accounts: Valued at the total of the net asset value (NAV) of shares of mutual funds and cash held by the account at year-end. The Plan's interest in the shares of pooled separate accounts is valued based on the information provided by the investment advisor. These fair values are classified within Level 2 of the valuation hierarchy since the NAV of the pooled separate account itself is not publicly quoted but the values are not dependent on the input of any significant judgments or assumptions by management.

Guaranteed interest account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Note 3. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan Trustee evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no transfers in or out of Level 3.

Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Sponsor may determine.

Note 8. Income Tax Status

Effective January 1, 2005, the Plan has adopted a nonstandardized prototype plan of Administrative Retirement Services, Inc. The prototype plan has received a determination from the IRS dated March 31, 2008 as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the adoption date. The Plan Administrator believes that the Plan is designed and is currently operating in compliance with applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 9. Related-Party Transactions

Certain plan investments are managed by John Hancock and therefore, these transactions qualify as party-in-interest. Furthermore, John Hancock provides plan administrative services to the Plan.

The Sponsor pays certain investment advisory and administrative expenses of the Plan. Total investment advisory expenses paid to Herbst Financial Advisors, Inc. by the Plan for the year ended December 31, 2012, were $6,347. Total administrative expenses paid to John Hancock by the Plan for the year ended December 31, 2012, were $8,880. In addition, certain administrative functions are performed by the Trustee or employees of the Sponsor for which no compensation is received from the Plan.

Certain other administrative expenses are paid by the Sponsor on behalf of the Plan. These amounts are not material to the financial statements.

Note 10. Risks and Uncertainties

The Plan provides options for investment in various securities. These investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits at December 31, 2012.
