1. PLAN DESCRIPTION

The Grey Healthcare Group Inc. 401(k) Profit Sharing Plan (the "Plan"), which was adopted November 1, 1982, is a defined contribution plan established in order to encourage and assist employees in saving and investing payroll withholdings for purposes of receiving retirement benefits. The Plan was amended and restated on January 1, 2010.

The following information is included as a general description of the Plan. Participants should refer to the Plan Document, which is available at the Grey Healthcare Group Inc. (the "Company") corporate office, for a more complete description of the Plan's provisions.

General
Participation in the Plan is available to all employees of the Company who are at least 21 years of age and who have worked for three consecutive months. The Plan is not open to employees covered by a collective bargaining agreement (the "Agreement"), temporary employees or nonresident aliens unless the Agreement provides for participation in the Plan. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA").

Contributions
Plan participants may elect to contribute 1% to 50% of their pre-tax salary. Effective July 1, 2011, participants without an existing salary reduction agreement will automatically be enrolled with a deferral rate of 3% of compensation each payroll period unless the employee makes an affirmative election. The Company matched 50% of participant contributions up to a maximum of 6% in 2012. The maximum pre-tax contribution allowed was $17,000 in 2012, plus a catch-up contribution for participants age 50 and older of up to $5,500.

The Company contributes a discretionary profit sharing contribution, as it may from time to time deem advisable, subject to maximum limitations. The Company did not make a profit sharing contribution for the 2012 plan year.

Participant Accounts and Vesting
Participant contributions and earnings thereon are always 100% vested. A participant becomes vested in Company contributions and earnings thereon as follows:

401(k) Match

Number of Years of Credited Service	Vested
Less than 1 year	-%
1 year	25
2 years	50
3 years or more	100

1. PLAN DESCRIPTION (continued)

Profit Sharing

Number of Years of Credited Service	Vested
Less than 1 year	-%
1 year	20
2 years	40
3 years	60
4 years	80
5 years or more	100

Employer contributions also become 100% vested upon retirement, permanent disability, death or termination of the Plan.

Forfeited Accounts
At December 31, 2012 and 2011, forfeited non-vested accounts totaled $45,141 and $15,385, respectively. Forfeitures by participants are used to reduce the Company's contribution to the Plan or Plan expenses. During the year ended December 31, 2012, forfeitures of $12,863 were used to offset employer contributions.

Notes Receivable From Participants
Participants can borrow against their account balance. The minimum amount a participant may borrow is $1,000. Total loans to a participant cannot exceed the lesser of $50,000 or 50% of their account balance. The amount of any loan will be withdrawn in a ratio that is proportionate to the participant's balance in each investment fund. Loans bear interest at the prime-lending rate (at the date of the loan) and are repayable within five years from the date of borrowing, with the exception of loans used to acquire a primary residence, which are repayable over a period of up to 15 years. As loans are repaid, both the principal, and interest are deposited to the participant's account under the current investment fund elections. The participants may not have more than two outstanding loans at any one time. The vested portion of a participant's investment account is pledged as collateral for the loan. An amendment was made to the Plan, effective January 1, 2003, where loans will only be permitted from Participant Elective Deferral and Participant Rollover accounts. Participants are permitted to make hardship withdrawals if certain criteria are met. At December 31, 2012, interest rates ranged from 3.25% to 8.25%, for outstanding loans.

Participants are not liable for federal income taxes on amounts earned in the Plan or on amounts contributed by the Employer until such time that their participating interest is distributed to them, provided that the Plan retains its qualified status (see Note 5).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Plan is a participant in the American Association of Advertising Agencies Retirement Fund for Member Agencies (the "Fund") as described in Note 4. The change in the Plan's beneficial interest in the Fund resulting from investment activity is comprised of the Plan's share of interest, dividends, net realized gains and losses and unrealized appreciation or depreciation of the related Fund assets.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Accounting

The financial statements of the Plan and the Fund are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments in the Plan's participation in the Fund are stated at fair value. The Plan's participation in the Fund's income is recorded on the accrual basis. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan Document.

Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards* (ASU 2011-04). ASU 2011-04 was issued to provide a consistent definition of fair value and common requirements for measurement of, and disclosure about, fair value between U.S. GAAP and International Financial Reporting Standards. It also expands the disclosures for fair value measurements that are estimated using significant unobservable (Level 3) inputs. This pronouncement was effective for periods beginning after December 15, 2011. The adoption of this pronouncement did not have a material impact on the Plan's financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued

Use of Estimates
The preparation of the Plan's financial statements in conformity with GAAP, requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Fully Benefit-Responsive Investment Contracts
The investment in the Union Bond & Trust Company Morley Stable Value Fund ("UB&T") includes conventional, synthetic and separate account investment contracts (collectively "contracts") issued by life insurance companies, banks and other financial institutions. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events may limit the ability of the Plan and the Fund to transact at contract value with the issuer. The Plan and the Fund do not believe that any such events have occurred to date. The average yield and crediting interest rates for the UB&T were 0.869% and 1.653%, respectively, for 2012 and 1.367% and 2.447%, respectively, for 2011.

Expenses
Administration expenses of the Plan are paid by the Plan, as provided for in the Plan document.

Subsequent Events
The Plan's management evaluated subsequent events through September 26, 2013, the date the financial statements were available to be issued and no additional disclosures were required.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows: Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access; Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active or other inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs are unobservable and significant to the fair value measurement. These inputs are supported by little or no market activity and require significant management judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Level 1 Fair Value Measurements -
The fair value of the mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements -
The fair value of the collective trust is based on net asset values, which approximate fair value.

There were no transfers in or out of Level 3 during the years ended December 31, 2012 and 2011.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 2012 and 2011:

The Fund is managed and administered on behalf of the Trustees by AAAA Benefits, Inc., a wholly-owned subsidiary of the Sponsor.

A total of 87 and 86 member agencies sponsored defined contribution pension plans, which participated in the Fund as of December 31, 2012 and 2011, respectively. Each agency signs a joinder agreement and operates through the Fund's prototype plan.

4. AMERICAN ASSOCIATION OF ADVERTISING AGENCIES RETIREMENT FUND FOR MEMBER AGENCIES (continued)

The Fund is organized as a 103-12 Investment Entity as defined by 29 CFR 2520.103-12, of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Investments
Investment income is recorded on the accrual basis and is allocated on a pro rata basis to the participants' accounts based upon their share of net assets held.

Basic, supplemental and/or rollover contributions of participants are invested in one or more of the investment funds established under the Fund as described below:

American Beacon Large Cap Value Fund	Prudential Jennison Mid-Cap Growth Fund
Fidelity Contrafund	T. Rowe Price Growth Fund
Goldman Sachs Mid-Cap Value Fund	T. Rowe Price Small Cap Fund

The Plan also offers three portfolio funds in which the allocation of mutual funds is a predetermined percentage among the other investment funds available in the Plan.

Contributions and Benefits
Formulas and timing of member agency contributions to the profit sharing and 401(k) plans are established by each member agency.

Benefits are paid to participants based upon the specific provisions of the plan agreements of the member agencies. The portion of a participant's account accumulated through member agency contributions may be subject to a vesting schedule based upon years of service.

Plan Termination and Withdrawal
A member agency may terminate its plan or may withdraw from participation in the Fund at any time. Upon termination of participation in the Fund, the participants of the respective plan are entitled to their portion of the value of plan assets, less any allocable administrative expenses

Administration Fees
A fee for investment and administrative expenses is assessed against each participating plan, based upon the fund balance for that plan in the month that the fee is determined. Also, the Fund assesses fixed administrative fees based upon the design of a plan as well as for providing additional services, such as filing for certain determination letters. The fees relating to most 401(k) plans and to some profit sharing plans are incurred directly by the member agencies. Fees not incurred directly by the member agencies are deducted directly from the participants' fund balances. 5. INCOME TAX STATUS

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008 stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (the "Code") and, therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2002-6 and Announcement 2001-77, the Plan Sponsor has determined that it is eligible to, and has chosen to rely on, the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

5. INCOME TAX STATUS (continued)

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PARTY-IN-INTEREST TRANSACTIONS

The Fund invested in a certain Fidelity fund, which is managed by Fidelity Management & Research Co. which is a related party to Fidelity Investments, the investment custodian of the Fund. Transactions in such investments qualify as party-in-interest transactions as defined by ERISA.

7. RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. INFORMATION REPORTED BY 103-12 INVESTMENT ENTITY - (UNAUDITED)

In accordance with 29 CFR 2520.103-12 of the Department of Labor Rules and Regulations for Reporting under ERISA, information filed directly with the Department of Labor with respect to the AAAA Retirement Fund for Member Agencies by AAAA Benefits Inc. has not been audited by independent accountants. The Plan's beneficial interest in this investment entity has been included in the Statements of Net Assets Available for Benefits, in accordance with the CFR 2520.103-12(a).
