Independent Auditor's Report

To the Plan Administrator
The Custom Companies
Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Custom Companies Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2012 and 2011 and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.) (the "Custodian"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained a certification from the Custodian as of December 31, 2012 and 2011 and for the year ended December 31, 2012 that the information provided to the plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Plan Description

The following description of The Custom Companies Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all nonunion employees of The Custom Companies, Inc. (the "Company") who are citizens or residents of the United States of America and are age 21 or older. Employees can enroll in the Plan on the first day of the month which coincides with or next follows the date that the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration - The Company is the sponsor and administrator of the Plan. John Hancock Life Insurance Company, (U.S.A.) functions as recordkeeper and investment manager.

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 100 percent of the annual compensation subject to maximum tax deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions of 40 percent of the participant's first 6 percent of deferred compensation. Employer matching contributions are made annually and require that a participant has completed 1,000 hours of service during the Plan year and is actively employed on the last day of the plan year in order to share in such contributions. Profit-sharing contributions are at the discretion of the employer. There were no profit-sharing contributions during the year ended December 31, 2012.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 20 percent after two years of service, an additional 20 percent after three years of service, and another 20 percent per year thereafter until they become fully vested after six years of service.

Note 1 - Plan Description (Continued)

Benefit Payments - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account or an annuity paid in annual installments over a period of not more than the participant's assumed life expectancy determined at the time of distribution.

Hardship Withdrawals - Participants may request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. The Company allocates these forfeitures to participants based on participant compensation, as defined.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance, whichever is less. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 3.25 percent to 8.25 percent, which are commensurate with local prevailing rates as determined periodically by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions

Party-in-interest Transactions - Certain plan assets are in investment funds managed by John Hancock Life Insurance Company (U.S.A.) or its affiliates. John Hancock Life Insurance Company (U.S.A.) is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value except as noted below for the John Hancock Stable Value Fund (Stable Value Fund). The Stable Value Fund pooled separate account investment is valued at contract value. Contract value represents investments at cost, plus accrued interest income, less amounts withdrawn to pay benefits. The fair value of the Stable Value Fund is based on the fair value of the underlying net assets at the measurement date by the issuer of the fund. The Plan's interest in the Stable Value Fund is based on its proportionate ownership interest in the fair value of the related pooled separate account. The Stable Value Fund primarily holds guaranteed investment contracts, fixed-income securities, and derivatives. The fair value of the guaranteed investment contracts is based on current yields of similar instruments with comparable durations taking into account the contract terms including interest reset intervals and the credit rating of the issuer. The fair value of the fixed-income securities are valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve as well as other relevant economic measures. The fair value of a wrapper contract provided by the contract issuer is based on the replacement cost methodology which is the present value of the difference between the replacement wrapper fee and the contracted wrapper fee.

The remaining pooled separate accounts are valued at net asset value per share (or its equivalent) of the funds, which are based on the fair value of the funds' underlying net assets. The unallocated contract is a group annuity contract with John Hancock Life Insurance Company, (U.S.A.) that invests in the general assets of John Hancock. John Hancock Life Insurance Company, (U.S.A.) considers this contract to be nonbenefit-responsive; however, since there are no specific securities in John Hancock Life Insurance Company, (U.S.A.)'s general account related to this contract and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 2 – Summary of Significant Accounting Policies (Continued)

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Reclassification and Restatement - Certain prior year amounts have been reclassified to conform to the current year presentation. As a result of the reclassification during 2012, it was determined that investments previously classified as Level 3 investments should have been classified as Level 2 based on the fair value hierarchy. Accordingly, the 2011 fair value disclosure has been updated.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 10, 2013, which is the date the financial statements were available to be issued.

Note 3 – Unaudited Information

John Hancock Life Insurance Company, (U.S.A.) (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Custodian.

Note 3 - Unaudited Information (Continued)

Investments that exceed 5 percent of end of year net assets are as follows:

	2012	2011
Pooled separate accounts:		
Lifestyle Balanced	$ 1,467,009	$ 1,219,062
Lifestyle Growth	1,433,331	1,145,206
Lifestyle Aggressive	1,029,402	834,376

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2012 and 2011.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 4 - Fair Value Measurements (Continued)

Assets Measured at Fair Value on a Recurring Basis at December 31, 2012

(1) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities which may include common stocks, options, and futures.

(2) This class represents investments in actively managed pooled separate accounts that invest in a variety of fixed-income investments which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

(3) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

(4) This class represents investments in an actively managed pooled separate account that invests primarily in investment contracts, a variety of fixed-income investments which may include corporate bonds, both U.S. and non-U.S.municipal securities, and wrapper contracts.

At year end, there are no unfunded commitments or other redemption restrictions related to the pooled separate accounts described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2012.

Note 5 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2009.

Note 1 - Plan Description

The following description of The Custom Companies Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all nonunion employees of The Custom Companies, Inc. (the "Company") who are citizens or residents of the United States of America and are age 21 or older. Employees can enroll in the Plan on the first day of the month which coincides with or next follows the date that the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration - The Company is the sponsor and administrator of the Plan. John Hancock Life Insurance Company, (U.S.A.) functions as recordkeeper and investment manager.

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 100 percent of the annual compensation subject to maximum tax deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions of 40 percent of the participant's first 6 percent of deferred compensation. Employer matching contributions are made annually and require that a participant has completed 1,000 hours of service during the Plan year and is actively employed on the last day of the plan year in order to share in such contributions. Profit-sharing contributions are at the discretion of the employer. There were no profit-sharing contributions during the year ended December 31, 2012.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 20 percent after two years of service, an additional 20 percent after three years of service, and another 20 percent per year thereafter until they become fully vested after six years of service.

Note 1 - Plan Description (Continued)

Benefit Payments - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account or an annuity paid in annual installments over a period of not more than the participant's assumed life expectancy determined at the time of distribution.

Hardship Withdrawals - Participants may request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. The Company allocates these forfeitures to participants based on participant compensation, as defined.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance, whichever is less. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 3.25 percent to 8.25 percent, which are commensurate with local prevailing rates as determined periodically by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions

Party-in-interest Transactions - Certain plan assets are in investment funds managed by John Hancock Life Insurance Company (U.S.A.) or its affiliates. John Hancock Life Insurance Company (U.S.A.) is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value except as noted below for the John Hancock Stable Value Fund (Stable Value Fund). The Stable Value Fund pooled separate account investment is valued at contract value. Contract value represents investments at cost, plus accrued interest income, less amounts withdrawn to pay benefits. The fair value of the Stable Value Fund is based on the fair value of the underlying net assets at the measurement date by the issuer of the fund. The Plan's interest in the Stable Value Fund is based on its proportionate ownership interest in the fair value of the related pooled separate account. The Stable Value Fund primarily holds guaranteed investment contracts, fixed-income securities, and derivatives. The fair value of the guaranteed investment contracts is based on current yields of similar instruments with comparable durations taking into account the contract terms including interest reset intervals and the credit rating of the issuer. The fair value of the fixed-income securities are valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve as well as other relevant economic measures. The fair value of a wrapper contract provided by the contract issuer is based on the replacement cost methodology which is the present value of the difference between the replacement wrapper fee and the contracted wrapper fee.

The remaining pooled separate accounts are valued at net asset value per share (or its equivalent) of the funds, which are based on the fair value of the funds' underlying net assets. The unallocated contract is a group annuity contract with John Hancock Life Insurance Company, (U.S.A.) that invests in the general assets of John Hancock. John Hancock Life Insurance Company, (U.S.A.) considers this contract to be nonbenefit-responsive; however, since there are no specific securities in John Hancock Life Insurance Company, (U.S.A.)'s general account related to this contract and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 2 - Summary of Significant Accounting Policies (Continued)

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Reclassification and Restatement - Certain prior year amounts have been reclassified to conform to the current year presentation. As a result of the reclassification during 2012, it was determined that investments previously classified as Level 3 investments should have been classified as Level 2 based on the fair value hierarchy. Accordingly, the 2011 fair value disclosure has been updated.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 10, 2013, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

John Hancock Life Insurance Company, (U.S.A.) (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Custodian.

Note 3 - Unaudited Information (Continued)

Investments that exceed 5 percent of end of year net assets are as follows:

	2012	2011
Pooled separate accounts:		
Lifestyle Balanced	$ 1,467,009	$ 1,219,062
Lifestyle Growth	1,433,331	1,145,206
Lifestyle Aggressive	1,029,402	834,376

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2012 and 2011.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

(1) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities which may include common stocks, options, and futures.

(2) This class represents investments in actively managed pooled separate accounts that invest in a variety of fixed-income investments which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

(3) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

(4) This class represents investments in an actively managed pooled separate account that invests primarily in investment contracts, a variety of fixed-income investments which may include corporate bonds, both U.S. and non-U.S.municipal securities, and wrapper contracts.

At year end, there are no unfunded commitments or other redemption restrictions related to the pooled separate accounts described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2012.

Note 5 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2009.
