PPS Holdings, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2012 and 2011

1. Plan Description

The following description of the PPS Holdings, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all of the employees of PPS, Inc. and its subsidiaries (Comprehensive Pharmacy Services, Inc. ("CPS"), Institutional Pharmacy Services, Inc. ("IPS"), CPS Medication Management ("MM"), CPS Puerto Rico ("PR"), Principle Pharmacy Group, Inc. ("PPG") and Hospital Pharmacy Managers, LLC ("HPM"). PPG and HPM were acquired in April 2010 and these companies had their own 401(k) plan. During 2011, the participants in that plan merged into the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective July 1, 2011, the Plan changed its name from Comprehensive Pharmacy Services, Inc. and Affiliates 401(k) Plan to PPS Holdings, Inc. 401(k) Plan. This had no impact on operations of the Plan.

Effective January 2012, IPS, MM, and PPG were merged with CPS and the legal entities for IPS, MM and PPG were dissolved.

State Street Bank and Trust Company serves as the trustee of the Plan.

All employees are eligible to participate immediately upon hire; however, to participate in the Company match the employee must have been employed for six months and worked 1,000 hours. Additionally, employees are required to be employed at year end to be eligible to receive the match.

Contributions and Vesting

Each year participants may contribute up to the maximum allowable amount of their pre-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The contributions made by participants, plus earnings thereon, are 100% vested.

1. Plan Description (continued)

Contributions and Vesting (continued)

Effective January 1, 2009, the Plan was amended to include a safe harbor matching contribution, which all employees as of December 31, 2009, were eligible to receive. The Company provides an employer match of 100% on the employee's deferral amount for up to 3% of the employee's annual compensation; after that, the Company provides an employer match of 50% on the dollar on the employee's deferral amount in excess of 3% for up to 5% of the employee's annual compensation. Employees are 100% vested in the safe harbor match immediately.

For those employer contributions that were made prior to January 1, 2009, the employee will still vest over a 5 year schedule established by the previous Plan Document.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Participants may change their investment option at any time. Employer contributions are invested in the same allocation as elected by the participants. In addition, participants may utilize an individual self-directed brokerage option, through which participants are able to invest in a variety of securities including stocks, bonds, mutual funds and government securities in accordance with the Plan Document.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contributions, and (b) Plan earnings, and charged with withdrawals and allocations of: (a) Plan expenses and (b) Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note Receivables from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of (a) the lesser of 50% of the vested account balance or (b) $50,000 less the amount of the participant's outstanding loan balance in the previous 12 months. The loans are secured by the balance in the participant's account and bear interest at the prime rate in effect at the date of the loan. At December 31, 2012, outstanding loans bore interest rates ranging from 3.25% to 5%. Principal and interest are paid ratably through monthly payroll deductions.

1. Plan Description (continued)

Payment of Benefits

Upon termination of employment (due to death, disability, or retirement), a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a period of time not to exceed the life expectancy of the participant or the joint life expectancy of the participant and his or her designated beneficiary, or an annuity for the life of the participant or any other permitted period. For termination of employment for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. All fully vested balances are available for distribution after the participant reaches the age of 59 ½.

Forfeitures

At December 31, 2012 and 2011, there was $120,410 and $78,056, respectively, in forfeited accounts available for future use. Amounts forfeited by non-vested participants are used to reduce Company contributions. For 2012 and 2011, $43,310 and $67,285, respectively, were used to reduce Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Note Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Employer, as provided by the Plan Document. Certain administrative functions are performed by employees of the Employer. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2013, the date the financial statements were available to be issued.

3. Unaudited Information Certified by the Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2012 and 2011 and for the year ended December 31, 2012 that was obtained from the data prepared and certified to be complete and accurate by the Plan's trustee:

	2012	2011
Investments *	$ 51,766,085	$ 40,671,399

Interest and dividend income from investments	$ 1,366,961	
Interest income from notes receivable from participants	$ 23,619	

The certification mentioned above includes all investment and investment income information discussed in Notes 4 and 5.

* All investments are certified at fair value.

4. Investments

Investments greater than 5% of net assets available for benefits as of December 31, 2012 and 2011 were as follows:

	2012	2011
Diversified Intermediate/Long Horizon Asset Allocation Fund	$ *	$ 2,043,415
Diversified Intermediate Horizon Asset Allocation Fund	*	12,199,690
Diversified Large Growth Fund	*	2,501,716

Transamerica Instl Asset Allocation – Intermediate Horizon	15,261,615	*
Vanguard Growth Index Signal	3,442,728	*

* Did not exceed 5% for the Plan year.

5. Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels. There have been no changes in the methodologies used at December 31, 2012 and 2011.

When quoted prices are available in active markets for identical instruments, investment securities are classified within Level 1 of the fair value hierarchy. Level 1 investments include mutual funds, and brokerage self-directed accounts invested in stocks, bonds, and U.S. government securities.

5. Fair Value Measurements (continued)

Level 2 investment securities include common collective trust funds for which quoted prices are not available in active markets for identical instruments. These investments are valued using the net asset value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV of certain common collective trust funds is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

The following table sets forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2012 and 2011:

	As of December 31, 2012			
	Level 1	Level 2	Level 3	Total

(a) Represents investments in domestic or international mid to large cap stocks and index funds.

(b) Represents investments in a diversified mix of fixed income securities, such as corporate bonds, asset-backed securities, commercial and residential mortgage-backed securities, and government bonds.

(c) Represent investments in a combination of proven stocks and bonds in order to provide reasonable returns while mitigating the risks associated with both the stock and bond markets.

(d) Represents investments in short-term debt securities such as U.S. Treasury bills and commercial paper.

5. Fair Value Measurements (continued)

Investments as of December 31, 2012 and 2011, also include cash in a money market account of $120,411 and $78,056, respectively, which does not fall under a level as prescribed the fair market value hierarchy.

6. Exempt Party-In-Interest Transactions

The recordkeeper for the Plan is TransAmerica Retirement Services, who also provides investment services which qualify as party-in-interest transactions. State Street is the trustee of the Plan, and therefore investment services with them also qualify as party-in-interest transactions. Fees paid by the Plan for investment services were $6,523 and $5,118 for the years ended December 31, 2012 and 2011, respectively.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

8. Tax Status

The Internal Revenue Service (the "IRS") has determined and informed the Company by letter dated July 7, 2010, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2009.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
