Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of December 31, 2012, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Their report, dated October 11, 2012, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the Radiology Affiliates of Central New Jersey, P.C. Employee Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the summary plan description for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established by Radiology Affiliates of Central New Jersey, P.C. (the Company). The Plan covers all eligible employees of the Company who have attained 21 years of age. All employees of the Company are eligible to participate in the Plan except for residents of Puerto Rico, employees covered by a collective bargaining agreement for which retirement benefits have been the subject of good faith negotiations, leased employees, and nonresident aliens with no income from a U.S. source. Eligible employees may begin to participate on the first day of the month following their employment date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended and restated effective December 20, 2012.

Participant Contributions

Participants may contribute up to 75% of their annual W-2 compensation, as defined by the Plan, not to exceed the maximum allowable contributions under the Internal Revenue Code (the Code). The maximum allowable pre-tax contribution totaled \$17,000 for the year ended December 31, 2012. Participants may also elect a portion of their salary as a Roth contribution. If they elect to make Roth deferrals, the amount of their contribution will be included in income for tax purposes, and the income tax withholding amounts will be deducted from the remainder of their pay, not from the Roth Deferral amount. Employees who have attained age 50 before the end of the Plan year may make an additional catch-up contribution, subject to limitations imposed by the Code, which totaled \$5,500 for the year ended December 31, 2012. Participants are permitted to make rollover contributions into the Plan.

Company Contributions

Employees who are eligible to participate in the Plan must have completed one year and 1,000 hours of service to receive the discretionary Company matching contributions. Once eligibility requirements are attained, a participant will begin receiving matching contributions the first day of the year or six months after (i.e. January 1st or July 1st) in years when management elected to contribute a match. For the years ended December 31, 2012 and 2011, employees received a match of 50% of their deferral up to 4% of their compensation on a per payroll basis.

In addition, employees are eligible to receive a non-elective profit sharing contributions made at the discretion of the Board of Directors each year upon satisfaction of the eligibility requirements. Profit sharing contributions are allocated pro rata based on each employee's compensation in relation to the compensation of all participants eligible to receive the contribution. During the year ended December 31, 2012, the Company's matching contributions and non-elective profit sharing contributions totaled \$201,223 and \$29,171, respectively.

Notes to the Financial Statements As of December 31, 2012 and 2011 and For the Year Ended December 31, 2012

1. DESCRIPTION OF THE PLAN – cont'd.

Company Contributions – cont'd.

Subsequent to year-end, the Company contributed \$986,081 as qualified non-elective profit sharing contributions for the year ended December 31, 2012. Participants must be employed by the Company on the last day of the year to receive the non-elective profit sharing contribution. During the year ended December 31, 2012, the Company contributed \$212,665 as qualified non-elective profit sharing contributions and the discretionary match true up for the year ended December 31, 2011.

Participant Accounts

Each participant's account is participant-directed and is credited with the participant's contributions, withdrawals, and allocations of Company contributions, in accordance with the investment options selected by the participant. Any earnings, losses, and administrative expenses are allocated to participant accounts based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

Participants are immediately vested in their contributions, plus earnings thereon. Participants vest in Company matching, non-elective contributions, and Frozen Money Purchase Plan contributions, and earnings thereon based upon years of service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

Participants become fully vested in their Company contributions upon attainment of normal retirement age, total disability or death.

Forfeitures

Forfeitures of Company contributions shall first be used to pay administrative expenses and then to reduce future Company contributions. Forfeitures become available to the Plan as of the earlier of the last day of the Plan year in which a former employee incurs five consecutive one-year breaks in service or a distribution of the participant's entire vested account balance occurs. Forfeitures available as of December 31, 2012 and 2011 totaled \$18,356 and \$0, respectively. Subsequent to year end, the amount of forfeitures used to reduce qualified non-elective profit sharing contributions totaled \$18,000.

1. DESCRIPTION OF THE PLAN – cont'd.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, not to exceed \$50,000, without regard to the intended use of the funds. The minimum note amount is \$1,000 and each participant may not exceed two loans outstanding at a given time. The notes are collateralized by the participant's vested account balance and are accounted for as a specific investment of the borrowing participant's account. Note repayments are to be made at least quarterly with interest based on rates comparable to those offered by financial institutions at the time of note origination. Notes for reasons other than the purchase of a primary residence are to be repaid within five years. Notes used to purchase a primary residence can be repaid over a ten year period.

Payment of Benefits

Upon termination of service due to death, disability, retirement (age 65), early retirement (55 years of age and 6 years of service) or attainment of age 59 ½, a participant or their beneficiary, in the event of death, is entitled to a distribution of their vested account balance. Distributions from the Plan are payable in the form of a lump sum payment or installment payments; however, distributions of accounts with balances less than \$1,000 must be in the form of a lump-sum distribution. Prior to retirement, distributions from the Plan are payable in the form of a lump sum payment. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for a hardship purpose. Distributions are subject to the applicable provisions of the Plan agreement. Certain income taxes and penalties may apply to withdrawals or distributions prior to age 59 ½. There were no net assets of the Plan allocated to the accounts of participants who had elected to withdraw from the Plan that had not received such distributions as of December 31, 2012.

Plan Expenses

Expenses incurred in the administration of the Plan are required to be paid by the Trustee with assets of the Plan unless the Company, at its discretion, elects to pay them. During the year ended December 31, 2012, the Company paid the majority of direct expenses related to the Plan's operations. The Plan paid direct expenses totaling \$9,085 during the year ended December 31, 2012. Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in financial instruments that are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur in the near term and materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Recently Issued Accounting Pronouncement

In May 2011, the FASB issued Accounting Standards Update No. 2011-04 (ASU 2011-04) entitled *Fair Value Measurement (Topic 820) – Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS*. ASU 2011-04 was issued to converge fair value measurement and disclosure guidance in U.S. GAAP with the guidance in the International Accounting Standards Board's concurrently issued International Financial Reporting Standard 13, *Fair Value Measurement*. The amendments in ASU 2011-04 generally represent clarification to the Fair Value Measurements and Disclosures Topic of the Codification, but also include some instances where a particular principle or requirement for measuring fair value or disclosing information about fair value measurements has changed. For non-public entities, ASU 2011-04 is effective for annual reporting periods beginning after December 15, 2011. The adoption of ASU 2011-04 did not have a material impact on the Plan's financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurements

Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* (ASC 820), defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interest bearing cash: Shares of a money market portfolio are valued using amortized cost.

Interests in registered investment companies: Valued at the closing price of the shares held by the Plan at year-end. Funds are traded on an active market.

Interests in self-directed funds: Valued at the closing price of shares held by the Plan at year-end. Individual securities within the accounts are traded on an active market.

Other: Cash surrender values of life insurance policies are valued at their redemption values.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurements – cont'd.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012:

3. INVESTMENTS

All investment information (excluding life insurance policies – other assets on the statement of net assets available for benefits) disclosed in the accompanying financial statements and supplemental schedule, including assets held as of December 31, 2012 and 2011, and interest and dividend income and net appreciation in fair value of investments for the year ended December 31, 2012, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan, Fidelity Management Trust Company.

The fair value of individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows as of December 31,:

	2012	2011
Fidelity Freedom 2020 Fund A	\$ 6,456,197	\$ 6,254,941
Fidelity Freedom 2015 Fund A	2,770,183	2,307,523

Fidelity Freedom 2010 Fund A	*	3,966,940
Fidelity Freedom 2025 Fund A	*	1,433,194

* Represents less than 5% of net assets

4. SELF-DIRECTED FUNDS

The Plan offers a self-directed program to participants allowing them to invest their account balances in any investment, as permitted by the Plan and in accordance with ERISA. Under this type of arrangement, participants can direct investments into the self-directed program in addition to, or in lieu of, the various investment alternatives offered by the Plan. The Plan's investment in self directed accounts, consisting principally of interests in registered investment companies, cash and common stock, totaled \$11,354,494 and \$9,440,544 as of December 31, 2012 and 2011, respectively. Interest and dividends on self directed funds totaled \$303,997 for the year ended December 31, 2012. Unrealized and realized gains (net) on self directed funds totaled \$1,007,461 for the year ended December 31, 2012.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their accounts.

Notes to the Financial Statements As of December 31, 2012 and 2011 and For the Year Ended December 31, 2012

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Investments Institutional Operations Company, Inc., who acts as Custodian for the Plan. The Custodian is a related entity to the Trustee. The Plan loans funds to its participants according to the applicable provisions of the Plan agreement. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. INCOME TAX STATUS

The Plan has adopted a standardized prototype plan which received a favorable opinion letter from the Internal Revenue Service dated March 11, 2011, stating that the Plan is qualified under Section 401(a) of the Code and therefore is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan was amended and restated subsequent to receiving the opinion letter; however, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes* (ASC 740), prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business taxable income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2012 and 2011.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any periods in progress. The Plan administrator believes it is no longer subject to examinations for Plan years prior to 2009.
