MDJ&W 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the MDJ&W 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Martin, Disiere, Jefferson & Wisdom L.L.P. (the "Partnership"), except union employees and non-resident aliens. Employees are eligible to participate on the later of their hire date or attainment of eighteen years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make salary deferral contributions to the Plan up to the maximum amount allowed under the appropriate sections of the Internal Revenue Code (IRC). A participant may elect to have all or a portion of their elective deferrals to be designated as Roth after-tax elective deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Partnership will make a safe harbor basic matching contribution equal to 100% of each participant's deferral contributions not exceeding 3% of eligible compensation plus 50% of each participant's deferral contributions in excess of 3% but not exceeding 5% of eligible compensation on a plan year basis. The Partnership may also make a discretionary additional matching contribution or discretionary nonelective contribution. For the year ended December 31, 2012, the Partnership made a discretionary additional matching contribution of 100% of each participant's elective salary deferral that is up to 1% of eligible compensation.

The Plan allows rollover contributions from eligible retirement plans qualified under the appropriate sections of the IRC. The Plan is participant directed. Participants may change their contribution rates and investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Partnership's contributions and Plan earnings. In addition, participants are charged with any applicable administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times fully vested in their contributions, safe harbor basic matching contributions, discretionary additional matching contributions, discretionary nonelective contributions, and the appreciation or depreciation thereon.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Normal retirement age under the Plan is 65. Upon retirement, disability, death, or termination of service with the Partnership, participants may receive their distributions in a lump-sum payment or installment payments as defined by the Plan. The Plan also permits hardship distributions and certain in-service withdrawals.

Notes Receivable from Participants

Plan participants may borrow from their vested accounts a minimum of $1,000 up to a maximum of the lesser of 50% of their vested account balances in the Plan or $50,000, reduced by the excess, if any, of the highest outstanding balance of loans of the participant from the Plan during the one-year period ending on the day before the date on which the loan is made. Interest rates on loans are stated at a reasonable rate. Loans are repaid in level installments through payroll deductions for periods ranging up to five years, or longer for the purchase of a primary residence. Loans are secured by the participant's vested account balance to the extent of the principal amount of the loan plus accrued interest.

Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be entitled to benefits based on their account balances accumulated to the date of termination of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the cash basis of accounting; however, the financial statements have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust fund. As required, the statements of net assets available for benefits as of December 31, 2012 and 2011 (unaudited) present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Partnership and are excluded from these financial statements. Fees related to notes receivable from participants, withdrawals, certain investment transactions, investment advisory, and consulting are allocated or charged directly to the participant's account and are included in administrative expenses. Other investment related expenses are included in net appreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. At December 31, 2012 and 2011 (unaudited), no allowance was considered necessary by management.

Payment of Benefits

Benefit payments are recorded when distributed.

Recent Accounting Pronouncement

In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS* (ASU 2011-04). ASU 2011-04 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards (IFRS). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan has adopted this guidance in 2012 and determined that it did not have an effect on net assets available for benefits or changes in net assets available for benefits.

NOTE 3 - INVESTMENTS

Investments that represent 5% or more of the Plan's net assets at December 31 are separately identified below:

Identity of Party Involved	Description	2012	2011 (Unaudited)
Mutual Funds:			
Ivy	Asset Strategy Fund	$ 761,498	$ 584,546
Oakmark	Equity and Income Fund	2,692,290	2,375,543
Vanguard	LifeStrategy Growth Fund	786,072	484,369
Oppenheimer	Developing Markets Fund	508,526	

During the year ended December 31, 2012, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value by $644,750.

NOTE 4 - FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures,* clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

Various inputs are used in determining the value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Money Market Fund: Consist primarily of the Schwab Retirement Advantage Money Fund, which is composed of high-quality short-term money market investments issued by the United States and foreign issuers. The fund is valued at net asset value (NAV), which is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The fund seeks to maintain a stable NAV of $1.

Mutual Funds: Valued at NAV of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Collective Trust Fund: Valued based on the contractual terms of the underlying unit value reported by Wells Fargo based on the fair value of the underlying investments less liabilities. The fund's principal objective is to protect principal while providing a higher rate of return than shorter maturity investments. The fund primarily invests in investment contracts and security-backed contracts issued by financial institutions. The fund held by the Plan provides for daily redemptions at contract value with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further invest in the fund.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2012 or 2011 (unaudited).

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011 (unaudited):

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, the custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statement of net assets available for benefits as of December 31, 2012, and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2012, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2012.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in mutual funds managed by entities related to Charles Schwab Bank. Charles Schwab Bank is the custodian as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - TAX STATUS

The Plan has adopted a volume submitter prototype plan, which obtained its latest opinion letter dated March 31, 2008 in which the Internal Revenue Service (IRS) stated that the prototype document satisfies the applicable provisions of the IRC. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011 (unaudited), there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.
