FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2012

REISS JACKSON & COMPANY

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Superior Electrical, Mechanical & Plumbing, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Superior Electrical, Mechanical & Plumbing, Inc. 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefit for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevent to the preparation and fair presentation of financial statements that are free from material mistatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis of Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by Nationwide, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trusee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an opinion. Accordingly, we do not express an opinion on these financial statements.

SUPERIOR ELECTRICAL, MECHANICAL & PLUMBING, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the Superior 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

GENERAL - The Plan is a 401(k) plan made available to all employees who have completed one hour of service and are not part of a collective bargaining agreement. Entry dates are upon hire or January 1, April 1, July 1 and October 1 of each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan utilizes Nationwide Insurance Allocated Retirement Account group annuity contract which permits employees to contribute a portion of their annual compensation to a tax-deferred retirement plan. The employee elects the deferred amount and authorizes its investment under the Plan amoung investment options available through the group annuity contract.

CONTRIBUTIONS - Each year, participants may contribute up to the maximum amount permitted by the Internal Revenue Code. Participants direct the investments of their contributions into various investment options offered by Nationwide Insurance. The Plan currently offers 30 core mutual funds and availability of 255 mutual funds and self-directed investment option sponsored by Nationwide Insurance as investment options for the participants. The employer may in its sole discretion make a basic matching to the Plan. The employer will make contributions to the Plan for services performed during the Plan year by prevailing wage employees under the prevailing wage law. The contributions for each prevailing wage employee will be based on the hourly contribution rate required under the applicable prevailing wage law for each such employee's employment classification for each construction project at which prevailing wage law services are performed by each such employee.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contribution and (a) allocations of Company contributions and, (b) their earnings and charged with an allocation of Plan administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

VESTING - Participants are immediatedly vested in their contributions plus actual earnings thereon. Participants are immediately vested in all prevailing wage contributions credited to their account. Participants are 100% vested in matching and non-elective contributions after six years of service.

NOTES RECEIVABLE FROM PARTICIPANTS - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent (50%) of their vested account balance, limited to a maximum of five loans at any one time. The loans are secured by the balance in the Participant's account and bear interest from 3.5% to 10% for 2012 and 2011, which are commensurate with the local prevailing rates as determined by the Plan administrator on an annual basis. Principal and interest are paid ratably through payroll deductions. Loans are not restricted as to purpose. A loan default occurs if payment is not received in a quarter following the quarter in which the payment became due and payable, or if there is an outstanding principal balance after the last scheduled repayment date. Upon termination of employment, outstanding loans become due and payable.

PAYMENT OF BENEFITS - On termination of service due to death, disability or retirement, a participant will, at their discretion, receive a lump sum amount equal to the participant's vested interest in his or her account. Benefits are recorded when paid. In 2012, benefit payments amounted to $208,282, which includes loan offsets in the amount of $39,810.

FORFEITURES - Foreitures attributable to matching contributions and non-elective contributions will be used to reduce, at the discretion of the Administrator, either the matching contribution, the qualified matching contribution, the non-elective contribution, or the qualified non-elective contribution, or any combination thereof, for the current Plan year or for a future Plan year. At December 31, 2012 and 2011 forfeited nonvested accounts balance is zero and $1,711, respectively. Total forfeitures used in 2012 to pay plan expenses amounted to $1,711.

NOTE 1 - DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION - The investments in common/collective trust funds are valued by Nationwide ("Trustee") and are based upon the quoted market price underlying the investments in each fund. The mutual funds are valued at quoted market prices. The net appreciation or depreciation in the fair value of each fund includes interest, dividends, realized appreciation, depreciation, and unrealized appreciation and depreciation, less expenses. Any net unrealized appreciation or depreciation for the year is reflected in the Statement of Changes in Net Assets Available for Benefits. See Note 4 for discussion of fair value measurements.

Purchase and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS - Notes receivable from participants are measured at their unpaid principal balance but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

BASIS OF ACCOUNTING - The accompanying financial statements have been prepared on the accrual basis of accounting.

NON-DISTRIBUTED BENEFITS - The Plan does not accrue non-distributed benefits related to Participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the year in which such benefits are paid.

CONTRIBUTION FUNDING - The Organization makes contributions to the fund on a weekly basis. In 2012, employee contributions amounted to $69,924. No employer contributions were made in 2012 for prevailing wage jobs.

PLAN ADMINISTRATIVE EXPENSES - Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Fees related to the administration of notes receivable from particpants are charged directly to the participant's accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

ACCOUNTING ESTIMATES - The preparation of financial statements in conformity with accounting principles generally accepted in the Unities States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - TAX STATUS

The Plan has adopted a standardized prototype plan which has received a favorable determination letter from the Internal Revenue Service qualifying the Plan under Section 401(a) and 401(k) of the Internal Revenue Code and making it exempt from federal income taxes under the provisions of Section 501(a) of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan administrator believes the Plan is currently designed and is operated in compliance with the applicable requirements of the Internal Revenue Code; accordingly, no provision was made for federal income taxes in the accompanying financial statements. The Plan's returns are subject to examination generally for three years after they are filed.

NOTE 3 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Nationwide. Nationwideis the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the investment, as the fees are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to the third party administrator of $2,195 for the year ended December 31, 2012 which was not covered by revenue sharing. The Plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 4 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities including, mutual funds and common/collective trust funds. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks near term would materially affect Participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 5 - FAIR VALUE MEASUREMENTS

FAIR VALUE - Fair value measurement provides a framework for measuring fair value under Generally Accepted Accounting Principles (GAAP), which provides a fair value hierarchy that priortizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 - measurements) and lowest priority to unobservable inputs (Level 3 - measurements). The three levels of the fair value hierarchy are as follows: Level 1 - Inputs to valuations methodology are unadjusted quoted prices for identifical assets or liabilites in active markets that the Plan has the ability to access. Level2 - Inputs to valuation methodology include: quoted prices for similar or assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data bv correlation or other means.

If the assets or liability has a specified (contractual term), the level 2 input must be observable for substantially the full term of the asset or liability. Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used between December 31, 2012 and 2011.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mututal funds held by the Plan are deemed to be actively traded.

The methodology described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair measurement at the reporting dates.

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012.
