# HCCS 401K PLAN
# NOTES TO FINANCIAL STATEMENTS
# DECEMBER 31, 2012 AND 2011

## NOTE 1. PLAN DESCRIPTION

The following description of Cronin Enterprises, Inc. (the "Sponsor") HCCS 401K Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan covering substantially all employees of the Sponsor who have attained the age of 21. Newly hired employees may join the Plan and begin saving on the first day of the month following employment. The Plan operates in compliance with the regulations under the Internal Revenue Code of 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Cronin Enterprises, Inc. is the Plan Administrator. Strategic Pension Services serves as the third party administrator and provides participant accounting for the Plan. John Hancock Life Insurance Company is the custodian and trustee for the Plan.

### Contributions

Each year participants may contribute up to the maximum allowable under the law for pre-tax annual compensation. The maximum for 2012 was $17,000. For those participants aged 50 and over, a catch-up contribution of $5,500 is allowed for 2012. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans.

The employer, at its discretion, may make a matching contribution equal to a uniform percentage (to be determined each year by the employer) on behalf of each participant who is eligible to share in matching contributions for the plan year. During the year ended December 31, 2012, employer matching contributions totaled $0.

## NOTE 1. PLAN DESCRIPTION (CONTINUED)

### Participant Accounts

Each participant's account is adjusted for the participant's contributions, distributions to the participant, an allocation of plan earnings, and Sponsor contributions, if any, when applicable. Contribution allocations are based on participant compensation levels and statutory limitations. Allocations of Plan earnings are based on participant account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account. Participants direct their accounts among the investment funds allowed under the Plan.

### Vesting

Participants are immediately vested in their salary reduction contributions and rollovers, plus actual earnings thereon. Vesting of matching contributions, plus actual earnings thereon, is based on years of service. A participant is one hundred percent vested after five years of credited service. The following schedule describes the Plan's vesting provisions for all employees:

| Years of Service | Vested Percentage |
|---|---|
| 1 years | 20% |
| 2 years | 40% |
| 3 years | 60% |
| 4 years | 80% |
| 5 years or more | 100% |

Upon death, disability, or termination of the Plan, the participants become 100% vested in their accounts.

### Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years unless the loan qualifies as a home loan, as determined by the Plan administrator at the time of the loan. The loans are secured by the balance in the participant's accounts and interest is locked at the Prime Rate on the day the loan is originated plus 1%. Interest was 4.25% during 2012 and 2011. Principal and interest is paid ratably through monthly payroll deductions.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Payment of Benefits

Upon termination, retirement, death, or disability, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account, or receive minimum distributions, as required by the Internal Revenue Service.

Forfeited Accounts

At December 31, 2012, forfeited non-vested accounts totaled $0. Forfeitures attributable to matching contributions will first be used to reduce any matching contributions and secondly, to pay reasonable plan expenses. During 2012, no forfeitures were used to reduce administrative expenses.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Notes Receivable from Participants

Notes receivable from participants are presented at their unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

All investment funds of the Plan are participant-directed. Investments consist of shares of registered investment companies. These investments, in registered investment companies, are investments in mutual funds reported at fair value, based on quoted market prices as of the last day of the Plan's year. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements

The Plan follows Accounting Standards Codification ("ASC") Topic 820, which provides a framework for measuring fair value under generally accepted accounting principles. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. ASC 820 also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels.

The three-level hierarchy for fair value measurements is defined as follows:

- Level 1 – inputs to the valuation methodology are quoted market prices (unadjusted) for identical assets or liabilities in active markets;
- Level 2 – inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability other than quoted prices, either directly or indirectly, including inputs in markets that are not considered to be active;
- Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Investments in registered investment companies are presented under Level 1 as their values are based on quoted priced for identical assets in active markets.

The investments in registered investment companies presented in Note 6 were measured at fair value on a recurring basis. During the year ended December 31, 2012 and 2011, there were no other assets or liabilities measured at fair value on a recurring basis.

## NOTE 3. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

## NOTE 4. INVESTMENTS

The financial information on the supplemental schedule, except for note receivable from participant, has been certified as complete and accurate by John Hancock Life Insurance Company in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

The following investments represent five percent or more of the Plan's net assets at December 31, 2012 and 2011:
