INDEPENDENT AUDITORS' REPORT

To the Plan Administrative Committee and Participants of
YSI Incorporated Salary Reduction Profit Sharing Plan and Trust:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the YSI Incorporated Salary Reduction Profit Sharing Plan and Trust (the "Plan") as of December 31, 2012 and 2011 and for the year ended December 31, 2012, listed in the forgoing Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules listed in the Table of Contents as of and for the year ended December 31, 2012 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. SALARY REDUCTION PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2012 AND 2011, AND FOR THE YEAR ENDED DECEMBER 31, 2012

1. DESCRIPTION OF THE PLAN

The following description of the YSI Incorporated Salary Reduction Profit Sharing Plan and Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General — The Plan is a voluntary defined contribution plan. All employees are eligible to participate after completing one month of service and attaining age 18. Fidelity Management Trust Company serves as trustee for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective July 4, 2011, YSI Incorporated (the “Company” or “Plan Sponsor”) entered into a definitive agreement to be acquired by O.I. Corporation, a subsidiary of ITT Corporation. The acquisition was completed on September 1, 2011. On October 31, 2011, ITT Corporation completed the spin-off of Xylem Inc. and Exelis Inc. As part of the spin-off, O.I. Corporation became a subsidiary of Xylem Inc. YSI Incorporated continues as a subsidiary of O.I. Corporation, whose parent company is Xylem, Inc. The Plan Sponsor and Plan management intend to continue operation and administration of the Plan as currently designed.

Contributions — Each year, participants may contribute up to 75% of eligible compensation, subject to certain Internal Revenue Service (IRS) limitations. Participants may contribute, on an individual or combined basis, on a tax-deferred basis pursuant to Internal Revenue Code (IRC) section 401(k) or on an after-tax basis pursuant to IRC section 402A. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan provides for a quarterly matching contribution by the Company, equal to 100% of the first 3% of employee deferrals and an additional 50% of employee deferrals between 3% and 5%.

Additional amounts may be contributed at the discretion of Company management, generally up to an additional 25%. Such additional discretionary match was approved for 25% of employee deferrals up to 5% for the year ended December 31, 2012. Accordingly, the Company contributed \$172,688.

In addition, for the year ended December 31, 2012, the Company approved, and paid in 2013, an additional total profit sharing contribution of \$1,004,983 to all eligible participants of the Plan. Such contribution was allocated ratably to participant accounts based on each participant’s eligible compensation as a percentage of total compensation.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions, the Company’s contribution, and an allocation of Plan earnings and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments — Participants may designate investment of their account balance into any of the various mutual funds and stable value fund offered by the trustee. In addition, the Plan has established a brokerage account allowing participants to invest their Plan assets into individual securities. Participants may reallocate their investments at any time during the year.

Vesting — Participants are immediately vested in their contributions plus actual earnings on those contributions. Employees are 100% vested in employer contributions and related earnings after one year of service.

Payment of Benefits — Upon a participant's death, total and permanent disability, or retirement (at or after age 55), the participant's account becomes fully vested and may be paid to the participant or the designated beneficiary as a lump-sum distribution. For termination due to other reasons, the participant's vested account may be paid to the participant or designated beneficiary as a lump-sum distribution. Subject to certain restrictions, participants may withdraw all or part of their account without terminating employment.

Forfeitures — At December 31, 2012 and 2011, forfeited nonvested accounts totaled \$1,148 and \$12, respectively. These accounts will be used to reduce future employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The financial statements of the Plan have been prepared in accordance with the accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments, including mutual funds, common stock and a stable value fund. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value; however, contract value is the relevant measurement attribute for that portion of the net assets available for benefits that is attributable to fully benefit-responsive investment contracts. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and the stable value fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative Expenses — Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. All administrative expenses for the Plan are paid directly by the Company.

Payment of Benefits — Benefit payments are recorded when paid. There were no participants, who have elected to withdraw from the Plan, but have not yet been paid at December 31, 2012 and 2011.

Subsequent Events — For the year ended December 31, 2012, subsequent events were evaluated through October 8, 2013, the date the financial statements were available to be issued.

New Accounting Standards — The accounting standard initially adopted in 2012 is described below.

ASU No. 2011-04 — The financial statements reflected the prospective adoption of FASB ASU No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*, which amends ASC 820, as of the beginning of the year ended December 31, 2012. AS 2011-04 is effective for financial statements issued for fiscal years beginning after December 15, 2011 and expands certain disclosures about fair value measurement. The ASU requires the categorization by level for items that are only required to be disclosed at fair value and information about transfers between Level 1 and Level 2. It provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. The ASU requires additional disclosure for Level 3 measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The effect of the adoption of ASU 2011-04 had no impact on the Plan's statement of net assets available for benefits and statement of changes in net assets available for benefits.

3. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to the valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques — Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stock — Valued at the closing price reported on the active market on which the individual securities are traded.

Stable Value Fund — Valued at the net asset value of units of a common collective trust. The net asset value as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2012 and 2011.

Fair Value Measurements at December 31, 2012, Using				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds:				
Equity funds	\$ 12,926,045	\$ -	\$ -	\$ 12,926,045
Target date funds	5,376,398	-	-	5,376,398
Common stock	44,666	-	-	44,666
Common collective trust fund — Managed Income Fund	-	2,064,125	-	2,064,125
Total assets at fair value	<u>\$ 18,347,109</u>	<u>\$ 2,064,125</u>	<u>\$ -</u>	<u>\$ 20,411,234</u>

Fair Value Measurements at December 31, 2011, Using				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds:				
Equity funds	\$ 11,660,284	\$ -	\$ -	\$ 11,660,284
Target date funds	4,129,897	-	-	4,129,897
Common collective trust fund — Managed Income Fund	-	2,962,703	-	2,962,703
Total assets at fair value	<u>\$ 15,790,181</u>	<u>\$ 2,962,703</u>	<u>\$ -</u>	<u>\$ 18,752,884</u>

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, December 21, 2012 and 2011, there were no transfers between levels.

4. STABLE VALUE FUND

The Fidelity Management Trust Company Managed Income Portfolio is a stable value fund (the “Fund”) that is a commingled pool fund sponsored by Fidelity Trust Company. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund’s constant net asset value (NAV) of \$1 per unit. Distribution to the Fund’s unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable net asset value of \$1 per unit, although there is no guarantee that the Fund will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Limitations on the Ability of the Fund to Transact at Contract Value:

Restrictions on the Plan — Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The following employer-initiated events may limit the ability of the Fund to transact at contract value:

- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund
- Any transfer of assets from the Fund directly into a competing investment option
- The establishment of a defined contribution plan that competes with the Plan for employee contributions
- Complete or partial termination of the Plan or its merger with another plan

Circumstances That Impact the Fund — The Fund invests in assets, typically fixed income securities or bond funds, and enters into “wrapper” contracts issued by third parties. A wrap contract is an agreement by another party, such as a bank or insurance company to make payments to the Fund in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV

and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

The wrap contracts generally contain provisions that limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- Any substantive modification of the Fund or the administration of the Fund that is not consented to by the wrap issuer
- Any change in law, regulation, or administrative ruling applicable to a plan that could have a material adverse effect on the Fund's cash flow
- Employer-initiated transactions by participating plans as described above

In the event that wrap contracts fail to perform as intended, the Fund's NAV may decline if the market value of its assets declines. The Fund's ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer's ability to meet their financial obligations. The wrap issuer's ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments.

The Fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets. This could result from the Fund's inability to promptly find a replacement wrap contract following termination of a wrap contract. Wrap contracts are not transferable and have no trading market. There are a limited number of wrap issuers. The Fund may lose the benefit of wrap contracts on any portion of its assets in default in excess of a certain percentage of portfolio assets.

5. INVESTMENTS

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2012 and 2011, are as follows:

	2012	2011
** Fidelity Managed Income Portfolio *	\$2,005,055	\$2,889,631
** Fidelity U.S. Bond Index Fund	2,367,631	2,732,661
Janus Advisers Forty Fund S	1,113,458	1,228,868
Baron Growth Fund	1,286,663	1,189,226
* Investment stated at contract value		
** Party-in-interest		

During 2012, the Plan's mutual fund investments (including investments bought, sold, and held during the year) appreciated in value as follows:

Mutual funds:	
Equity funds	\$ 1,067,448
Target funds	<u>448,566</u>
Total appreciation	<u>\$ 1,516,014</u>

6. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate:

	2012	2011
Statements of net assets — investments at fair value:		
Mutual funds	\$ 18,302,433	\$ 15,709,181
	44,666	-
Common collective trust fund	2,064,125	2,962,703
Adjustments from fair value to contract value for fully benefit-responsive investment contracts	(59,070)	(73,072)
Statement of changes in net assets — investment income:		
Net appreciation in fair value of investments	\$ 1,516,014	
Interest and dividends	<u>631,030</u>	
Net investment income	<u>\$ 2,147,044</u>	

All investment balances and investment information in Notes 3 and 5, excluding the classification and level of investments in Note 3 and all information included in the Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2012, were certified by the trustee.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their account and participant accounts would be distributed in accordance with the provisions of the Plan and ERISA.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of common stocks and mutual funds and units of a common collective trust fund managed by Fidelity Investments Institutional Operations Company, Inc., which is an affiliate of Fidelity Management Trust Company, the trustee of the Plan. Transactions in such investments qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

9. NET ASSET VALUE (NAV) PER SHARE

In accordance with ASU No. 2009-12, the Plan should include disclosures to include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the net asset value per share as of December 31, 2012 and 2011. The estimated fair value of the stable value fund is net asset value. The use of net asset value as a fair value is deemed appropriate as the stable value fund does not have a finite life, unfunded commitments or significant restrictions on redemptions. The investment objective of the stable value fund is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To

achieve this objective, the stable value fund invests in assets (typically, fixed-income securities or bond funds and may include derivative investments such as futures contracts and swap agreements), enters into “wrap” contracts issued by third parties and invests in cash equivalents represented by shares in money market funds. The stable value fund seeks to minimize exposure of the stable value fund to wrap credit risk through, among other means, diversification of the wrap contracts across an approved group of issuers.

10. FEDERAL INCOME TAX STATUS

Effective September 22, 2009, the Plan Sponsor adopted a volume submitter plan document sponsored by Fidelity Management & Research Company. The IRS has approved the volume submitter plan document by an opinion letter dated March 31, 2008, but the Plan has not received its own IRS determination letter. However, the Plan’s management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

11. NONEXEMPT PARTY-IN-INTEREST TRANSACTION

The Company remitted a May 2012 participant contribution of \$34 to the trustee on January 29, 2013, which was later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company filed Form 5330 with the IRS and paid the required excise tax on the transaction. In addition, the participant account was credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

12. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2012 and 2011, is as follows:

	2012	2011
Net assets available for benefits per the financial statements	\$21,659,125	\$19,556,398
Adjustment from contract value to fair value for fully benefit-responsive stable value fund	<u>59,070</u>	<u>73,072</u>
Total net assets per the Form 5500	<u><u>\$21,718,195</u></u>	<u><u>\$19,629,470</u></u>

For the year ended December 31, 2012, the following is a reconciliation of net investment income per the financial statements to the Form 5500:

Total net investment income per the financial statements	\$ 2,147,044
Plus adjustment from contract value to fair value for fully benefit-responsive investment contracts for the year ended December 31, 2011	(73,072)
Plus adjustment from contract value to fair value for fully benefit-responsive investment contracts for the year ended December 31, 2012	<u>59,070</u>
Total net investment income per the Form 5500	<u>\$ 2,133,042</u>
