ELEMENT K 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2012 AND DECEMBER 31, 2011

NOTE A: DESCRIPTION OF PLAN

The following description of the Element K 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

1. General

The Plan is a participant – directed defined contribution plan available to all employees meeting eligibility requirements as defined below. The Plan was established by Element K Online LLC ("Element K Online") effective February 11, 2000. On February 1, 2004, the Plan updated its name from Element K Online LLC to Element K LLC (the "Company") and merged all entities into one Plan.

Effective as of January 24, 2005, the Company amended the maximum deferral percentage for highly compensated employees to 7% of the gross salary per payroll period. Within the same amendment the Company adopted an automatic enrollment process to the Plan effective April 1, 2005. Pursuant to this amendment, the default deferral percentage contribution is set at 2% per pay period unless a participant affirmatively elects a different percentage or elects not to contribute.

Effective as of March 28, 2005, the Company changed the benefits payments policy relating to an involuntary cash out that exceeds \$1,000 up to \$5,000. If the participant does not elect to receive payment of his/her benefit or to roll the benefits over to an eligible retirement plan, the benefit will be transferred in a direct rollover to an individual retirement account or annuity in the participant's name with a financial institution designated by the Plan Administrator. After this transfer, the participant will have the rights provided to account holders under the terms of the individual retirement account or annuity.

In May 2005, the Company sold the division of Element K Press LLC ("Journals"). The participants from Journals were terminated and, where applicable, balances were distributed to participants.

Effective as of October 1, 2006, the Company reinstated the 401(k) match to the Plan.

On August 2, 2006, Element K LLC was purchased along with all other Element K related entities by NIIT (USA), Inc. As a result of this purchase, a plan of reorganization was implemented and Element K LLC was merged into Element K Corp. on December 20, 2006.

ELEMENT K 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2012 AND DECEMBER 31, 2011

NOTE A: DESCRIPTION OF PLAN – (continued)

As a result of the merger on December 20, 2006, the Plan updated its name on January 1, 2007 from Element K LLC to Element K Corporation.

Effective as of January 1, 2008, the Plan allows catch up contributions for participants who have attained age 50 and non-highly compensated employees are allowed to contribute up to a maximum of 50% of their salary.

In 2011, the default deferral percentage was raised to 4% per pay period unless a participant affirmatively elected a different percentage or elected not to contribute.

On October 14, 2011, Element K Corporation was purchased by Skillsoft Corporation.

On December 31, 2012, the Element K 401(k) plan was merged into the Skillsoft Corporation 401(k) Profit Sharing Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Eligibility

Under the provisions of the Plan, all employees of the Company become eligible to participate in the Plan on the first day of the month following the date of hire and after attainment of age 18. To be eligible for the Company's discretionary contributions, participants must also complete 1,000 hours of service during the Plan year and be a participant on the last day of the Plan year, or retire, die, or become disabled during the Plan year.

3. Participant Accounts

Individual accounts are maintained for each participant. Each participant account is credited with participant contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Plan earnings are allocated daily to participant accounts based on investment balance.

ELEMENT K 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2012 AND DECEMBER 31, 2011

NOTE A: DESCRIPTION OF PLAN – (continued)

4. Contributions

Each participant is eligible to contribute up to a maximum of 50% of their salary, except that a highly compensated employee may only contribute 7% of his/her salary. The contribution amounts were also subject to the 2012 and 2011 limitations of \$17,000 and \$16,500 respectively in accordance with Internal Revenue Code regulations. All participant contributions are immediately 100% vested. Catch up contributions for participants who have attained age 50 are allowed. The Company makes a matching contribution of 25% of the first 4% of base compensation a participant contributes to the Plan. There is no Company match for catch up contributions.

The Company has the option to make a discretionary profit sharing contribution. During 2012 and 2011, there were no discretionary contributions made by the Company. In 2012 and 2011, the matching contributions made by the Company were \$149,469 and \$236,510 respectively.

5. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Any Company matching contribution, plus actual earnings thereon, is immediately vested, while vesting of Company discretionary contributions occurs over a period of five years at a rate of 25% for each year of service, commencing with the second year of service. Vested funds are paid to participants in cash on or after the attainment of age 59 ½ or upon retirement.

6. Investment Options

Participants may direct the investment of the elective contributions and may change their investment options daily.

7. Loans to Participants

In addition to withdrawals, the Plan permits participants to borrow from their individual accounts. A participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance with a minimum loan amount of \$1,000. Loans are repayable through bi-weekly/weekly payroll deductions according to the terms of the promissory note. The interest rate charged on the loan will be 1% plus the prime rate as of the date of the loan request. The amount of the loan will be

treated as an investment choice and the interest paid on the loan is credited to the participant's account. Loans must be repaid over a period not to exceed 5 years unless used to purchase the participant's primary residence, in which case the loan must be repaid over a period not to exceed 10 years. As of December 31, 2012 and 2011, the interest rates on the outstanding loans ranged between 4.25% and 9.25%.

8. Administrative Expenses

Plan participants pay transaction fees (loan processing, etc.) The Company pays for audit fees of the Plan. Employees of the Company provide services to the Plan. Neither these individuals nor the Company receive compensation from the Plan.

9. Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant will receive an amount equal to the value of the participant's vested interest in his or her account balance. Hardship withdrawals of elective contributions and rollover contributions are permitted if certain criteria are met. Also, eligible Plan participants may make in-service withdrawals.

10. Forfeited Accounts

Forfeitures from employer matching accounts can be applied to pay administrative expenses of the plan or applied as a credit against employer contributions.

NOTE B: SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements are prepared using the accrual basis of accounting.

2. Note Receivables from Participants

Loans to participants are reported at their unpaid balance plus any accrued but unpaid interest.

ELEMENT K 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2012 AND DECEMBER 31, 2011

NOTE B: SIGNIFICANT ACCOUNTING POLICIES – (continued)

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

4. Common Collective Trust

The Stable Fund invests primarily in guaranteed investment contracts ("GICs") or funding agreements, security-backed investment contracts ("SBICs"), separate accounts issued or wrapped by insurance companies, banks or other financial institutions, or externally managed stable value commingled investment funds (collectively, all such investments are referred to herein as "Investment Contracts"). The Fund may also invest in high-quality money market instruments or other similar short-term investments. The investment objective of the Fund is to provide a competitive yield with minimal market-related risk through investing in a variety of GICs, SBICs, and money market instruments.

Fair value represents quoted market prices for synthetic GICs, while the fair value of conventional GICs is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end.

The Stock Index Fund is a Trust which seeks to replicate as closely as practical the Standard & Poor's 500 Stock Index. The Trust seeks to achieve its objective by investing directly in substantially the same equities in substantially the same proportion as those equities which comprise the Standard & Poor's 500 Stock Index, or, to the extent of 25% of the assets of the Trust, through use of cash equivalents and derivative instruments, or by investing all or a portion of the assets of the Trust directly or indirectly in a commingled fund or a mutual fund with similar objectives and investment strategy, or a combination thereof.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND DECEMBER 31, 2011

NOTE B: SIGNIFICANT ACCOUNTING POLICIES – (continued)

4. Common Collective Trust – (continued)

The plan's investment interest in the net assets of the Putnam Stable Value Fund at December 31, 2012 and 2011 was 0% and .06%.

The plan's investments in the net assets of DWS stock index fund, which seeks to duplicate the Standard & Poor's 500 Stock Index Fund, as December 31, 2012 and 2011 were 0% and 1.7%.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

7. Federal Income Taxes

Under applicable provisions of the Internal Revenue Code, all income, including capital gains or losses, is exempt from Federal income taxation.

8. Payment of Benefits

Benefits are recorded when paid.

9. Subsequent Events

The plan has evaluated subsequent events through October 9, 2013, the date the financial statements were available to be issued. See Note G.

ELEMENT K 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2012 AND DECEMBER 31, 2011

NOTE C: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used to measure the common/collective fund. No investments have Level 3 inputs.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The fair value of common/collective funds is based on the closing net asset value per unit/share.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011.
