SAVINGS PLAN FOR EMPLOYEES OF
CLONDALKIN PHARMA & HEALTHCARE
(EVANSVILLE AND INDIANAPOLIS DIVISIONS)
NOTES TO FINANCIAL STATEMENTS

Note 1: DESCRIPTION OF PLAN

The following description of Savings Plan for Employees of Clondalkin Pharma & Healthcare (Evansville and Indianapolis Divisions) (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established on January 1, 1987. The plan covers the employees of Clondalkin Pharma and Healthcare (the Company) who meet participant eligibility requirements as described in the Plan document. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendments

The Plan has been amended and restated for compliance with various regulations of the Internal Revenue Code. It is intended that the amended Plan continue to qualify under Section 401(a) of the Internal Revenue Code.

Effective, June 12, 2011, the Plan name changed from Savings Plan for Employees of Keller Crescent Company, Inc. to Savings Plan for Employees of Clondalkin Pharma & Healthcare (Evansville, Indianapolis and Charlotte Divisions) to reflect the name change of the employer.

Effective, November 15, 2012, the Plan name changed from Savings Plan for Employees of Clondalkin Pharma & Healthcare (Evansville, Indianapolis and Charlotte Divisions) to Savings Plan for Employees of Clondalkin Pharma & Healthcare (Evansville and Indianapolis Divisions). The "Charlotte group" of employees and their related participant balances transferred to a related plan, Clondalkin Pharma and Healthcare, N.A. Participant accounts in the amount of \$3,189,113 were transferred.

Contributions

Each year participants may elect to defer a portion of their compensation up to the maximum allowable amount and may elect to make after tax contributions as well. Discretionary contributions equal to a percentage of each participant's deferred compensation may be made as determined each year by the Company. Additional amounts may be contributed at the option of the Company. Contributions are subject to certain limitations. With the consent of the Administrator, participants may also contribute amounts representing distributions from other qualified plans. The Company made no contribution for 2012 and 2011, respectively.

Participant Accounts

Participants are provided a selection of investments in which to invest contributions, and may, subject to established procedures, direct their investments in specific investments permitted by the Plan. Earnings are credited to each participant's account based upon the performance of the respective investments selected by the participant. Each investment account is revalued based, in part, on the net asset value reported by the financial institutions, and accounts are adjusted accordingly. Employer contributions to the Plan are allocated to participant accounts as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after 3 years of service.

Payment of Benefits

On termination of service due to death, disability, normal retirement or other termination, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual payments not to exceed 10 years. In addition, under certain circumstances, hardship withdrawals are permitted.

Participant Loans

The Plan does not permit loans.

Forfeited Accounts

Forfeitures are allocated among eligible participants as discretionary employer contributions. At December 31, 2012 and 2011, forfeitures amounted to \$10,829 and \$27,034, respectively.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America, except for distributions paid to participants which are prepared on the cash basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The plan has evaluated subsequent events through October 9, 2013, the date the financial statements were available to be issued.

Note 3: INVESTMENTS AND TRUSTEE CERTIFICATION

The Plan's investments were held by a financial institution, Fidelity Management Trust Company (the trustee) for the years ended December 31, 2012 and 2011 and are certified to as complete and accurate by the trustee. The following table presents investments, with those investments that represent five percent or more of the Plan's net assets separately identified at December 31:

Note 4: INVESTMENT CONTRACT

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of investment contracts as well as the adjustment of the fully benefit responsive investment to contract value.

The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. The Plan invests in fully benefit-responsive investment contracts through common collective trusts (Fidelity Managed Income Portfolio Fund). There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2012 and 2011 was \$3,538,764 and \$3,436,340, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

Note 5: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
 - If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Registered Investment Companies – Valued at quoted market prices, which represents the net asset value (NAV) of shares held by the plan at year end.

Common collective trusts – Valued based upon the value of the underlying funds in the portfolio which include guaranteed investment contracts, as provided by Fidelity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6: RELATED PARTY TRANSACTIONS

The Plan invests in shares of mutual funds managed by Fidelity Management Trust Company who acts as trustee for those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

Note 7: PLAN ADMINISTRATION COSTS

For 2012 and 2011 the Company elected to pay substantially all of the Plan's administrative costs and not seek reimbursement from the Plan. The plan did pay administrative expenses of \$436 and \$649 for 2012 and 2011, respectively.

Note 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all contributions will be discontinued and all Plan participants will become fully vested in their accounts.

Note 9: TAX STATUS

The Plan has adopted a prototype defined contribution plan and trust \ custodial account as provided by the Plan's third party administrator. The prototype plan obtained a determination letter dated March 31, 2008 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan administrator has reviewed and evaluated its tax positions taken in its previously filed annual reports and returns with the Internal Revenue Service and or Department of Labor, and those expected to be filed in the future, and has concluded that in the event of an examination by regulatory authorities, the Plan's positions would prevail based upon the technical merit of such positions. Therefore the Plan has concluded that no further benefits or liabilities are required to be recognized or disclosed in the financial statements.

The Plan is generally subject to routine audits by the Internal Revenue Service and or Department of Labor, for three years, including 2009, 2010 and 2011. There are currently no audits for any periods in progress.

Note 10: RISKS AND UNCERTANITIES

The Plan invests in various investment securities and common/collective trusts. Such investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balance and the amounts reported in the statement of net assets available for benefits.
