LSG RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2012 and 2011

NOTE A – DESCRIPTION OF THE PLAN

The following description of the LSG Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan was a 401(k) defined contribution plan covering substantially all employees of Lincoln Industrial Corporation, Alemite, LLC, and Reelcraft Industries, Inc. (all of which are wholly-owned subsidiaries of SKF USA Inc. (Company)) who met eligibility requirements. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Plan Merger

Effective January 1, 2013, the Company merged the assets of this Plan into the Pre-Tax Accumulation of Capital for Employees Plan ("PACE"). The assets, liabilities and records of the LSG Retirement Savings Plan became the assets, liabilities and records of the PACE as of the close of business on December 31, 2012. As a result, the LSG Retirement Savings Plan no longer exists as a separate entity, no participants have rights under the Plan, and no benefits or other amounts will be paid or distributed from the Plan.

Any person who was a member of the LSG Retirement Savings Plan immediately prior to the merger became a member of PACE and his or her individual account under the LSG Retirement Savings Plan was transferred to an individual account under PACE. Any person who was a member of the LSG Retirement Savings Plan immediately prior to the merger has a benefit immediately upon the merger which is equal to or greater than the benefit the participant would have been entitled to receive immediately prior to the merger.

Vanguard Fiduciary Trust Company is the trustee for the assets held for PACE, and, upon the transfer of assets to Vanguard, State Street Bank and Trust ceased to be the trustee for assets in the Plan.

3. Contributions

Each year, participants could contribute up to 50 percent of pretax annual compensation, as defined in the Plan. In addition, participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan at a deferral rate of 4 percent of eligible compensation unless they affirmatively elected not to participate in the Plan.

The Plan provided for employer matching contributions, which were made at the discretion of the Board of Directors. For 2012, the Company elected to make matching contributions of 50% of the first 6% of compensation deferred for nonbargaining employees. These matching contributions amounted to \$728,376 for the 2012 Plan year.

For participants covered under the IAM (International Association of Machinists) collective bargaining agreement, employees hired on and after May 5, 2007 received Company contributions in an amount equal to \$.20 per straight time hour worked. These Company contributions amounted to \$20,778 for the 2012 Plan year.

NOTE A – DESCRIPTION OF THE PLAN (CONTINUED)

3. Contributions (Continued)

For participants covered under the UAW (United Auto Workers) 691 collective bargaining agreement, employees hired on and after June 3, 2006 received Company contributions in an amount equal to \$.20 per straight time hour worked. These contributions amounted to \$35,373 for the 2012 Plan year.

In addition, the Plan provided for discretionary contributions to nonbargaining employees. Accordingly, the Company's Board of Directors elected to contribute a total of 4.7% of eligible employees' eligible compensation for 2012. These discretionary contributions amounted to \$1,577,145 for the 2012 Plan year.

Contributions were subject to certain IRS limitations.

4. Participant Accounts

Each participant's account was credited with the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings. The allocation of earnings was determined by the earnings of the participant's investment selection based on each participant's account balance, as defined in the Plan agreement. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

5. Vesting

Participants were immediately vested in their deferral contributions and employer matching contributions, plus actual earnings, thereon. Vesting of the employer discretionary contributions were based on years of service.

Effective January 1, 2011, the vesting schedule for employer discretionary contributions into the Plan was as follows:

<u>Years of Service</u>	<u>Vested and Non-Forfeitable</u>
Less than 3	0%
3	100%

Effective January 1, 2011, the vesting schedule for the employer discretionary wealth-builder contribution (which was frozen in 2009) into the Plan was as follows:

<u>Years of Service</u>	<u>Vested and Non-Forfeitable</u>
Less than 2	0%
2	20%
3	100%

NOTE A – DESCRIPTION OF THE PLAN (CONTINUED)

6. Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account and bore interest at rates that ranged from 4.25% to 8.25%, which were commensurate with local prevailing rates as determined by the plan administrator. Principal and interest were paid ratably through payroll deductions.

7. Payment of Benefits

Upon termination of service, a participant could elect to receive benefit payments in a lump sum, installments, or in the form of an annuity.

8. Forfeitures

At December 31, 2012 and 2011, forfeited non-vested accounts totaled \$38,825 and \$19,171, respectively. Forfeitures were used to pay administrative expenses and to offset employer contributions after the forfeitures were determined. In 2012, administrative expenses and employer contributions were reduced by \$1,759 and \$17,755, respectively, from forfeited nonvested accounts.

9. Participant Hardship Withdrawals

A participant could withdraw from the Plan that portion of his or her account resulting from his or her elective deferral contributions in the event of undue financial hardship, as defined in the Plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value at December 31, 2011. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for fully benefit-responsive investment contracts at December 31, 2011.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

December 31, 2012 and 2011

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note I for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceased to make loan repayments and the plan administrator deemed the participant loan to be in default, the participant loan is reduced and a benefit payment is recorded.

5. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

6. Payment of Benefits

Benefits are recorded when paid.

7. Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

8. Contributions Receivable

Participant contributions receivable of \$60,212 at December 31, 2012 were remitted to PACE in January 2013 (see Note A2). Employer contributions receivable of \$1,632,623 at December 31, 2012 were remitted by the Company to PACE by March 2013 (see Note A2).

Participant contributions receivable of \$3,191 at December 31, 2011 were remitted to the Plan in January 2012. Employer contributions receivable of \$1,590,799 at December 31, 2011 were remitted by the Company to the Plan by March 12, 2012.

9. Subsequent Events

The Plan has evaluated subsequent events through October 10, 2013, the date the financial statements were available to be issued.

	<u>\$ 2,696,979</u>

NOTE D – PLAN TERMINATION

The Company had the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would have become 100% vested in their accounts. See Note A2.

LSG RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2012 and 2011

NOTE E – TAX STATUS

The IRS had determined and informed the Plan administrator by a letter dated July 7, 2011, that the Plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan was amended since receiving the determination letter, the plan administrator believes that the Plan was designed and was operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan was qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. There are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE F – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Company has accepted the certification of State Street Bank and Trust Company as to the accuracy and completeness of the investment information included in the accompanying financial statements and instructed the Plan's independent accountants not to perform any auditing procedures with respect to such information. Accordingly, the following information was certified by State Street as of December 31, 2012 and 2011, and for the year ended December 31, 2012 and was not subject to any auditing procedures, except for comparing such information with the related information contained in the accompanying financial statements:

- Investments at fair value were \$0 as of close of business December 31, 2012, immediately subsequent to the liquidation of all of the Plan's investments (see Notes A2 and J). The Statement of Net Assets Available for Benefits includes the value of the liquidated investments immediately prior to the transfer of assets to PACE, which occurred January 2, 2013.
- Investments at fair value as of December 30, 2012, immediately prior to the liquidation and transfer of all of the Plan's investments.
- Investments at fair value as of December 31, 2011, which are included in the Statement of Net Assets Available for Benefits.
- Investment income and net appreciation in fair value of investments for the year ended December 31, 2012, which are included in the Statement of Changes in Net Assets Available for Benefits.

NOTE G – PARTY-IN-INTEREST TRANSACTIONS

State Street, the Plan's custodian as agent for Transamerica, is considered a party-in-interest as defined by ERISA. As of December 31, 2012 and 2011, the Plan's investments managed by State Street had a fair market value of \$33,401,061 and \$28,882,554, respectively.

LSG RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2012 and 2011

NOTE H – STABLE POOLED FUND

The Plan entered into a benefit-responsive investment contract with Wells Fargo. Wells Fargo maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Because the guaranteed investment contract was fully benefit-responsive, contract value is the relevant measurement attribute to the guaranteed investment contract. The guaranteed investment contract was presented on the face of the statement of net assets available for benefits as of December 31, 2011 at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Wells Fargo, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants directed the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issues or otherwise. The fair value of the investment contract at December 31, 2011 was \$3,677,065.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. This investment was liquidated at the close of business December 31, 2012, immediately prior to the merger with PACE (see Note A2).

<u>Average yields:</u>	<u>2011</u>
Based on actual earnings	1.56%
Based on interest rate credited to participants	2.33%

NOTE I – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

LSG RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2012 and 2011

NOTE I – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Stable Pooled Fund: See Note H.

At December 31, 2012, \$33,401,061 was held in non-interest bearing cash, a Level 1 asset.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

Assets at Fair Value as of December 31, 2011
