December 31, 2012

1. Description of the Plan

General

The Jakprints, Inc. 401(k) Plan (the “Plan”) is a defined contribution plan available to all employees of Jakprints, Inc. (the “Plan Sponsor”). Participation in the Plan is strictly voluntary and employees can elect to participate on the first day of the month after attainment of age 18 and completing three months of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan Sponsor is responsible for the administration of the Plan and has entrusted the maintenance of records and the day-to-day administration to TAG Resources, LLC (“TAG”) who processes transactions through Transamerica Life Insurance Company (“Transamerica”), agent for Reliance Trust Company (the “Trustee”).

Contributions

Participating employees may defer 401(k) contributions up to the Internal Revenue Service (“IRS”) limitation. In addition, participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participant rollovers to the Plan totaled \$2,172 in 2012.

The Plan Sponsor may make discretionary matching contributions and discretionary profit sharing contributions to the Plan. The Plan Sponsor did not make any contributions to the Plan during 2012.

Eligible participants are automatically enrolled in the Plan with a deferral election in the amount of 3% of compensation. Participant contributions to the Plan are made through periodic payroll deductions and are remitted to TAG, who remits to Transamerica, after each payroll. Plan Sponsor discretionary matching contributions and discretionary profit sharing contributions, if any, are remitted annually. Receivables from the Plan Sponsor for contributions are unsecured.

Participant Accounts

Participants may allocate their employee and Plan Sponsor contributions among various investment options as listed in the schedule of assets (held at end of the year). Participants have the opportunity to change the investment options previously elected at any time.

Each participant’s account is credited with the participant’s contributions, the Plan Sponsor’s discretionary matching contributions, discretionary profit sharing contributions and Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Jakprints, Inc. 401(k) Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Investments

The Plan's investments are invested in funds offered by Transamerica. The maximum loss, if any, that would be incurred by the Plan if the counterparties to the Plan's investments failed to perform is the recorded amount of such investments.

The Plan's investments in pooled separate accounts are stated at fair value based on the last reported sales price for the year. In accordance with the policy of stating investments at fair value, net appreciation or depreciation in the fair value of investments is reflected in the Statement of Changes in Net Assets Available for Benefits. This includes all investments bought or sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the Plan. Fully benefit-responsive investments contracts held by the Plan are as follows:

Stable Value Fund

The Plan invests in an investment contract held in the Stable Value Fund of Transamerica. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Stable Value Fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Stable Value Fund is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the Stable Value Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. This investment is presented at fair value in the accompanying statement of net assets available for benefits, which approximates contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the previous six month period. There is no stated minimum or maximum interest rate for the Stable Value Fund.

Jakprints, Inc. 401(k) Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Investments (continued)

Stable Value Fund (continued)

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include amendments to the plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Average yields were 2% in 2012. The average yield credited to Plan participants approximates the average yield based on actual earnings.

Payment of Benefits

If the participant's vested benefit in the Plan does not exceed \$1,000 at the time of termination of employment, then the participant's benefit must be distributed in a single lump-sum payment as soon as administratively feasible. If the participant's vested benefit in the Plan exceeds \$1,000 at the time of termination of employment, the participant may elect to either maintain their account in the Plan, receive a lump-sum distribution or rollover their account balance into another individual retirement account. Participants may also withdraw their vested account balances at any time on or after the age of 59½, or upon retirement, death, or disability.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings on these contributions. Vesting in the Plan Sponsor's discretionary matching contribution and discretionary profit sharing contribution portion of their accounts plus related earnings is based on years of vesting service in which the participants complete 1,000 hours of service, as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. The Plan has a forfeiture balance of \$2,283 as of December 31, 2012, available to reduce future Plan Sponsor contributions and Plan expenses.

Plan Termination

The Plan Sponsor expects to continue the Plan indefinitely but reserves the right, subject to the provisions of ERISA, to terminate the Plan in whole or in part at any time upon giving written notice to all parties concerned. In the event of Plan termination, participants will become 100% vested in their accounts.

Summary Plan Description

The foregoing description of the Plan provides only general information. Additional information related to the Plan is included in the Jakprints, Inc. 401(k) Plan Summary Plan Description. Copies of this publication are available from the Plan Sponsor.

2. Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis as are annual returns filed under applicable provisions of ERISA and the Internal Revenue Code ("IRC").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Plan and allocated to participant accounts. Remaining fees for legal, accounting and other administration are paid by the Plan Sponsor.

Jakprints, Inc. 401(k) Plan
Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Subsequent Events

In preparation of the accompanying financial statements, subsequent events that have occurred since the statement of net assets available for benefits date have been evaluated through October 12, 2013, the date the financial statements were available for issuance.

3. Income Tax Status

The IRS has ruled the prototype plan from which the Plan was prepared qualifies under provisions of the IRC and is, therefore, not subject to tax under present income tax law. Although the Plan has been amended since receiving the determination letter, the Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualification status and believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan will make its initial tax filing for the year ended December 31, 2012.

4. Certified Information (Unaudited)

Transamerica, agent for the Trustee, holds the Plan's investment assets and executes transactions therein. Financial information relating to those assets is included in the accompanying financial statements based on information provided by the Transamerica. That information, which has not been audited by independent auditors, is as follows for the year ended December 31, 2012:

	Net Appreciation in Fair Value During Year	Fair Value at End of Year
Investments of party-in-interest:		
Pooled Separate Accounts	\$77,449	\$627,083
Stable Value Fund	—	16,828
Total investments of party-in-interest	<u>\$77,449</u>	<u>\$643,911</u>

Jakprints, Inc. 401(k) Plan
Notes to Financial Statements (continued)

4. Certified Information (Unaudited) (continued)

Interest income from pooled separate accounts and stable value fund of party-in-interest totaled \$549 in 2012.

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows as of December 31, 2012:

Vanguard Target Retirement 2035 Fund	\$ 50,824
Vanguard Target Retirement 2045 Fund	455,239

Certain plan investments represent investment contracts with Transamerica and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Transamerica for investment management services amounted to \$6,582 in 2012.

5. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Quoted prices in active markets for identical assets.
Level 2	Significant other observable inputs.
Level 3	Significant unobservable inputs.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value:

Pooled Separate Accounts: Valued at the net asset value ("NAV"), which is based on the market value of the underlying investments held by the pooled separate account at year end. The underlying investments are all mutual funds which have quoted prices on the active market.

Stable Value Fund: Valued at fair value based on the amount that would be received if the contract was terminated at the reporting date, by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Jakprints, Inc. 401(k) Plan
Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the fair value of the Plan's investments as of December 31, 2012:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Small Company Equity	\$ 1,613	\$ 5,040	\$ —	\$ 6,653
Large/Mid Value Equity	9,638	—	—	9,638
Large/Mid Blend Equity	8,220	5,041	—	13,261
Large/Mid Growth Equity	9,169	—	—	9,169
Bond	4,840	—	—	4,840
High Yield Bond	3,670	—	—	3,670
Hybrid	532,875	14,721	—	547,596
Specialty	376	—	—	376
International Equity	18,546	5,052	—	23,598
Global Equity	8,282	—	—	8,282
Stable value fund	—	16,828	—	16,828
Total assets at fair value	<u>\$597,229</u>	<u>\$46,682</u>	<u>\$ —</u>	<u>\$643,911</u>

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Plan Transfer

Prior to December 31, 2011, the Plan Sponsor participated in a multiple employer plan, 401(k) Advantage, LLC 401(k) Plan. Effective January 1, 2012, \$536,436 of assets were transferred into the Plan from the multiple employer plan.
