NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 1 - DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a multiple employer defined contribution plan covering all employees of Peliton HR Administration, the Company, and the employers who have adopted the Plan. Eligibility varies by employer, but includes employees who are age eighteen to twenty-one or older, have completed between one and three months of service and are members of worksite employers who have adopted the current plan. The Plan was adopted on January 1, 2001. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Effective during the plan year ended December 31, 2012, two new employers became participating employers in the plan.

Contributions. Each year, eligible participants can contribute on either after-tax or on a tax-deferred basis a portion of their annual compensation, subject to statutory limitations. The maximum contribution allowed in 2012 was \$17,000 (\$22,500 for participants whose age was 50 or over by the end of 2012). Additional contributions may be allowed for participants meeting established requirements as defined by the Internal Revenue Service. If selected by the worksite employer, the following contributions may be made on behalf of the participant:

Safe Harbor Matching Contribution: An amount equal to the total amount of the salary reduction the participant elected to defer up to 3% of compensation plus one-half of the total salary reduction elected by the participant in excess of 3%, but not exceeding 5%.

Enhanced Matching Contribution: An amount, at any rate of the total amount of the salary reduction the participant elected to defer equal to at least the aggregate amount of the Safe Harbor Matching Contribution formula.

Non-elective Contribution: An amount equal to at least 3% of an employee's compensation, regardless of whether an elective deferral made by the participant occurs.

Employer Discretionary Non-elective Contribution: An amount determined by the worksite employer and allocated among eligible participants.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings.

PELITON HR ADMINISTRATION 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested for contribution amounts made on behalf of participants to Safe Harbor Matching accounts, Enhanced Matching accounts, Non-elective accounts and any Employer Special accounts, plus any actual earnings thereon. Participants must meet the requirements of the plan to be eligible for their share of any Employer Discretionary Non-elective contributions made on their behalf.

Investment Options. Upon enrollment in the Plan, a participant may direct employee contributions in 1% or \$1 increments in any of the various investment options.

Participants may change their investment amounts prior to any pay period.

Hardship Withdrawals. Participants may withdraw funds from their elective account only upon certain circumstances; however, participants may not defer salary for twelve months thereafter.

Participant Loans. Participants may borrow against their account balance subject to the requirements set forth in the Plan provisions. The loan may only be from employee deferred funds and rollover contributions into the Plan. The amount of the loan may not exceed \$50,000 or 50% of the participant's vested account balance. All loans are collateralized by the participant's remaining account balance and must bear a reasonable rate of interest. The Plan's provisions require a definite repayment period, not to exceed five years, unless for the purchase of a primary residence and repayments are not to be made less frequently than quarterly.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan is designed to encourage employees to stay with the employer until retirement. However, if the value of the employee's vested benefit is less than a certain dollar threshold, currently \$1,000, a distribution will automatically be made to the employee within a reasonable time. The Company, absent an election as described above, can make a rollover distribution into a new IRA account established in the name of the participant if the balance does not exceed \$5,000.

Plan and Administrative Fees. Plan expenses are generally paid by the Company, except to the extent those expenses are paid from participant forfeitures of employer matching contributions. Loan service fees, distribution fees, fees associated with processing of qualified domestic relations orders and certain trustee and recordkeeper expenses are paid for by the affected participant.

Plan Amendments. The sponsor of the Plan has the right to amend the Plan at any time. However, no amendment is allowed to authorize or permit any part of the Plan assets to be

used for purposes other than the exclusive benefit of participants or their beneficiaries or cause any reduction in a participant's account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. Investments are stated at fair market value as determined by quoted market price. John Hancock Life Insurance Company and ING Life Insurance and Annuity Company determine the fair market value of securities traded on security exchanges at the closing price on the valuation date, or, if no sales were made on that day the average between the bid and asked prices. Securities traded over the counter are valued at the average between the most recent bid and asked prices or on the basis of quotations from investment bankers. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 5 for discussion of fair value measurements.

As described by the Financial Accounting Standards Board ASC 946-210-45, which clarifies *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Audit Guide and Defined-Contribution Health and Welfare and Pension Plans*, investments held by an investment company are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the of the net assets of an investment company attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined-contribution plans. As required by the standard, the accompanying Statements of Net Assets Available for Benefits reflects the contract value of the investment contracts which approximates fair value for each investment contract deemed fully benefit-responsive. The Statement of Changes in Net Assets Available for Benefits and Supplemental Schedule, "Schedule H, Line 4i - Schedule of Assets (Held at End of Year)" was prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan

FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits. Benefits are recorded when paid.

Forfeitures. Forfeitures apply only to Employer Discretionary Non-elective Contributions. Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures will be allocated among eligible participants, however a portion of forfeited amounts will be used to reduce the worksite employer's contribution to the Plan. Forfeitures for the year ended December 31, 2012 and 2011 were \$8,461 and \$8,179, respectively.

Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Forfeiture activity during the years ended December 31, 2012 and 2011 is as follows:

	<u>2012</u>	<u>2011</u>
Unallocated forfeitures at beginning of year	\$8,179	\$7,846

*Investment does not represent 5% of the Plan's net assets in the indicated year.

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement *Accounting Standards Codifications* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;

PELITON HR ADMINISTRATION 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled Separate Accounts: Valued at the closing price reported on the active market on which the individual securities of the pool are traded. Securities in the active market are adjusted for internal fees and pooled into an adjusted market price.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (See Note 5).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

Assets at Fair Value as of December 31, 2012				
	Level 1	Level 2	Level 3	Total

NOTE 6 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a guaranteed investment contract (GIC) with John Hancock Life Insurance Company. The Guaranteed Interest Accounts is a fully benefit responsive investment contract that provides a guarantee of both principal and compound interest earned over a defined 3, 5, or 10 year term. Interest rates are established on the first day of each calendar month and apply to regular ongoing contributions. The average yield earned

PELITON HR ADMINISTRATION 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

by the plan for the benefit responsive fund is derived by averaging the annual gross interest rates for the fund over the year. The actual average yield earned by the plan is derived by averaging the plan's quarterly interest rates. The average and actual average yield for 2012 is .14%, .38% and .73% for the 3, 5, and 10 year terms, respectively. The average and actual average yield for 2011 was .29%, .90% and 1.56% for the 3, 5, and 10 year terms, respectively. Although it has not expressed any intent to do so, in the event of plan termination, merger, or other significant event the plan may limit the fund's ability to transact at contract value. The fair value and contract value were not materially different and therefore no adjustment to contract value was deemed necessary for the years ending December 31, 2012 and 2011.

NOTE 7 - RELATED PARTY TRANSACTIONS

Plan expenses are paid by both the participants of the plan and the plan sponsor. Certain expenses were paid by the plan sponsor. Management is not bound to pay such expenses in the future.

NOTE 8 - TAX STATUS

The Plan administrator has applied and received a favorable determination for the Plan dated March 16, 2010 with the Internal Revenue Service in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and Trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

The Plan's 2011 Federal Income tax return - Form 5500 is currently under audit by the IRS.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 11 - CONCENTRATIONS OF CREDIT RISK/RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balance and amounts reported in the accompanying statement of net assets available for benefits.

NOTE 12 - SUBSEQUENT EVENTS

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 10, 2013, the date the financial statements were available to be issued.
