NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Accubuilt, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) profit sharing plan covering employees of Accubuilt, Inc. (the Company). Non-union employees, except leased employees, of the Company who have completed three months of service and have attained twenty-one years of age are eligible to participate in the Plan. Union employees who have completed one year of service and attained twenty-one years of age are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute to the Plan up to 60% of their pre-tax annual compensation, as defined in the Plan, subject to the maximum permitted by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may make discretionary employer matching and non-elective contributions to eligible participants employed on the last day of the contribution period and who have worked at least 501 and 1,000 hours, respectively, during the Plan year, as defined. Discretionary employer contributions to eligible union employees are based on production targets as defined in the current collective bargaining agreement. There were no discretionary contributions made during 2012. Contributions are subject to certain IRS limitations.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, and plan earnings or losses as defined by the Plan agreement. Allocations of the Company's non-elective contributions are given only to participants employed at the end of the Plan year who have worked at least 1,000 hours of service during the Plan year, and are based on participants' compensation for the Plan year relating to the contribution. Plan earnings are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting

Participants are immediately vested in voluntary contributions, rollover contributions and matching contributions plus actual earnings or losses thereon. Vesting in Company non-elective contributions is based on years of continuous service with the participant being fully vested after three years of credited service. Participants in the Plan prior to January 1, 2007, are fully vested in the employer portion of their account after five years of credited service.

NOTES TO THE FINANCIAL STATEMENTS

Notes Receivable from Participants

The Plan allows participants to borrow money within certain limits from their individual accounts. Such loans bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money. Principal and interest are paid through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive distributions as a lump-sum distribution, equal to his or her vested account balance or in an annuity. If the participant's account balance is less than \$1,000, the plan administrator may direct the trustee to make a lump sum distribution. Participants terminated for reasons other than death, disability, or retirement are entitled to receive their benefits as soon as administratively feasible. Distributions of a participant's 401(k) account balance may be authorized at any time by the plan administrator under certain hardship conditions. Participants may also make an in-service withdrawal of all or a portion of the vested amount of Company matching and non-elective contributions that have been allocated to the participant after at least two years.

Forfeited Accounts

Forfeitures are temporarily held in a suspense account maintained by the Plan and used to reduce future Company matching contributions or to pay administrative expenses. At December 31, 2012 and 2011, forfeited non-vested accounts totaled \$60,096 and \$57,483, respectively. During 2012, participant non-vested accounts of \$4,623 was transferred to the forfeiture account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts as contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as reported by Fidelity Management Trust Company (Fidelity). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust administered by Fidelity as of December 31, 2012 and 2011, representing investments in mutual funds and a common collective trust.

Investments of participant's contributions and the Company's contributions into these funds are at the direction of each participant. The accounts are credited with actual earnings or losses on the underlying investments and charged for Plan withdrawals and administrative expenses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2012 and 2011. Delinquent participant loans are reclassified as deemed distributions based on the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Investment related expenses are included in net appreciation of fair value of investments.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Plan recognizes and discloses uncertain tax positions in accordance with GAAP. As of December 31, 2012 and 2011, and for the year ended December 31, 2012, the Plan did not have a liability for unrecognized tax benefits. The Plan is no longer subject to examination by federal and state taxing authorities prior to 2009.

Subsequent Events

Management has evaluated subsequent events through October 7, 2013, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Fidelity, the trustee.

Fidelity has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from said investment activity, and the schedule of assets held at end of year as of December 31, 2012 and 2011, and for the year ended December 31, 2012.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies utilized at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a trust company collective trust. The NAV as provided by the trustee, is used as a practical expedient to estimated fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2012:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds			
Large cap funds	\$ 1,650,375		
Moderate allocation funds	849,390

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2011:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds			
Large cap funds	\$ 1,767,162		
Moderate allocation funds	905,661		
Small cap funds	581,151		
Target retirement funds	504,894		
International funds	249,575		
Mid cap funds	275,626		
Bond funds	361,114		
Common/collective trust		\$ 750,651	
	<u>\$ 4,645,183</u>	<u>\$ 750,651</u>	<u>\$</u>

The Plan did not hold any level 3 assets during the year.

5. INVESTMENTS

At December 31, 2012 and 2011, the following investments represent 5% or more of the Plan's net assets available for benefits:

	<u>2012</u>	<u>2011</u>
Janus Balanced Fund – Class S	\$ 849,390	\$ 905,661
Fidelity Advisor Stable Value Portfolio – Class II	\$ 685,834	\$ 750,651
Calamos Growth & Income Fund – Class R	\$ 565,585	\$ 638,670
Blackrock Equity Dividend Fund – Class A	\$ 576,752	\$ 600,092
Hartford Capital Appreciation II Fund – Class R3	\$ 508,038	\$ 528,400
Fidelity Advisor Small Cap Fund – Class T	\$ 445,158	\$ 473,576
PIMCO Total Return Fund – Class R		\$ 297,666

6. INVESTMENT CONTRACT WITH A FINANCIAL INSTITUTION

As of December 31, 2012 and 2011, the Plan held a fully benefit-responsive investment contract, the Fidelity Advisor Stable Value Portfolio – Class II Fund, which is a common collective trust with Fidelity. The crediting interest rate at December 31, 2012 and 2011 was 1.11% and 1.26%, respectively. The net actual earnings rate at December 31, 2012, and 2010, was 1.69% and 1.74% respectively.

The existence of certain conditions can limit the Plan's ability to transact at contract value with the issuer of its investment contract. Any event outside the normal operation of the Plan, which causes a withdrawal from an investment contract, may result in a negative market value adjustment with respect to such withdrawal. Examples of such events, include, but are not limited to, partial or complete termination of the Plan or tax disqualification of the Plan. As of December 31, 2012, the Plan Sponsor believes that the occurrence of an event outside the normal operation of the Plan, which would cause a withdrawal from an investment contract, is not considered to be probable.

NOTES TO THE FINANCIAL STATEMENTS

7. TAX STATUS

The Plan is a volume submitter plan provided by Fidelity. Fidelity has received an opinion letter dated March 31, 2008, from the IRS stating that the volume submitter plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. Effective December 15, 2010, the Plan was amended to allow participants to make an in-service withdrawal of all or a portion of the vested amount of Company matching or non-elective contributions that have been allocated to the participant after at least two years. As a result of this amendment, the plan administrator may not be permitted to rely on the opinion letter for a volume submitter plan, however, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. OPERATIONAL ERRORS

The Company is in the process of self-correcting operational errors affecting the Plan. Management believes the operational errors do not have a material impact on the Plan's net assets available for benefits, and the Company does not expect the errors to affect the Plan's tax status.

12. PARTIAL TERMINATION

During the years ended December 31, 2012 and 2011, the plan sponsor terminated 20% or more of the plan participants due to downsizing. In aggregate, the termination represented a partial termination of the Plan. As a result of this partial termination, all affected employees' accounts were considered fully vested.
