Independent Auditor's Report

To the Participants and Administrator of
Retirement and Savings Plan for
Longview Hourly Employees

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Retirement and Savings Plan for Longview Hourly Employees (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) at December 31, 2012 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Retirement and Savings Plan for Longview Hourly Employees

Notes to Financial Statements

December 31, 2012 and 2011

1. Description of the Plan

The following description of the Retirement and Savings Plan for Longview Hourly Employees (the "Plan") is provided for general information. Participants should refer to the plan agreement for a more complete description of the plan provisions.

General

The Plan was established for Longview Container Plant (the "Plant") hourly employees on November 1, 1975. American National Can Company ("ANCC") became the plan administrator on January 11, 1991 as a result of the purchase of the Plant by ANCC. ANCC was subsequently acquired by, and is now a wholly owned, indirect subsidiary of Rexam Inc., the plan administrator. Rexam Inc. is a wholly owned subsidiary of Rexam PLC.

The Plan is operating pursuant to a collective bargaining agreement between Rexam Beverage Can Company, successor to ANCC, (the "Company") and the International Brotherhood of Teamsters Local Union 745. Under the terms of the Plan, each employee becomes a participant of the Plan on the 31st day following the date of his or her employment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants in the Plan may elect to make contributions up to 10% of their eligible compensation on an after-tax basis, not to exceed the maximum annual contribution limit allowed by the Internal Revenue Code (the "IRC"). Participants direct the investment of their contributions into various investment options offered by the Plan. For each week in which a participant has worked a minimum of two days including vacation days, the Company is required to contribute an amount established by the Collective Bargaining Agreement to the participant's account. For the period from November 1, 2012 to December 31, 2012, this amount was \$81. For the period from November 1, 2011 to October 31, 2012, this amount was \$78, and for the period from January 1, 2011 to October 31, 2011, the amount was \$75.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) plan investment results based on the investment returns for the options selected by each participant and (c) an allocation of administrative expenses. Allocations are based on participant's account balances relative to the total for all account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately 100% vested in the total value of their account.

Forfeitures

Forfeitures of uncashed checks are used to reduce employer contributions and/or to pay plan administrative expenses. These balances are included within the investment accounts. Forfeitures available at December 31, 2012 and 2011 were \$87 and \$0, respectively, whereas forfeitures to pay plan administrative expenses in the years ended December 31, 2012 and 2011 were \$0.

Participant Loans

Participants are not permitted to borrow from their accounts.

Notes to Financial Statements

December 31, 2012 and 2011

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount or installment payments equal to the vested balance of the participant's account. For termination of service due to other reasons, or if a participant's vested account balance is \$5,000 or less, a participant will receive the vested interest in the participant's account balance as a lump-sum distribution as soon as practicable.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Accordingly, income is recognized when earned, and expenses are recognized when incurred. Distributions to participants are recorded when paid.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value which is described in Note 4. The shares of registered investment companies (mutual funds) are valued by Vanguard Fiduciary Trust Company (the "Trustee") based upon quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The Vanguard Retirement Savings Trust ("VRST") is a common/collective trust which invests in high-quality fixed income securities with financial backing from insurance companies and banks. Units of a common/collective trust are valued at net asset value of the units held by the Plan at year-end.

Net (Depreciation) Appreciation in Fair Value of Investments and Investment Income

Presented in the Statement of Changes in Net Assets Available for Benefits is the net (depreciation) appreciation in the fair value or losses in fair value of the Plan's investments, which consists of the realized gains and losses and the unrealized (depreciation) appreciation in value of those investments.

Purchases and sales of securities are recorded on a trade-date basis as reported by the Trustee. Investment income is recorded on the accrual basis as reported by the Trustee. Dividends are recorded on the ex-dividend date.

Administrative Expenses

Administrative expenses incurred in the administration of the Plan are paid by the Company.

December 31, 2012 and 2011

Recent Accounting Pronouncements

In December 2011 and January 2013, the Financial Accounting Standards Board ("FASB") issued additional disclosure requirements and amended guidance for offsetting and related arrangements. These additional requirements will become effective for the year ending December 31, 2013 and are currently not expected to have an impact on the Plan's Financial Statements.

3. Investments

4. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities observable in active markets.
- Level 2 Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Retirement and Savings Plan for Longview Hourly Employees

Notes to Financial Statements

December 31, 2012 and 2011

Common/collective trust: The Plan's interest in a collective trust is valued based on information reported by the trust's investment advisor using audited financial statements of the collective trust at year end. The fair value and contract value are based on the fair value and contract value of the underlying investments of the trust. Underlying securities for which quotations are readily available are valued at their most recent bid prices in the principal market in which such securities are normally traded. Underlying securities for which quotations are not readily available are valued at original cost plus accrued interest or at amortized cost, which approximates current value. Investments in underlying funds are valued at their closing NAV.

Generally, under ordinary market conditions, all common collective trust positions provide daily market liquidity to plan participants and the Plan. The common/collective trust invests in funds with Bank of America, N.A., IXIS Corporation, JPMorgan Chase, and State Street Bank & Trust, and also traditional and synthetic investment contracts with Metropolitan Life Insurance Co., New York Life, Monumental Life Savings, Prudential and United of Omaha, in which participant transactions (issuances and redemptions) may occur daily. Were the common/collective trust to initiate a full redemption of the collective trust, the trust's investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011, respectively:

Investments at Fair Value as of December 31, 2012

Net appreciation (depreciation)	\$ 415,883	\$ (39,752)

5. Fair Value of Investments That Calculate Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAV's) per share as of December 31, 2012 and 2011, respectively.

December 31, 2012	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/Collective Trust (a)	\$ 6,099,962	\$ 0.00	Immediate	N/A.
Mutual Funds (b)	\$ 5,847,104	\$ 0.00	Immediate	N/A.

December 31, 2011	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/Collective Trust (a)	\$ 6,306,771	\$ 0.00	Immediate	N/A.
Mutual Funds (b)	\$ 5,131,306	\$ 0.00	Immediate	N/A.

- (a) This category holds investments in the Vanguard Retirement Savings Trust ("VRST") during 2012 and 2011. This fund is a common/collective trust that holds investments in traditional contracts issued by insurance companies and banks and synthetic investment contracts. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the VRST as well as the adjustment of the investment in the VRST from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract basis.
- (b) The mutual funds are valued at the net asset value of each fund determined as of the close of the New York Stock Exchange (generally 4 p.m., Eastern time) on the valuation date. Asset and liability fair values are based on quoted prices in active markets for identical assets and liabilities and are obtained from third party pricing vendors.

6. Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated December 28, 2010, that the Plan and related trust are designed in accordance with applicable sections of the IRC.

Retirement and Savings Plan for Longview Hourly Employees

Notes to Financial Statements

December 31, 2012 and 2011

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

7. Related Party Transactions

Certain plan investments are shares of mutual funds and units of a common/collective trust managed by The Vanguard Group. The Vanguard Group is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Total investment in The Vanguard Group funds and trusts is \$11,887,362 and \$11,386,515 at December 31, 2012 and 2011, respectively. The Trustee is paid administrative expenses in accordance with the Plan. Administrative expenses in 2012 and 2011 were \$0. These transactions qualify as party-in-interest transactions that are allowable under ERISA.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time subject to the terms of the Collective Bargaining Agreement and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, funds would be distributed to the participants based on individual account balances.

9. Risks and Uncertainties

The preparation of Financial Statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. The Plan provides for various investment options in a variety of investment securities which are exposed to various risks, such as interest rate, market, and credit. Market values of investments may decline for a number of reasons, including changes in prevailing market prices and interest rates and increases in defaults and credit rating downgrades. Due to the level of inherent risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities in the near term could materially affect the participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

December 31, 2012 and 2011

10. Reconciliation of Financial Statements to Form 5500

The Form 5500 (Annual Report of the Employee Benefit Plan) is reported on a modified cash basis. This report is on accrual basis. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2012	2011
Net assets available for plan benefits per the financial statements	\$ 11,655,621	\$ 11,157,512
Adjustment to reconcile from contract value to fair value	<u>307,673</u>	<u>293,538</u>
Net assets available for plan benefits per the Form 5500	<u>\$ 11,963,294</u>	<u>\$ 11,451,050</u>

The following is a reconciliation of net (decrease) increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31:

	2012	2011
Net (decrease) increase in net assets available for benefits per the financial statements	\$ 498,109	\$ (594,210)
Less: Reversal of prior year adjustment to reconcile from contract value to fair value	(293,538)	(247,582)
Less: Adjustment to reconcile from contract value to fair value	307,673	293,538
Plus: Out of period income adjustment per the Form 5500	<u>-</u>	<u>495,164</u>
Net increase (decrease) in net assets available of benefits per the Form 5500	<u>\$ 512,244</u>	<u>\$ (53,090)</u>

The Plan determined that its investments at fair value as of December 31, 2010 were understated and required adjustment. Accordingly, net assets available for plan benefits per the Form 5500 as of December 31, 2010 and the net (decrease) increase in net assets available for plan benefits per the Form 5500 for the year then ended were also determined to be misstated. The Plan's net assets available for plan benefits per the Form 5500 have been corrected as of December 31, 2011 as the Plan included an out of period income adjustment of \$495,164 in its 2011 Form 5500 to increase its net assets available for benefits at fair value.

11. Subsequent Events

The Plan has evaluated subsequent events through October 12, 2013, the date the financial statements were available to be issued and has not identified any events that require disclosure or adjustments to the financial statements.
