NB&T FINANCIAL GROUP, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012

NOTE 1 – PLAN DESCRIPTION

The following description of the NB&T Financial Group, Inc. Employee Stock Ownership Plan (the Plan or ESOP) provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General

The NB&T Financial Group, Inc. (the Company or Plan Sponsor) established the Plan effective as of January 1, 1985. As of January 1, 1989, the Plan was amended and operates, in relevant part, as an employee stock ownership plan, and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (the Code), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by an Employee Benefits Administration Committee comprised of six persons appointed by the NB&T Financial Group, Inc. Board of Directors. The Company's wholly owned subsidiary, The National Bank & Trust Company (the Bank), maintains the required employment records for all participants. The Bank's trust department is the Plan's trustee.

The Plan purchased Company common shares (shares or stock) and holds the stock in a trust established under the Plan. All stock has been allocated to eligible employees' accounts in accordance with applicable regulations under the Code. Shares fully vest upon the participant's completion of three years of service.

Company Contributions

The Company may make contributions in cash or in employer shares to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Due to the loan being paid off in 2010, contributions are no longer being made to the Plan by the Company.

Participation

Employees of the Company and its participating subsidiaries are generally eligible to participate in the Plan after one year of service providing they worked at least 1,000 hours during such Plan year. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a plan year are generally not eligible.

Vesting

Participants are 100% vested after three years of service. Participants terminating due to normal retirement, death or disability will be 100% vested.

Payment of Benefits

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to the participant's beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company and its participating subsidiaries. Distributions are made in the form of Company common shares plus cash for any fractional share. If a participant elects, they may authorize the Plan to sell their shares and receive a cash distribution.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits (Continued)

At December 31, 2012 and 2011, Plan assets include \$2,317,592 and \$1,972,376, respectively, allocated to accounts of terminated or retired participants who have not yet been paid.

Forfeitures

There were no forfeited non-vested accounts unapplied and held in plan assets at December 31, 2012 and 2011. There were no allocations from forfeited non-vested accounts during 2012. Participants' accounts were allocated \$13,830 from forfeited non-vested accounts during 2011.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any share for which a participant has not given instructions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America as more explicitly described in the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Put Option

Pursuant to the Plan provisions, Company stock that is held by the Plan participants which is not readily tradable on an established market at the time they are distributed will be subject to a put option which permits the participant or beneficiary to put these shares to the Company. Currently, the Company's shares trade on the established NASDAQ Stock Exchange and, therefore, the put option is not exercisable. Should the Company's shares cease to trade on an established market, the put option provision of the Plan would be reinstated.

Investment Valuation and Income Recognition

The common shares of the Company are valued at fair value on December 31, 2012 and 2011. Fair value is determined by the closing price of the stock on the NASDAQ Stock Exchange. See Note 5 for further information in regards to fair value measurements.

Dividend income is accrued on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion. In 2012, all Plan expenses were absorbed by the Company, whereas in 2011 \$9,250 of administrative expenses were paid by the Plan.

Subsequent Events

The Plan administrator has evaluated subsequent events through September 27, 2013, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The investment information included throughout the Plan's financial statements and supplemental schedules as of December 31, 2012 and 2011 and for the years then ended was prepared by or derived from information provided by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that information provided to the Plan administrator by the trustee related to these investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Notes 4 and 5 and supplemental schedules related to the Plan's investments.

National Bank and Trust Company also certified to the completeness and accuracy of (\$931,932) and (\$3,051,361) of net depreciation in fair value of investments and \$421,308 and \$446,718 of dividends for the years ended December 31, 2012 and 2011, respectively.

NOTE 4 – COMMON STOCK

The Plan's investments in NB&T Financial Group, Inc. common stock totaled \$5,988,930 (351,463 shares) at December 31, 2012 and \$7,031,713 (357,121 shares) at December 31, 2011.

The only investment of the Plan that represented 5% or more of the Plan's assets at December 31, 2012 and 2011 was NB&T Financial Group, Inc. common stock. All depreciation in the fair value of the Plan's investments was attributable to this common stock.

NOTE 5 – FAIR VALUE MEASUREMENTS

The Plan has determined the fair value of certain assets and liabilities through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

NB&T Financial Group, Inc. common stock: Valued at the closing price reported on the NASDAQ Stock Exchange.

Money market fund: Valued at the net asset value of the underlying assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets Measured at Fair Value on a Recurring Basis

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011.

		<i>Quoted Prices In Active Markets for Identical Assets Level 1</i>	<i>Significant Other Observable Inputs Level 2</i>	<i>Significant Unobservable Inputs Level 3</i>
<i>As of December 31, 2012:</i>	<i>Total</i>			
NB&T Financial Group, Inc. common stock	\$ 5,988,930	\$ 5,988,930		
Money market fund	110,822		\$ 110,822	
Total	<u>\$ 6,099,752</u>	<u>\$ 5,988,930</u>	<u>\$ 110,822</u>	<u>\$ -</u>
<i>As of December 31, 2011:</i>				
NB&T Financial Group, Inc. common stock	\$ 7,031,713	\$ 7,031,713		
Money market fund	230		\$ 230	
Total	<u>\$ 7,031,943</u>	<u>\$ 7,031,713</u>	<u>\$ 230</u>	<u>\$ -</u>

NOTE 6 – ADMINISTRATION OF PLAN ASSETS

The Trustee of the Plan holds the Plan's assets, which consist principally of NB&T Financial Group, Inc. common shares.

Company assets are held and managed by the Trustee, which invests cash received and dividend income, and makes distributions to participants.

NOTE 6 – ADMINISTRATION OF PLAN ASSETS (CONTINUE)

Officers or employees of the Company or its subsidiaries perform certain administrative functions. No such officer or employee receives compensation from the Plan.

NOTE 7 – RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of the Company's common stock. In 2012, the Plan purchased 9,966 shares of Company stock for \$185,368 and sold 1,426 shares of Company stock for \$24,607. In 2011, the Plan purchased no shares and sold 910 shares of Company common stock for \$15,916.

NOTE 8 – TAX STATUS

The Plan obtained its latest determination letter on July 19, 2002 in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan and related Trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2009.

NOTE 9 – PLAN TERMINATION

Although the Company expects that the Plan will continue indefinitely, it reserves the right to discontinue or terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or the participant's beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Employee Benefits Administration Committee shall direct the Trustee to pay all liabilities and expenses of the trust fund.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan primarily invests in Company common stock, which is exposed to various risks, such as market risk. Due to the level of risk associated with such investment securities and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risk in the near term could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE 11 – RECENT ACCOUNTING PRONOUNCEMENT

Fair Value

During 2012, the Plan adopted new accounting guidance related to fair value measurements and disclosures that result in common fair value measurements and disclosures between U.S. GAAP and International Financial Reporting Standards. This guidance limits the highest-and-best use measure to non-financial assets, permits certain financial assets and liabilities with offsetting positions in market or counter-party credit risks to be measured on a net basis, and provides guidance on the applicability of premiums and discounts. Additionally, the guidance expands the disclosure requirements for level three inputs by requiring quantitative disclosure of unobservable inputs and assumptions, as well as a description of the valuation processes. The adoption of this guidance did not have a material impact on the Plan's financial statements.
