Pacific Consolidated Industries 401(k) Retirement Plan
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2012

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Pacific Consolidated Industries ("Company") 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed, defined contribution plan covering all employees of the Company. All employees eighteen years or older are eligible to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

For 2012, participant's contributions can't exceed the lesser of 100% of their salary or $17,000 of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions in excess of the maximum contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. A 401 (k) contribution can either be a Pre-Tax 401(k) contribution or Post-Tax Roth 401(k) contribution. Participants select the investment of their contributions into various investment options offered by the Plan. The Plan currently offers forty fund options for participants.

For 2012, the Company elected to match participating employee contributions. The match was calculated at 50% of the first 4% of wages that are eligible for deferral for each pay period. The Company made matching contributions of $84,166 for the year ended December 31, 2012.

Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested in the same manner as the 401(K) contribution is invested. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution, if any. Profit sharing allocations, if any, are allocated in the ratio of a participant's compensation to the total compensation of all Participants eligible to receive an allocation for the Allocation Period. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN - Continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. The following schedule describes the participant's level of vesting after each year of service.

Number of Years of Completed Service	Percentage of Vested Interest
1	33%
2	66%
3	100%

Participant Loans

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested interest in the Plan. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through regular bi-weekly payroll deductions.

Payment of Benefits

Participants are eligible to receive a lump-sum distribution of benefits upon termination of employment, death, disability, retirement or Plan termination.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances and are used to reduce future employer contributions. During 2012, $6,038 of forfeited amounts was added to the unapplied forfeiture account. Unallocated forfeitures approximated $9,222 and $1,613 as of December 31, 2012 and 2011, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted by the United States of America requires management to make estimates and assumptions that affect certain reported amounts of net assets and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Investments in all of the funds are presented at fair value, based on the quoted market prices of the underlying securities within each fund at December 31, 2012 and 2011.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan documents.

NOTE 3 – INVESTMENTS

Contributions to participant-directed investment accounts are invested in mutual funds held in a separated account and a fully benefit-responsive investment contract held by Transamerica through April 2012. All investments were transferred from Transamerica to the Hartford Life Insurance Company. Participants are able to periodically direct the investment of funds credited to their accounts.

The following presents investments which are 5% or more of the Plan's net assets at December 31, 2012 and 2011:

NOTE 4 – INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

At December 31, 2012, the Plan's investments were held by Hartford Life Insurance Company ("Hartford"). Administrative functions are performed by National Retirement Services Inc. (the third-party administrator). At December 31, 2011, the Plan's investments were held by Transamerica Life Insurance Company ("Transamerica"). The Company absorbs certain administrative costs of the Plan. Participant accounts are charged with certain administrative costs, including audit and record keeping fees. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2012 and 2011, as reported by the Custodians is summarized as follows:

INVESTMENTS AT FAIR VALUE	2012	2011
General Account	$ 906,217	$ 323,745
Pooled Separate Accounts	2,560,083	2,714,279
INVESTMENT INCOME		
Net Appreciation in Fair Value of Investments	431,007	23,440
Interest and Dividend Income	17,388	10,696
Interest on Notes Receivable from Participants	3,834	5,309

NOTE 5 – FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, establishes framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the evaluation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual Funds: Values at the net asset value (NAV) of shares held by the plan at year-end.

Fixed Annuities – The reported values for fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

Participant Loans: Valued at amortized cost, which approximates fair value.

NOTE 5 – FAIR VALUE MEASUREMENTS – Continued

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value:

At December 31, 2012	Level 1	Level 2	Level 3	Total

NOTE 6 – STABLE VALUE FUND WITH THE HARTFORD AND TRANSAMERICA LIFE INSURANCE COMPANY

The Plan offered a fully benefit-responsive investment in 2012 with Hartford and discontinued the fully benefit-responsive investment with Transamerica in 2012. Hartford maintains contributions in a general account. The account is credited with quarterly interest at a rate that the Hartford declares for each calendar quarter. Hartford guarantees the declared interest rate applicable to any quarter to the end of the year in which the rate was applied. The fixed interest rate will never be less than the minimum interest rate specified in the contract. The contracted interest rate for the period January 1 to December 31, 2012 is 3%. Hartford may, from time to time, credit interest rates in excess of the minimum interest rate.

The Transamerica stable value fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The effective credited interest rate is set monthly and effective on the first day of the month. There is no stated minimum or maximum investment rate specified in the contract.

Because the stable value fund investments are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund investment. The Hartford and Transamerica positions are that the contract value approximates the fair value so there is no adjustment made on the face of the Statements of Net Assets Available for Benefits.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the Hartford investment at December 31, 2012 and 2011 was $0 and $906,217 and the fair value of the Transamerica investment at December 31, 2012 and 2011 was $0 and $323,745.

During 2012, the average yield realized from the stable value fund investment (calculated by comparing the investment return for the year to the ending investment fair value) for Transamerica and Hartford is calculated to 1.65% and 3% respectively. The minimum, average and closing rates for 2012 are as follows:

Minimum Rate	3.00%	1.65%
Average Rate	3.00%	1.75%
Closing Rate	3.00%	1.65%

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 7, 2011, that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – DELINQUENT PARTICIPANT CONTRIBUTIONS

The Department of Labor (DOL Reg. 2580.412-11) requires an employer to segregate participant contributions from its general assets as soon as practicable, but in no event later than the 15th business day following the end of the month in which amounts are contributed by participants or withheld from their wages. During the year ended December 31, 2012, the Company adequately segregated all participant contributions and there were approximately $109,000 of delinquent remittals of participant contributions to the Custodian.

NOTE 11 – SUBSEQUENT EVENTS

For the year-ended December 31, 2012, the Company has evaluated subsequent events for potential recognition and disclosure through October 10, 2013, the date of financial statement issue.
