OVATIONS FOOD SERVICES, LP 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the **Ovations Food Services, LP 401(K) Profit Sharing Plan & Trust** (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan for all eligible employees of Ovations Food Services, LP (the "Company"). The Plan allows all employees of the Company who have one year of credited service and have attained age 21 to participate. A year of eligibility is accomplished by attaining 1,000 hours of service within the first 12 months of employment. Employees may enter the Plan on the first day of the first month following satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary deferrals up to 25% of annual compensation up to the Internal Revenue Code Section 402(g) limit. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's elective deferrals. For the years ended December 31, 2012 and 2011, the Company matched 25% of the elective deferrals that a participant contributed to the Plan up to 8% of the employee's annual compensation. Employees have the option to not participate in the Plan.

Forfeitures - Forfeited balances of terminated participants' non-vested accounts are used to offset the employer match contributions. Forfeitures are applied only at the end of the Plan year. There were \$20 of unapplied forfeitures as of December 31, 2012 and 2011. The amount of forfeitures used to reduce employer matching contributions for the years ended December 31, 2012 and 2011 was \$6,373 and \$2,545, respectively.

Participant Accounts - State Street Bank & Trust Company ("Trust") is trustee of Plan investments. The Trust maintains the self-directed investment accounts for each participant containing the participant's contributions, Company contributions, net earnings or losses, forfeitures, and distributions and withdrawals. Company contributions and forfeitures are allocated based on participants' contributions or account balances as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs both separately, and distinctly, into which investment the participant contribution and employer match and discretionary contribution is to be invested.

Vesting - Participants are immediately vested in their voluntary contributions. The following schedule is used to determine vesting in the Company match and related earnings:

<u>Completed Years of Service</u>	<u>Vesting Percentages</u>
Fewer than 3	0%
3 or more	100%

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN - continued

Distributions - Upon termination of service by reason of retirement, death, permanent disability, or otherwise, participants or designated beneficiaries may elect to receive their vested balance either in a lump-sum amount or payments over a period of time in cash installments or in a form agreeable to the Plan Administrator. If the participant's account balance is \$1,000 or less, the Plan Administrator may elect to automatically distribute the balance to a participant in a single-sum payment. The Plan does not provide for in-service withdrawals. Participants may receive distributions of the employee deferral amount for qualified financial hardships. Hardship withdrawals are permitted for "immediate and heavy financial need" provided the participant lacks other available financial resources. Immediate and heavy financial needs include the purchase of a principal residence, payment of post secondary educational costs, medical expenses, prevention of eviction from or foreclosure on the principal residence of the participant and such other needs as may be designated by the Internal Revenue Code and related regulations. Participants may not contribute to the Plan for a six month period following distribution.

Notes receivable from participants - Participants may borrow from the Plan in any amount between \$500 and \$50,000, but not more than 50% of their vested account balance. Loans bear interest at two percentage points above the prime rate (as published in The Wall street Journal on the 14th of each month). Loan terms are for a period not exceeding five years. A longer term may be approved by the Plan if proceeds are to be used for the purchase of a primary residence. Loans are secured by the balance in the participants' accounts. Principal and interest are paid ratably through payroll deductions.

Investment Options - Upon enrollment in the Plan, a participant may direct contributions in any investment options in increments of one percent. Participants may change their investment options anytime via the telephone or Internet.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Financial Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of net assets, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees - The Company has agreed to pay significantly all administrative fees of the Plan. Expenses relating to specific participant transactions (participant loans and distributions) are charged directly to the participant's account.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

OVATIONS FOOD SERVICES, LP 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value, determined by quoted market prices in an active market, of the underlying funds, which represent the net asset value of shares held by the Plan. See Note D for discussion of fair value measurements. Unrealized appreciation and depreciation are calculated by comparing fair value to cost. Security transactions are recorded on a trade date basis. Gains and losses are computed using the specific identification method. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Notes Receivable from Participants - Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document. No reserve is considered necessary for participant loans at December 31, 2012 and 2011.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2013, the date the financial statements were available to be issued.

NOTE C - INVESTMENTS

The Plan's investments (including bought, sold, and held during the year) appreciated (depreciated) in value in 2012 and 2011 as follows:

	<u>\$ 229,465</u>		<u>\$ (95,623)</u>

NOTE D - FAIR VALUE MEASUREMENTS

Accounting standards provide a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this accounting standard are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

OVATIONS FOOD SERVICES, LP 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE D - FAIR VALUE MEASUREMENTS - continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012.

Money market fund: Valued based on the contractual terms of the underlying money market fund; provides a daily mil-rate for income accretion.

Common/collective trust: Valued based on the contractual terms of the underlying accounts; provides a daily mil-rate for income accretion.

Registered investment companies: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

The total fair value of the investments held by the Trustee at December 31, 2012 and 2011 was \$3,095,150 and \$2,311,001, respectively.

The Trustee of the Plan, State Street Bank & Trust Company, has supplied the Plan Administrator with a certification as to the completeness and accuracy of the following information:

- Investments
- Interest and dividend income
- Net appreciation (depreciation) in fair value of investments

NOTE F - TAX STATUS

The Company adopted an ADP Prototype Plan document, which received a favorable determination letter from the Internal Revenue Service dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as designed, is in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.
