NAV ELKO-RLIC, LLC 401(k) Plan

Notes to the Financial Statements

Note 1. Description of the Plan

The following description of the NAV ELKO-RLIC, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, adopted October 1, 2006, and amended in March 2007, October 2008, May 2009, May 2010 and July 2010, is a defined contribution 401(k) plan sponsored by NAV ELKO-RLIC, LLC (the Company). The Plan includes the employees of Nav Elko-GCI, LLC, Nav Elko-HDI, LLC, NAV ELKO-RLIC, LLC, Nav Thunderbird, LLC, Navegante Group, Inc. and Navegante Retail, Inc. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Plan covers all eligible employees of the Company, who are at least 18 years of age and have completed six months of eligibility service.

Contributions

Participants may elect to defer a portion of their pretax annual compensation from 1% to 50%, as specified in the Plan or up to a maximum of \$17,000 in 2012, under the Internal Revenue Code Section 401(k). In addition, eligible participants who were at least age 50 by the end of 2012 may make an additional "catch-up" contribution up to \$5,500 in 2012. For years after 2012, the maximum contribution is subject to change each year for cost of living changes. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions, as Rollover contributions.

The Company at the discretion of its Board of Directors may elect to make discretionary matching contributions based on a percentage of each participant's deferral contributions to be determined each year by the Company. The Company may also elect to make discretionary profit sharing contributions based on a pro rata allocation of each participant's compensation in relation to the compensation of all participants entitled to profit sharing contributions. These contributions, if any, are vested in accordance with the Plan's vesting schedule. Discretionary matching contributions and discretionary profit sharing contributions are subject to certain Internal Revenue Code (IRC) limitations. The Company elected not to make any discretionary matching contributions or discretionary profit sharing contributions for the years ended December 31, 2012 and 2011.

NAV ELKO-RLIC, LLC 401(k) Plan

Notes to the Financial Statements

Note 1. Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's salary deferral contribution, an allocation of the Company's discretionary matching contribution, if any, Plan earnings, charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their rollover and salary deferral contributions plus actual earnings thereon. Vesting in the employer discretionary matching contribution and profit sharing contribution portion of their accounts and actual earnings thereon is based upon continuous service as follows:

Years of Service	Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

The Plan requires 1,000 hours of service to constitute a year of vesting service. Regardless of the vesting schedule, a participant becomes 100% vested in the participant's combined account balance when the participant (1) dies, (2) becomes disabled, or (3) qualifies for early retirement. A participant is eligible for early retirement on the later of the participant reaching the age of 55 or completion of 6 years of vesting service.

If a participant terminates prior to being 100% vested, the participant forfeits the balance of his/her combined account that is non-vested at the year-end after he/she received a cash-out distribution or deemed cash-out distribution.

Payment of Benefits

On termination of service, or upon death, disability, or retirement, a participant with a vested interest of \$1,000 or less will receive a lump-sum amount equal to the value of his or her account. A participant with a vested benefit of more than \$1,000 may elect to take a lump sum payout or complete a rollover into another qualified retirement account. A terminated participant who is eligible for a rollover distribution and whose balance exceeds \$1,000 but does not exceed \$5,000 will be paid in a single lump sum payment as an Involuntary Cash Out.

NAV ELKO-RLIC, LLC 401(k) Plan

Notes to the Financial Statements

Note 1. Description of the Plan (Continued)

Forfeitures

Forfeitures of non-vested contributions are retained in the Plan and will first be used to pay administrative expenses. Any remaining amounts will be used to reduce employer contributions payable under the Plan. During the years ended December 31, 2012 and 2011, no forfeitures were applied to either employer contributions or administrative expenses.

Hardship Withdrawals

In the case of financial hardship, a participant may withdraw any part of their vested account resulting from elective deferral contributions and employer matching contributions. Participants are not prohibited from making contributions after receipt of a hardship distribution. Hardship withdrawals are subject to the 10% non-periodic income tax withholding rate unless the participant elects out of the withholding.

Administrative Expenses

Administrative expenses of the Plan are either paid by the Plan or the Company, as provided in the Plan documents. The Company has elected to absorb the administrative expenses of the Plan. Loan fees are charged to the borrowers' accounts. Administrative expenses paid by the Company were \$3,275 and \$3,878 for the years ended December 31, 2012 and 2011.

Participant Loans

Participants may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is lower. Only one loan may be made to an individual in any one-year period, and only one loan may be outstanding at a time. Loan terms range from one to five years. All loans are secured by the participant's vested account balance and bear interest at prime rate plus one percentage point. Principal and interest are collected ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

New Accounting Pronouncement

In May 2011, the Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs, which requires additional disclosures about fair value measurements categorized within Level 3 of the fair value hierarchy. The additional disclosures include quantitative information about the significant unobservable inputs used in Level 3 fair value measurements, the valuation processes used by the Plan, and the Plan's policy for determining when transfers into or out of Level 3 are deemed to have occurred. ASU 2011-04 is to be applied prospectively and will be effective for interim and annual periods beginning after December 15, 2011, or January 1, 2012 for the Plan. Plan management has evaluated the impact of adopting ASU 2011-04 and believes it has not had a material effect on the financial statements.

Note 2. Summary of Significant Accounting Policies (Continued)

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates and those differences could be material.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on the trade dates. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction to investment returns for such investments.

Participant Loans

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan documents. Loans outstanding at December 31, 2012, had interest rates of 4.25%-6.25% interest rate, with maturities through November 2016.

Payment of Benefits

Benefits are recorded when paid. There were no amounts allocated to the accounts of participants who had elected to withdraw from the Plan but had not yet been paid at December 31, 2012.

Note 3. Fair Value Measurements

As of the beginning of the fiscal year ended December 31, 2007 the Plan adopted SFAS No. 157, "Fair Value Measurements." SFAS 157 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under SFAS No. 157 are described below:

Basis of Fair Value Measurement

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds and money market fund: the fair value of these investments is based on quoted net asset values of the shares held by the Plan at year-end. These investments are classified within Level 1 of the fair value hierarchy.

All of the Plan's investments at December 31, 2012 and 2011 were categorized within Level 1 of the fair value hierarchy.

Note 4. Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Ascensus, the record keeper of the Plan as agent for Frontier Trust Company, the Trustee of the Plan as of December 31, 2012 and 2011, respectively, except for comparing such information certified by the agent on behalf of the trustee to the related information included in the Plan's financial statements and supplementary schedule. The plan administrator has obtained a certification from the agent on behalf of the trustee, as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the agent for the trustee is complete and accurate.

The Plan is a prototype 401(k), which has obtained a favorable tax determination letter from the Internal Revenue Service. The Plan sponsor believes that the Plan continues to operate as designed and to qualify for income tax exemption.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
