NE CONSTRUCTION, LLP 401(K) PLAN
Notes to Financial Statements
December 31, 2012 and 2011

NOTE A - GENERAL DESCRIPTION OF THE PLAN

Plan Summary

NE Construction, LLP 401(K) Plan (the "Plan") is a defined contribution plan for the benefit of the employees of NE Construction, LLP ("the Company"). All employees who have been employed during a three-consecutive-month period are eligible to participant in the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). American United Life Insurance Company serves as Plan custodian. The following is a brief general description of the Plan. For more detailed plan information, see the plan document.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 100% of eligible compensation. Employee rollover contributions are also permitted. Company matching and profit-sharing contributions are discretionary as determined by the Company. During 2012 and 2011, the Company matched 100% up to 4% of the employees compensation.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contributions, plan earnings and is charged with an allocation of the administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided form the participant's vested account.

Vesting

Participants are vested in their voluntary contributions and employer contributions plus earnings thereon.

NOTE A - GENERAL DESCRIPTION OF THE PLAN - Continued

Payment of Benefits

Upon termination of service due to death, disability, retirement, or hardship withdrawals, a participant may elect to receive a lump-sum amount equal to the value of his or her account or, if the vested account balance is over $5,000, a participant can elect to receive a partial distribution not less than $1,000 to be received in regular periodic payments until the account is exhausted or a joint and survivor annuity.

Hardship distributions to participants are permitted from the participant's elective deferral account.

Notes Receivable from Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will remain 100% vested in their accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICES

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICES - Continued

Valuation of Investments and Income Recognition

Pooled separate accounts are valued at estimated fair value as provided by American United Life Insurance Company (AUL). The fair values are principally derived from market values of the underlying mutual fund holdings.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Plan Tax Status

The Plan was adopted based upon a Prototype Standardized Profit Sharing Plan. The prototype plan has received an opinion letter dated March 31, 2008 from the Internal Revenue Service (IRS) stating that the form of the plan is acceptable under section 401 of the Internal Revenue Code (IRC). It is the plan administrator's belief that the Plan is designed and operating in compliance with the applicable requirements of the IRC, and that the Plan was qualified and the related trust was tax-exempt as of December 31, 2012. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

NOTE C - INVESTMENTS

The following table presents the Plan's investments. Investments that represent 5% or more of net assets available for benefits.

	2012	2011

*does not represent greater than 5% of plan assets

During the year ended December 31, 2012, the Plan's investments (including gains and losses on investments bought, sold, and held during the year) appreciated in value by $35,912.

NOTE D – INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

American United Life Insurance Company has provided certification that the financial information provided to the Plan administrator is complete and accurate to the best of their knowledge and belief. Such certifications cover the Statements of Net Assets Available for Plan Benefits and Statement of Changes in Net Assets Available for Plan Benefits as reported in the accompanying financial statements and in the financial information set forth in the supplemental schedules.

NOTE E – PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

NOTE E – PARTY-IN-INTEREST TRANSACTIONS - Continued

Certain plan investments are units of pooled separate accounts and a fixed income account managed by American United Life Insurance Company, which served as the custodian during the years ended December 31, 2012 and 2011, as defined by the Plan agreement, and therefore, these transactions qualify as party-in-interest. The Company provides certain administrative services at no cost to the Plan.

NOTE F – FAIR VALUE OF PLAN ASSETS AND LIABILITIES

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosure,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the plan measures fair value using the Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the share held by the plan at year-end. The fair values of common stock are based on quoted market prices.

Level 2 Fair Value Measurements

The fair value of mutual and pooled funds for which quoted market prices are not available are valued based on the net asset value ("NAV") of shared held by the plan at year end.

Level 3 Fair Value Measurement

Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

NOTE F – FAIR VALUE MEASUREMENTS – Continued

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

		Fair Value Measurements Using:

Fixed Fund	58,673	---	58,673	---
Total	$ 464,634	$ ---	$ 464,634	$ ---

NOTE F – FAIR VALUE MEASUREMENTS – Continued

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2012 and 2011, respectively.

	Fair Value as of December 31, 2012	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fixed option	113,718	N/A	Daily	None
Pooled separate accounts	562,932	N/A	Daily	None

	Fair Value as of December 31, 2011	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fixed option	58,674	N/A	Daily	None
Pooled separate accounts	405,961	N/A	Daily	None

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE G – BENEFIT-RESPONSIVE INVESTMENT CONTRACT

In 2012, the Plan entered into a fully benefit-responsive investment contract with American United Life Insurance Company (AUL). AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

NOTE G – BENEFIT-RESPONSIVE INVESTMENT CONTRACT - Continued

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value which equals contract value.

Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issues or otherwise. The fair value of the investment contract at December 31, 2012 and 2011, was $113,713 and $58,672, respectively. The crediting interest rate is based on an agreed-upon formula with the issuer, but it may not be less than 1.00%. Such interest rates are reviewed on a quarterly basis for resetting. Certain events limit the Plan's ability to transact at contract value with Standard. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with plan participants, is probable.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2012	2011
Average yields:		
Based on actual earnings	1.30%	1.31%
Based on interest rate credited to participants	1.30%	1.31%

NOTE H– RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I– SUBSEQUENT EVENTS

Subsequent events were evaluated through October 10, 2013, which is the date the financial statements were available to be issued.

Subsequent to December 31, 2012, plan management determined that contributions and loan repayments of approximately $171,207 were not remitted to the plan within the time period set forth by Department of Labor Regulation 29 CFR 2510.3-102. In October 2013, plan management determined and paid the lost earnings on the late contributions and loan repayments using the Best Performing Fund method of $6,954.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
