Global Market Insite, Inc. 401(k) Plan:**

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Global Market Insite, Inc. 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2012, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds Plan investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Part IV, line 4i – Schedule of Assets (held at end of year) at December 31, 2012 and Schedule H, Part IV, line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2012, are the responsibility of Plan Management, and are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2012 financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other Matter – 2011 Financial Statements

The financial statements of the Plan as of December 31, 2011, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Trust Company, the trustee of the Plan. Their report dated June 27, 2012, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The maximum 401(k) contribution as established by the Internal Revenue Service ("IRS") for the year ended December 31, 2012 was \$17,000. In addition, participants who have attained the age of 50 before the end of the Plan year, may make catch-up contributions in accordance with the Internal Revenue Code ("IRC"). The maximum amount of catch-up contributions for the year ended December 31, 2012 was \$5,500.

Vesting

Participants' contributions and Employer contributions are 100% vested including all earnings thereon.

Forfeitures

The forfeiture balance was \$351 at December 31, 2012. This amount will be used to reduce future employer contributions or pay administrative expenses under the Plan. No forfeitures were used to reduce employer contributions or Plan expenses during 2012.

1. PLAN DESCRIPTION (continued)

Benefit Payments

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. On termination of employment, death, disability or retirement at the age of 55, a participant or designated beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan also provides for in-service withdrawals as defined by the Plan.

Notes Receivable From Participants

Participants are permitted to borrow from their account. The maximum that may be borrowed from the participant's vested account balance is the lesser of \$50,000 or 50% of the vested account balance. These loans require approval of the Plan Administrator, are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. A maximum of two loans may be outstanding at any given time. Loan payments are made through payroll deductions in equal installments and must be paid back within five years except for loans for the purchase of a primary residence, which may be paid back over a period not to exceed ten years. At December 31, 2012, the interest rate on all outstanding loans was 5.25%. Maturity dates on these loans vary through April, 2017.

Investment Options

All of the Plan's investments are held by Fidelity, the trustee and recordkeeper of the Plan. Contributions to the Plan by or on behalf of a participant are invested at the election of the participant in various available investment funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompany financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)-

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards* (ASU 2011-04). ASU 2011-04 was issued to provide a consistent definition of fair value and common requirements for measurement of, and disclosure about, fair value between U.S. GAAP and International Financial Reporting Standards. It also expands the disclosures for fair value measurements that are estimated using significant unobservable (Level 3) inputs. This pronouncement was effective for periods beginning after December 15, 2011. The adoption of this pronouncement did not have a material impact on the Plan's financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"), requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fully Benefit-Responsive Investment Contracts

The investment in the Fidelity Managed Income Portfolio, ("FMIP"), includes short-term bonds, other fixed income securities, derivative instruments and third-party wrap contracts. The average return for FMIP was approximately 1.3% for 2011. The Plan did not hold this investment at December 31, 2012.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)-

Administrative Expenses

Generally, the administrative expenses of the Plan are paid by the Company to the extent not paid by the Plan. Administrative fees charged when making loans from the Plan are deducted from participants' account balances and certain asset-based fees are deducted from investment earnings prior to allocation of those earnings.

Subsequent Events

The Plan's management evaluated subsequent events through September 27, 2013, the date the financial statements were available to be issued. On January 1, 2013, the Plan was merged with the SIP, and participants began contributing to the SIP on this date. On April 15, 2013, all assets representing participant account balances were transferred to the SIP.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows: Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access; Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active or other inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs are unobservable and significant to the fair value measurement. These inputs are supported by little or no market activity and require significant management judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Level 1 Fair Value Measurements -

The fair value of the mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

3. FAIR VALUE MEASUREMENTS (continued)-

Level 2 Fair Value Measurements -

The fair value of the FMIP, a pooled stable value fund, invests primarily in short-term investments, other fixed income investments and derivative instruments. FMIP is valued based on the fair value of the underlying assets using other observable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 2012 and 2011.

4. INVESTMENTS

The Plan's investments that represented five percent or more of the Plan's net assets available for benefits as of December 31, 2012 and 2011 are as follows:

<u>Investment</u>	<u>2012</u>	<u>2011</u>
Fidelity Freedom 2050 Fund	\$ 653,937	\$ 353,701
Fidelity Freedom 2030 Fund	533,091	364,701
Fidelity Retirement Government MM Fund	311,675	309,923
Fidelity Leveraged Company Stock Fund	301,594	*
Wells Fargo Small Cap Value Fund	*	293,654

* This investment did not represent 5% or more of the Plan's net assets available for benefits at December 31, 2012 or 2011.

During 2012, the entire net appreciation in the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) of \$535,849 was attributable to investments in registered investment companies.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their account.

6. INCOME TAX STATUS

The Plan is a Prototype plan from Fidelity that is intended to qualify under Code Section 401(a). The Prototype plan has received an opinion letter from the IRS stating that Plan sponsors who adopt this plan may rely on the opinion letter with respect to the qualification of the Plan under IRC section 401(a). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

In accordance with 29 CFR 2520.103.5 of the Department of Labor Rules and Regulations for Reporting under ERISA, Fidelity, the Plan's trustee, has certified the following information, which has not been subject to audit by independent accountants, to be accurate and complete:

- a. Investment balances at fair value included in the Statements of Net Assets Available for Benefits at December 31, 2012 and 2011.
- b. Investment income (loss), including interest and dividends and net appreciation in the fair value of investments in registered investment companies included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012.
- c. Investment balances at current value included in the Schedule of Assets (Held at End of Year) as of December 31, 2012.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of mutual funds managed by Fidelity Investments. Fidelity is the trustee as defined by the Plan and an affiliate of Fidelity Investments. These transactions qualify as exempt party-in-interest transactions. There have been no known prohibited transactions with parties-in-interest.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
