Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Verisight Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year and schedule of delinquent participant contributions, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report of Form and Content in Compliance with Department of Labor Reporting Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WEST YOST & ASSOCIATES
PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 1: DESCRIPTION OF PLAN

The following description of the West Yost & Associates Profit Sharing 401(k) Plan (the "Plan") provides only summarized general information. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1990, to provide retirement benefits for employees of West Yost Associates, Inc. (the "Plan Sponsor"). Employees of the Plan Sponsor who are 21 years of age are eligible to enter the Plan on their date of hire. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the "Code") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. Verisight Trust Company serves as the trustee of the Plan as well as the custodian of Plan assets.

Plan Year

The Plan year begins January 1st and ends December 31st.

Contributions

The Plan allows for the following types of contributions:

- *Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to section 401(k) of the Code. Employees are automatically enrolled into the Plan upon eligibility. The automatic enrollment contribution percentage is 4%; however employees may voluntarily contribute up to 100% of their eligible compensation, subject to various nondiscrimination tests and limitations prescribed by the Code. Participants may choose to opt out of the automatic enrollment.

- *Employee Roth Elective Salary Deferral Contributions*
  Participants may make after-tax Roth elective salary deferral contributions.

- *Employer Discretionary Matching Contributions*
  The Plan Sponsor may make matching contributions equal to a discretionary amount, to be determined by the Plan Sponsor, of participants' elective deferrals. Participants must complete one year of service in which 1,000 hours of service are completed and be employed with the Plan Sponsor on the last day of the Plan year in order to receive a matching contribution. Discretionary employer matching contributions were $0 and $60,000 for the years ended December 31, 2012 and 2011, respectively.

- *Employer Nonelective Profit Sharing Contributions*
  The Plan Sponsor may elect to make a profit sharing contribution equal to a discretionary amount. Profit sharing contributions are allocated to the accounts of eligible participants on a pro-rata share based on compensation. Participants must complete one year of service in which 1,000 hours of service are completed and be employed with the Plan Sponsor on the last day of the Plan year in order to receive a profit sharing contribution. The Plan Sponsor elected not to make a profit sharing contribution in 2012 and 2011.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

- *Employee Rollover Contributions*
  Participants may make rollover contributions from another qualified plan.

Participant Accounts
Each participant's account is credited with the participant's contributions, employer contributions, rollover contributions, an allocation of Plan earnings and losses, and an allocation of certain Plan expenses, as defined by the Plan document. The yield (interest, dividends, and net realized and unrealized gains and losses) on investments is allocated to each participant's account based on each participant's pro rata share of the total investments in the particular fund. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account. The Plan provides various investment options and allows participants to self-direct their investments.

Retirement
Normal retirement under the Plan is age sixty (60).

Vesting
Participants are immediately fully vested in their salary deferral and employer matching contributions and related investment gains and losses. Participants become vested in their employer discretionary profit sharing contributions at the rate of 20% after one year of service and 20% per year of service thereafter. Participants are 100% vested after 5 years of service.

Forfeitures
Forfeitures may be added to employer discretionary contributions and are allocated to participant accounts in the same manner. Forfeited amounts totaling $4,491 and $6,698 were available for use for the years ended December 31, 2012 and 2011, respectively. Forfeitures of $0 and $6,698 were added to the employer discretionary matching contribution and allocated to participant accounts for the years ended December 31, 2012 and 2011, respectively.

Payment of Benefits
Upon death, disability, normal retirement, demonstration of financial hardship or attaining the age of 60, participants may receive a distribution of their vested interest in their account balance. Benefit payments may be made in single-lump sums or substantially equal installments and are paid in cash.

Participant Loans
Participant loans are not permitted by the Plan.

Administrative Expenses
Fees and expenses incurred in the administration of the Plan, to the extent not paid by the Plan Sponsor, are charged to and paid from the Plan's assets. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with United States generally accepted accounting principles (U.S. GAAP).

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Investment Valuation and Income Recognition

Investments in mutual funds and money market funds are stated at fair market value using quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contribution Receivable

Contributions receivable are recorded in the financial statements for amounts contributed but not received by the Plan's trust as of year-end.

Income Taxes

The Plan obtained a favorable determination letter from the Internal Revenue Service on February 2, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. Plan management believes it is no longer subject to income tax examinations for years prior to 2009.

Estimates and Assumptions

The preparation of these financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 5: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 6: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

NOTE 6: **FAIR VALUE MEASUREMENTS (Continued)**

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Underlying short term investments with quoted prices in active markets to preserve the value of the investment at $1.00 per share.

The following table sets forth by level within the fair value hierarchy, the Plan's financial assets that were accounted for at fair value on a recurring basis at December 31, 2012 and 2011:

	Assets at Fair Value December 31, 2012

NOTE 8: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of money market funds managed by the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are recorded in net appreciation (depreciation) in fair value of investments. Fees for certain expenses related to the administration of the Plan were paid by the Plan or the Plan Sponsor. These qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

NOTE 10: SUBSEQUENT EVENTS

Plan management has evaluated events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Management has evaluated subsequent events through October 4, 2013, the date the financial statements were available to be issued, and has determined that no subsequent events have occurred that should be recognized or disclosed.
