The Trustees
Family Tree Farms, Inc. 401(k) Plan
Reedley, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Family Tree Farms, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was

certified by First Mercantile Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that First Mercantile Trust Company holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the custodian as of and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held for Investment, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other Matter – 2011 Financial Statements

The financial statements of the Plan as of December 31, 2011, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by First Mercantile Trust Company, the custodian of the Plan. Their report, dated October 4, 2012, indicated that (a) because of the significant of the information they did not audit, they were unable to, and did not, express an opinion on the financial

statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of the Plan

The following description of the Family Tree Farms, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of Family Tree Farms, Inc. (the "Company") who are age twenty-one (21) or older, with one (1) year of service. The Plan Sponsor is the Company. Participating employers include Family Tree Farms Marketing, LLC; David Jackson Farms; Bill Jackson Farms; Dan Jackson Farms; RAD Farms; Rick Jackson Farms; and Andy Muxlow Farms. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Participants may contribute pretax compensation up to the maximum annual deferral limit as defined in the Plan and as set by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified retirement plans in the form of "roll-over contributions," and after-tax Roth 401(k) contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a safe harbor matching contribution that will match 100% of the aggregate employee salary reduction contribution up to the first 4% of compensation. The Company may also make a discretionary contribution as defined in the Plan. There were no discretionary contributions made for the year ended December 31, 2012.

Participant Accounts: Each participant's account is credited with the participant's contributions, and an allocation of (a) the Company's contributions, (b) Plan earnings/(losses), (c) forfeitures, and charged with an allocation of administration expenses. Allocations are based on the participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's safe harbor match is 100 percent and immediate. Vesting in the Company's discretionary contributions (other than safe harbor) is based on years of continuous service. A participant is 100 percent vested after six (6) years of credited service, in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Note 1. Description of the Plan (Continued)

Notes Receivable From Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lessor of $50,000 or 50% of their vested balance. All loans bear an interest rate of 4.75% which is commensurate with local prevailing rates as determined by the Plan Administrator. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits: Upon termination of service, participants with vested account balances of less than $5,000 will receive a single lump-sum payment. Participants with vested account balances in excess of $5,000 may elect to receive their vested account balance in a lump-sum payment, or in monthly, quarterly or annual installments.

Forfeitures: Forfeitures of non-vested accounts are used to pay for certain administrative costs of the Plan, or reduce employer contributions, and are allocated among the remaining participants' accounts, in accordance with the provisions of the Plan. At December 31, 2012 there were no forfeited non-vested accounts.

Administrative Expenses: Certain administrative functions are performed by partners or employees of the Firm. No such partner or employee receives compensation from the Plan. The Firm may pay the cost of the annual audit and various indirect administrative expenses. These are considered exempt party-in-interest transactions. Investment and advisory fees are paid directly by the Plan to the third party administrator and others who are also considered parties-in-interest.

Fees paid by the Plan, either directly or indirectly, were as follows for the year ended December 31, 2012:

	Amount
Distribution fees paid from distribution proceeds	$ 260
Loan processing fees paid from Plan assets	525
Sub-adviser fees paid by the Plan	1,482
Third party administration fees	1,277
Consultant fees	10,007
Investment management fees	10,007
	$ 23,558

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

Note 3. Information Prepared and Certified by Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by First Mercantile Trust Company, the Custodian, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule.

The following table presents the fair value of the participant-directed investments in the Plan that was certified by First Mercantile Trust Company. Single investments representing more than 5% of the Plan's net assets at December 31, 2012 are separately identified:

Note 3. Information Prepared and Certified by Custodian (Continued)

	Amount
Common Collective Trusts:	
FMT Large Cap Intrinsic Value Fund	$ 157,771
FMT Pimco Total Return Fund	119,271
FMT Harbor Capital Appreciation Fund	81,602
FMT Vanguard GNMA Fund	112,916
FMT SPDR S and P 500 EFT	100,303
FMT Dodge and Cox International	99,219
FMT LifeStyle Moderately	259,848
All other	567,817
	$ 1,498,747

First Mercantile Trust Company also certified to the completeness and accuracy of $121,582 of investment income (including gains and losses on investments bought and sold as well as any held during the year).

Note 4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and 3 inputs were only used when Level 1 inputs were not available. There were no Level 3 inputs available to the Plan.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Accounting standards allow for the use of a practical expedient for the estimations of the fair value of investments in investment companies or private investments for which the investment does not have a readily determinable fair value. The practical expedient used by the Plan to value these investments (which consist of common collective trusts) is the Net Asset Value ("NAV") per share, or its equivalent. In some instances, the NAV may not equal the fair value that would be calculated under fair value accounting standards.

Following is a description of the valuation methodologies used for assets measured at fair value:

Level 2 Fair Value Measurements

Common collective trusts are valued at the NAV of units of the private fund. The NAV, as determined by the fund manager, is based on the fair value of the underlying investments held by the fund less its liabilities. The use of NAV as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Common Collective Trusts	$ -	$ 1,498,747	$ -	$ 1,498,747
Total assets at fair value	$ -	$ 1,498,747	$ -	$ 1,498,747

Note 4. Fair Value Measurements (Continued)

The Plan's policy is to recognize transfers into and out of Levels 2 and 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2012, there were no significant transfers into or out of Level 2 or Level 3.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants become 100% vested in the Company's discretionary contributions in the event of termination.

Note 6. Tax Status and Position

The Internal Revenue Service has determined and informed the Company by a letter dated October 29, 2001 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has since been amended; however, the Plan Administrator and the Plan's third party administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

Note 7. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Related Party Transactions

As discussed in Note 1, certain administrative expenses are paid for by the Plan sponsor. Investment, consulting, and advisory fees are paid directly by the Plan to the third party administrator, the investment advisor, and the custodian. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 9. Subsequent Events

The date to which events occurring after December 31, 2012, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosure is October 14, 2013, which is the date on which the financial statements were available to be issued. There were no subsequent events required to be disclosed.
