Report on the Financial Statements

We were engaged to audit the accompanying financial statements of DAATA 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, the supplementary information as of or for the year ended December 31, 2012 as listed in the accompanying table of contents, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in **Note 5**, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplementary information. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011 and for the year ended December 31, 2012 that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements and supplementary information.

Other Matter

The supplemental schedule as listed in the accompanying table of contents as of or for the year ended December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DAATA 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2012 and 2011

Note 1. Description of Plan

The following description of the DAATA 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan, covering substantially all employees of Lasership, Inc.; Laser Courier, Inc.; Laser Courier of Maryland; Mahmoud, Inc.; Laser, Inc.; and DAATA Management, Inc. (the Companies) who have three months of service. DAATA Holdings, LLC was dissolved effective 1/1/2011 and therefore no longer participates in the plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may contribute between 2% and 75% of their pretax annual compensation and up to 100% of bonus compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct their contributions and the Companies’ contributions to selected investments as made available and determined by the plan administrator. The Companies may make matching contributions equal to a discretionary percentage of a participant’s deferral. For the years ended December 31, 2012 and 2011 the employer match was 25% of the first 5% of base compensation that a participant contributed. The Plan has a one-year service requirement for matching contributions. Contributions are subject to certain limitations.

Participant Accounts - Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - Participants are immediately vested in their contributions plus earnings or minus losses thereon. Vesting in the Companies contribution portion of their accounts is based on years of continuous service. A participant begins vesting at 20% per year after two years of credited service and is 100% vested after six years of credited service. Upon death or total and permanent disability, a participant becomes 100% vested.

Payment of Benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account, installments over a period determined by the participant’s life expectancy, or partial withdrawals provided the minimum is \$1,000. If the total value of a participant’s vested account balance is \$1,000 or less, the Plan Administrator may require a distribution of the entire account balance in a lump sum. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

DAATA 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2012 and 2011

Note 1. Description of Plan (continued)

Forfeited Accounts - Forfeited nonvested accounts totaled \$1,395 and \$3,122 at December 31, 2012 and 2011, respectively. These accounts can be used to pay administrative expenses or reduce employer contributions. Any remaining forfeitures are allocated to participants as an additional discretionary employee contribution. During the years ended December 31, 2012 and 2011, \$7,274 and \$12,184 of forfeitures were used to offset employer contributions, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared using the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Plan's administrative expenses are paid by either the Plan or Plan Sponsor as provided by the Plan document.

Subsequent Events - The Plan has evaluated subsequent events through October 10, 2013, the date the financial statements were available to be issued.

Note 3. Investments

The following presents investments that represent 5% or more of the Plan's net assets.

	December 31,	
	2012	2011
Lifestyle Balanced, 118,059 and 52,299 shares, respectively	\$ 2,046,023	\$ 1,784,416

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$460,315 as follows:

Mutual funds	\$ 458,924
Stable value fund	<u>1,391</u>
	<u>\$ 460,315</u>

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

DAATA 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2012 and 2011

Note 4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6. Investment Contract with Insurance Company

The Plan maintains a stable value investment contract with John Hancock Life Insurance Company (John Hancock). John Hancock maintains the contributions invested in the Guaranteed Interest Account in a general fund account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

As described in Note 2, because the stable value investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value investment contract. Contract value, as reported to the Plan by John Hancock, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such event, which would limit the plan's ability to transact at contract value with participants, is probable.

The average annual yield was 2.05% and 2.09%; and crediting interest rates on the stable value investment contract was not calculated by John Hancock for the years ended December 31, 2012 and 2011, respectively. The crediting interest rate is based on a formula agreed to with John Hancock but cannot be less than zero percent.

John Hancock Stable Value Fund:

	December 31,	
	<u>2012</u>	<u>2011</u>
Investment at fair value	\$ 68,608	\$ 54,067
Adjustment to contract value	<u>(9,008)</u>	<u>(10,399)</u>
Investment at contract value	<u>\$ 59,600</u>	<u>\$ 43,668</u>

Note 7. Party in Interest Transactions

Certain plan investments are managed by John Hancock Retirement Plan Services, the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid for the investment management services.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

Note 9. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Dixon, Hughes, Goodman, LLP. The prototype plan has received an opinion letter, dated March 31, 2008, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this plan. The Plan has been amended since the date of this determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 10. Contributions

Contributions received from the plan sponsor for 2012 are net of payments of \$8,495. This amount represents excess contributions made to accounts of highly compensated employees, which were refunded in 2013 in order to satisfy relevant nondiscrimination provisions of the Plan. The amount is also included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2012. Excess contributions payable at December 31, 2011 was \$0.

Net assets available for benefits per the Form 5500	<u>\$ 4,108,631</u>	<u>\$ 3,283,924</u>

The following is a reconciliation of the net increase on the financial statements and Schedule H, part II of the Form 5500:

Year Ended	<u>December 31, 2012</u>
Net increase per the financial statements	\$ 817,603
Excess employer contributions at December 31, 2012	8,495
Change in benefit responsive adjustment	<u>(1,391)</u>
Net increase per the Form 5500	<u>\$ 824,707</u>

Note 12. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
